NOW, THEREFORE, County and Consultant mutually agree as follows:

ARTICLE I

Scope of Work: Consultant is engaged in the business of doing the services and tasks required under this Agreement, including those services and tasks that are identified in Exhibit A, marked "Scope of Work," incorporated herein and made by reference a part hereof, or as identified in individual Work Orders to be issued in accordance with this Agreement, and those services and tasks that are reasonably necessary for the completion of the work identified in the Scope of Work.

Consultant agrees to furnish, at Consultant's own cost and expense, all personnel, subconsultants, tools, vehicles, equipment, materials, and services necessary to perform the services and tasks required under this Agreement, including those services and tasks that are identified in Exhibit A, and those services and tasks that are reasonably necessary for the completion of the work identified in the Scope of Work. Consultant shall complete those services and tasks in accordance with Exhibit C, marked "Cost Proposal," incorporated herein and made by reference a part hereof.

For each as-needed work assignment, the specific services for each assignment shall be determined at a meeting, by email, or telephone conference between County's Contract Administrator and Consultant. For each work assignment, Consultant shall provide a written quote to County's Contract Administrator. Upon receipt and approval of each quote, County's Contract Administrator will issue a separate written Work Order to Consultant for each as-needed work assignment identifying the work or other services to be performed, any required deliverables, including reports or other documents to be supplied in connection with the work assignment, a specific date by which the work shall be completed, and a not-to-exceed cost to complete the work. Consultant shall not commence work until receiving the written Work Order. No payment will be made for any work performed prior to the issuance of the written Work Order. No payment will be made for any work performed prior to approval and full execution of the Work Order or beyond the earlier of the expiration date of the Work Order or expiration of the underlying Agreement, and no payment will be made for amounts in excess of the not-to-exceed amount of the Work Order.

In addition to the specific services identified in Exhibit A, this Agreement may also include additional scope of work items or Contingency Work. Such Contingency Work may supplement, expand, or otherwise modify the Scope of Work or may include tasks that are deemed critical by County's Contract Administrator to the furtherance of the project. Before proceeding with any work concerning Contingency Services under this Agreement, the parties shall identify the specific services to be provided for each assignment. The specific services for each Contingency Services work assignment shall be determined at a meeting, by email, or telephone conference between Consultant and County's Contract Administrator, or designee, to discuss the needs, applicable standards, required deliverables, specific Consultant staff, and subconsultants, if applicable. Within an agreed timeframe as determined by County's Contract Administrator, following the meeting or telephone conference, Consultant shall provide County's Contract Administrator with a written scope of work, a schedule including a list of tasks with completion dates, a target completion date for the overall scope of work, and a not-to exceed cost itemization to complete the work (resulting in a Work Order), which shall require written approval, authorization, and written notification to proceed from County's Contract Administrator, prior to commencement of the work.

The period of performance for Work Orders shall be in accordance with dates specified in each Work Order. No payment will be made for any work performed before or after the period of performance in the Work Order unless County's Contract Administrator and Consultant amend the Work Order. No Work Order will be written which exceeds the cumulative total of the not-to-exceed dollar amount of this Agreement. No Work Order will be written which extends beyond the expiration date of this Agreement.

Consultant acknowledges that the work performed must meet the approval of County, and therefore County reserves the right to monitor the work to ensure its satisfactory completion.

Deliverables shall be submitted via electronic file and Consultant shall produce the file using Microsoft Office (MS) 365 applications (specifically, MS Word, MS PowerPoint, and MS Excel), auto computer-aided design [CAD], or Revit, as applicable. Signed reports shall be submitted in Adobe portable document format (PDF). All deliverables shall be submitted in the language, format and design that are compatible with and completely transferable to County's computer, and that are acceptable to County's Contract Administrator. Newer versions of software may be used and other types of software used for analytical purposes may be authorized if approved in advance of the submittal by County's Contract Administrator. Consultant shall submit all deliverables to County's Contract Administrator in accordance with completion time schedules identified in the individual Work Orders issued pursuant to this Agreement. Failure to submit the required deliverables in the format required may be grounds for termination of the Agreement, as provided in ARTICLE XVIII, Default, Termination, and Cancellation, herein.

Consultant shall perform the services and tasks required under this Agreement in a safe, professional, skillful, and workmanlike manner. Consultant is responsible for ensuring that its employees, as well as any subconsultant if applicable, perform the services and tasks required under this Agreement accordingly. All of the services included in the Scope of Work, or in the individual Work Orders issued pursuant to this Agreement, are the responsibility of Consultant unless specifically described as a task or item of work to be provided by County. Consultant shall be responsible for the supervision, administration, and work performed by any subconsultant for services rendered under this Agreement. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Consultant or its employees, agents, associates, representatives, or subconsultants.

ARTICLE II

Term: This Agreement shall become effective from the date specified in the official Notice to Proceed with the Work, which shall be attached to this Agreement as an addendum and shall become part of this Agreement, and shall expire two (2) years thereafter.

ARTICLE III

Compensation for Services: For services provided herein, including any deliverables that may be identified in the individual Work Orders issued pursuant to this Agreement, County agrees to pay Consultant upon the satisfactory completion and County's acceptance of work, in arrears. Payment shall be made within forty-five (45) days following County's receipt and approval of invoices identifying the services rendered.

For the purposes hereof, the hourly billing rates for any required Contingency Work, shall be in accordance with Exhibit B, marked "Rate Schedule," incorporated herein and made by reference a part hereof.

For the purposes of budgeting the tasks in Exhibit A, the billing amounts for each Phase are identified in Exhibit C. In the performance of the services to be provided under this Agreement,

Consultant may request to reallocate the expenses listed in Exhibit C among the various Scope of Work Phases and items of work identified (excluding Contingency Work), subject to County Contract Administrator's prior written approval. In no event shall the total not-to-exceed amount of the Agreement be exceeded.

Subconsultants' services authorized herein for Contingency Work shall be invoiced at Consultant's cost, with a maximum five percent (5%) markup, for the services rendered. Other direct costs included in Contingency Work, including but not limited to, materials, equipment, toll calls, printing and reproduction costs, postage, overnight or daily delivery charges, and copying costs, authorized herein shall be invoiced at Consultant's cost, without markup, for the services rendered. Rates and fees, included in such direct costs, will require prior authorization from County's Contract Administrator or successor. Any invoices that include subconsultant services or other direct costs shall be accompanied by backup documentation to substantiate Consultant's costs for the services being billed on those invoices.

The total amount of this Agreement shall not exceed \$227,022, inclusive of all Work Orders and amended Work Orders, all work of subconsultants, and all costs, taxes, and expenses. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Work Orders.

Invoices shall follow the format specified by County and shall reference this Agreement number and the County-supplied Work Order number both on their faces. Copies of documentation attached to invoices shall reflect Consultant's charges for the specific services billed on those invoices. Consultant shall bill County for only one (1) Work Order per invoice. Invoices shall be mailed to County at the following address:

Copies may be made for Consultant's records, but shall not be furnished to others without prior written authorization from County's Contract Administrator. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto. Said authorization and approval shall be sought and obtained by Consultant prior to subconsultants' commencement of any work under this Agreement. Specific subconsultants shall be authorized in individual Work Orders issued pursuant to this Agreement. Consultant shall require each subconsultant, to the extent of the work to be performed by the subconsultant, to be bound to Consultant by the terms of this Agreement and to assume toward Consultant all of the obligations and responsibilities that Consultant, by this Agreement, assumes toward County.

ARTICLE XI

Independent Contractor: The parties intend that an independent consultant relationship will be created by this contract. Consultant is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Consultant exclusively assumes responsibility for acts of its employees, agents, affiliates, and subconsultants, if any are authorized herein, as they relate to the services or work to be performed under this Agreement during the course and scope of their employment by Consultant. Design Considerations:

Site:

- **Demolition:** The existing building and parking formerly used as the County Jail/Sheriff's Facility have been demolished and were removed in 2022. The extent of site disturbance in the demolition plan was less than one (1) acre (42,610 square feet). The objective for the new site development for the project is to involve less than one (1) acre of site disturbance, making Stormwater Pollution Prevention Plan (SWPPP) and other approval processes unnecessary.
- **Site master plan:** Based on new site design, a site master plan along with basis of design (BOD) shall be developed to show new and future buildings on site, main site vehicular / pedestrian entrance and circulation, paving, parking, landscaping, site lighting, utility connections and other site features, and to accommodate for future adaptive reuse.
- **Parking:** The County prefers parking to be provided only for staff, and none for visitors. This may need further discussion as the facility may need to accommodate visitors requiring visitor parking.
- **Sustainable site:** The site design shall be practical and sensitive to the surrounding areas based on sustainable concepts and requirements. See sustainability consideration section below.

Zoning:

- The use proposed by the project may not be compatible with current zoning for the site classification. However, the site is owned by the County which has the flexibility to make zoning changes if needed to accommodate for the use of the Navigation Center as proposed by the project.

Building:

- **Architectural:** In line with the County's expectations, the building shall be a simple, one (1) story metal or wood framed type-five (V) building with an open floor plan to accommodate for adaptive reuse for office functions in the future. FF&E shall be coordinated with the County and shown on plan for reference only and designated as N.I.C.
- **Structural:** Scope shall be minimal based on the architectural building design. Consultant shall provide BOD and general structural design criteria and performance requirements appropriate for the design, use and budget.
- **Mechanical/Plumbing:** Consultant shall provide BOD and define the appropriate type of plant, equipment, distribution, controls and building management systems (BMS), and provide general engineering design criteria and performance requirements appropriate for the building based on the architectural design and budget.
- **Electrical:** Consultant shall provide BOD and define the appropriate type of power, equipment, controls and BMS and provide general engineering design criteria and performance requirements appropriate for the building based on the architectural design and budget. Consultant shall provide specific power design criteria to be able to work with Pacific Gas & Electric (PG&E), and to be able to have the main switchboard located outside the building and have a double meter section for the future building. The Main Switch Board (MSB) will be sized to support the future building and have conduits stubbed out of MSB pad for future use.
- **Fire Protection (Fire Alarm/Fire Suppression Systems):** Consultant shall provide BOD and will define the fire alarm and suppression systems appropriate for the project and provide engineering criteria and performance requirements based on the design and budget.
- **Security:** Consultant shall provide BOD and provide design parameters and performance requirements for physical security and electronic security system most appropriate for a low-level security facility.
- **Other Low Voltage Equipment/Fixture Design:** Consultant shall provide BOD, design parameters, and performance requirements for low voltage equipment/fixtures as needed that is most appropriate for the design and budget.
- **Food Services:** Food will be delivered to the facility for the clients. Consultant does not anticipate providing any food service consulting but can provide as additional services if requested by the County. The project will require food warming oven and commercial stainless kitchen sink with garbage disposal unit.
- **Code Compliance:** Building and site design shall be based on the latest 2022 California Title 24 requirements and 2010 ADA standards for accessible design for Title II facilities.

Sustainability considerations per CALGreen requirements for new construction. Provide minimum scope only as required by code. (The following are examples, as not all may apply to the project):

- Stormwater pollution prevention or best management practices (BMP) retention ponds
- Photovoltaic solar panels
- Electric vehicle charging stations
- Bicycle racks
- Recycling stations
- Energy /water efficient equipment and fixtures
- Indoor environmental quality
- Commissioning

Jurisdictional Coordination/ Approvals (County /District)

The project during design/build execution may require interface with the following agencies/requirements for coordination and/or approval:

- CEQA - Exemption drafted (currently under review for approval by County's Counsel)
- Planning/Engineering Department - Zoning, Floor Area Ratio (FAR), site development, utility and connection, landscape/hardscape, storm drainage, erosion, site lighting, and exterior building design
- El Dorado Irrigation District - District's water, sewer, utility easement, and recycled water design and construction
- Fire Department (Camino Fire) - Fire & life safety
- Health Department- Food/water consumption (TBD)
