Why do you seek appointment? El Dorado County district 5, and the South Lake area in particular, is a tourist dominated economy. Too often our business regulatory environment has been structured to favor large resort operations at the expense of small locally-owned businesses and the service workers that make up the bulk of our local residents. Small, locally owned businesses, such as coffee shops and bakeries struggle to obtain permits to serve wine in the evenings, family operated micro breweries struggle to add small kitchens to serve food. Regulations that serve little purpose other than as a barrier to market entry, are not in the public interest, not in the interests of small business, and not in the interest of the local workforce. As a South Lake Tahoe local for 6 years, the people I know are the small business owners of our coffee shops and especially the service workers they employ. These voices are routinely underrepresented in local governance, and I seek opportunities to help create an environment where they can thrive.
