Hi Shiva and Elaine,

I have 'yet another' compliment on one of the County Employees!

Linda (sorry, I don't have her last name) that works the front counter in the Assessor's office is always a pleasure to work with. She is extremely helpful, friendly and professional. I've had her help me not only on personal business at the counter (and over the phone), but most recently today when I was in researching property owner mailing addresses for the Fire Safe Council. Not only did she 'get me started' on the public computer, but also checked back with me a couple times making sure that I was doing ok and finding the information I was looking for. Please pass along my compliments to Karl Weiland. You're welcome to send this to Karl (and for that matter, Linda). She's a keeper ☺.

Also, Elaine, the DOT employee that I told you about last night is David Marino, Road Maintenance Acting Foreman for South County – again, a great guy – very responsive, friendly and professional. Excellent customer service skills. He works under Brian Mullens and ultimately Don Spear.

Have a great evening,

Mark

Supervisor Frentzen,

We served a record 30 people at the Cameron Park Senior Lunch today. Some may have been turned away as we only had 30 servings. The food from the Placerville kitchen has been very good.

Nice to have something positive to say about El Dorado County for a change.

Sincerely,

John Hovey
