Dear Board Members.....

I understand these are tight budget times, and the demands on the County's resources keep growing. But the poor animals that are lucky enough to be placed with Animal Services have no one else to look out for them.

Animal Services fees pay for the majority of their services, and they have an army of willing volunteers who assist in the day to day care of these unfortunate animals who have ended up here through no fault of their own.

Please continue the County's support of the work performed by Animal Services.

The animals are depending on you!!

Thank you for your time.
