EL DORADO COUNTY BOARD OF SUPERVISORS

Certificate of Appreciation

Awarded to

Chuck Mansfield

In recognition of Chuck's unrelenting determination to create a solution during the Caldor Fire allowing the Ag Community the resources to reach their vineyards and farms in safety to water and harvest their crops. The Caldor Fire devastated multiple communities, created indescribable hardship throughout our County and brought state and local partners together to work ceaselessly to protect lives and property. Chuck's leadership and coordination with multiple agencies and other vineyards, authorized vineyard owners and workers to legally and safely access their property to ensure crops didn't rot unpicked and die from lack of water, which made a tremendous difference in the Ag Community.

Given with deep appreciation on this 12th day of October, 2022

Supervisor Wendy Thomas, District III
