I would like to request that Item 16 (Legistar #11-0510) on the Consent Calendar for May 17, 2011 be continued. I have identified some potential language changes needed in the contract associated with that item. I have coordinated with Lou Green and he concurs with this approach. We will reschedule the item when the contract issue has been resolved.

Thank you for your assistance with this matter and I'm sorry for any inconvenience resulting from this request.
