[Report Suspicious](#)

Dear Board of Supervisors,

I would question why staff has not presented the Board with an alternative to PRISM health. This company has been suspect as to the County's agreement with them, given that it was presented by Assistant CAO Kim Kerr shortly before her departure, then she processed to be employed by said company. I think for the future the County needs to look into whether or not there is a better company to better serve your employees in the future.
