El Dorado County Board of Supervisors
330 Fair Lane
Placerville, California 95667COPY SENT TO BOARD MEMBERS
FOR THEIR INFORMATIONDATE 12/9/13**RE: California Register of Historical Resources Nomination of
Mountain Quarries Railroad Bridge**

Dear Board of Supervisors:

The State Historical Resources Commission (Commission) is scheduled to take action on this nomination at its next regular quarterly meeting. Details regarding the meeting are on the enclosed notice. At the meeting, any interested party, government entity, or member of the public may address the Commission regarding the nomination prior to the Commission taking action on the nomination. Any interested party, government entity, or member of the public may also submit to the Commission written comments regarding the nomination. Comments should be submitted to California State Parks, Attn: Office of Historic Preservation, Carol Roland-Nawi, State Historic Preservation Officer, 1725 23rd Street, Suite 100, Sacramento, California 95816-7100. So that the Commission may have adequate time to consider such comments, it is requested, but not required, that such comments be submitted to the State Historic Preservation Officer 15 days before the meeting.

California Historical Landmarks are properties that are of statewide significance and have anthropological, cultural, military, political, architectural, economic, scientific or technical, religious, experimental, or other value. The criteria governing the historical designation of a property is that the property must be the first, last, only, or most significant of its kind in the state or within a large geographic region (Northern, Central, or Southern California). The specific standards now in use were first applied in the designation of Landmark # 770. California Historical Landmarks #770 and above are automatically listed in the California Register of Historical Resources. Resources listed in or eligible for listing in the California Register must be given consideration in the California Environmental Quality Act (CEQA) review process and protected from substantial adverse change, to the extent prudent and feasible. Further information is available in Technical Assistance Series #1 "California Environmental Quality Act (CEQA) and Historical Resources," published by Office of Historic Preservation and available by mail or online at www.ohp.parks.ca.gov.

If you have questions, please contact the Registration Unit at (916) 445-7000.

Sincerely,

Carol Roland-Nawi, PhD
State Historic Preservation Officer
