Hi Kim,

Let me know if this one gets to you.

Thank you,

Lori

Dear Supervisors,

Please pull Consent Agenda Item #12. We have very serious concerns about the nomination of Noah Briel to CEDAC. CEDAC is already suffering with determining how to better include the public in its meetings and Noah has intimidated and bullied members of our group in conversations where our views of whether or not our County should be urbanized did not match his views. He also was so angry after one particular Board meeting that he came outside Building A and burst into our group discussion and intimidated our group and made unfounded accusations toward one of our members. This is not the type of conduct that we find desirable in someone that you are considering to appoint to an Advisory Committee that is supposed to create a collaborative environment for economic development in our county. This is especially troubling since the County is already reeling from what is considered a hostile and bullying work environment.

We would like you to reject Noah Briel as an appointed CEDAC member. This position would be better filled by someone with the skills needed to work in a collaborative and positive capacity.

Thank you,

Shingle Springs Community Alliance members Susan Statti, Joel Ellinwood, Stan Stailey, Lori Parlin, Sue Taylor, Shelley Wiley, Sam Parlin and Frank Verdin
