# TENTATIVE MAP & DEVELOPMENT PLAN PIEDMONT OAK ESTATES

COUNTY OF EL DORADO, STATE OF CALIFORNIA

TYPICAL LOT DATA					
LOT	LOT SIZE	STORIES	LIVING SPACE	BUILDING COVERAGE	IMPERVIOUS SURFACE
A1	2,256 SF	2	1,668 SF	996 SF/44%	1,356 SF/60%
A2	2,256 SF	2	1,668 SF	996 SF/44%	1,356 SF/60%
B1	2,394 SF	2	1,618 SF	1,089 SF/45%	1,730 SF/72%
B2	2,394 SF	2	1,618 SF	1,089 SF/45%	1,704 SF/71%
C	2,112 SF	2	1,500 SF	912 SF/43%	1,272 SF/60%
R	1,788 SF	-	-	-	1,788 SF/100%
TOTAL	13,200 SF	-	-	5,082 SF/39%	9,206 SF/70%

**DEVIATIONS FROM R1 STANDARDS:**

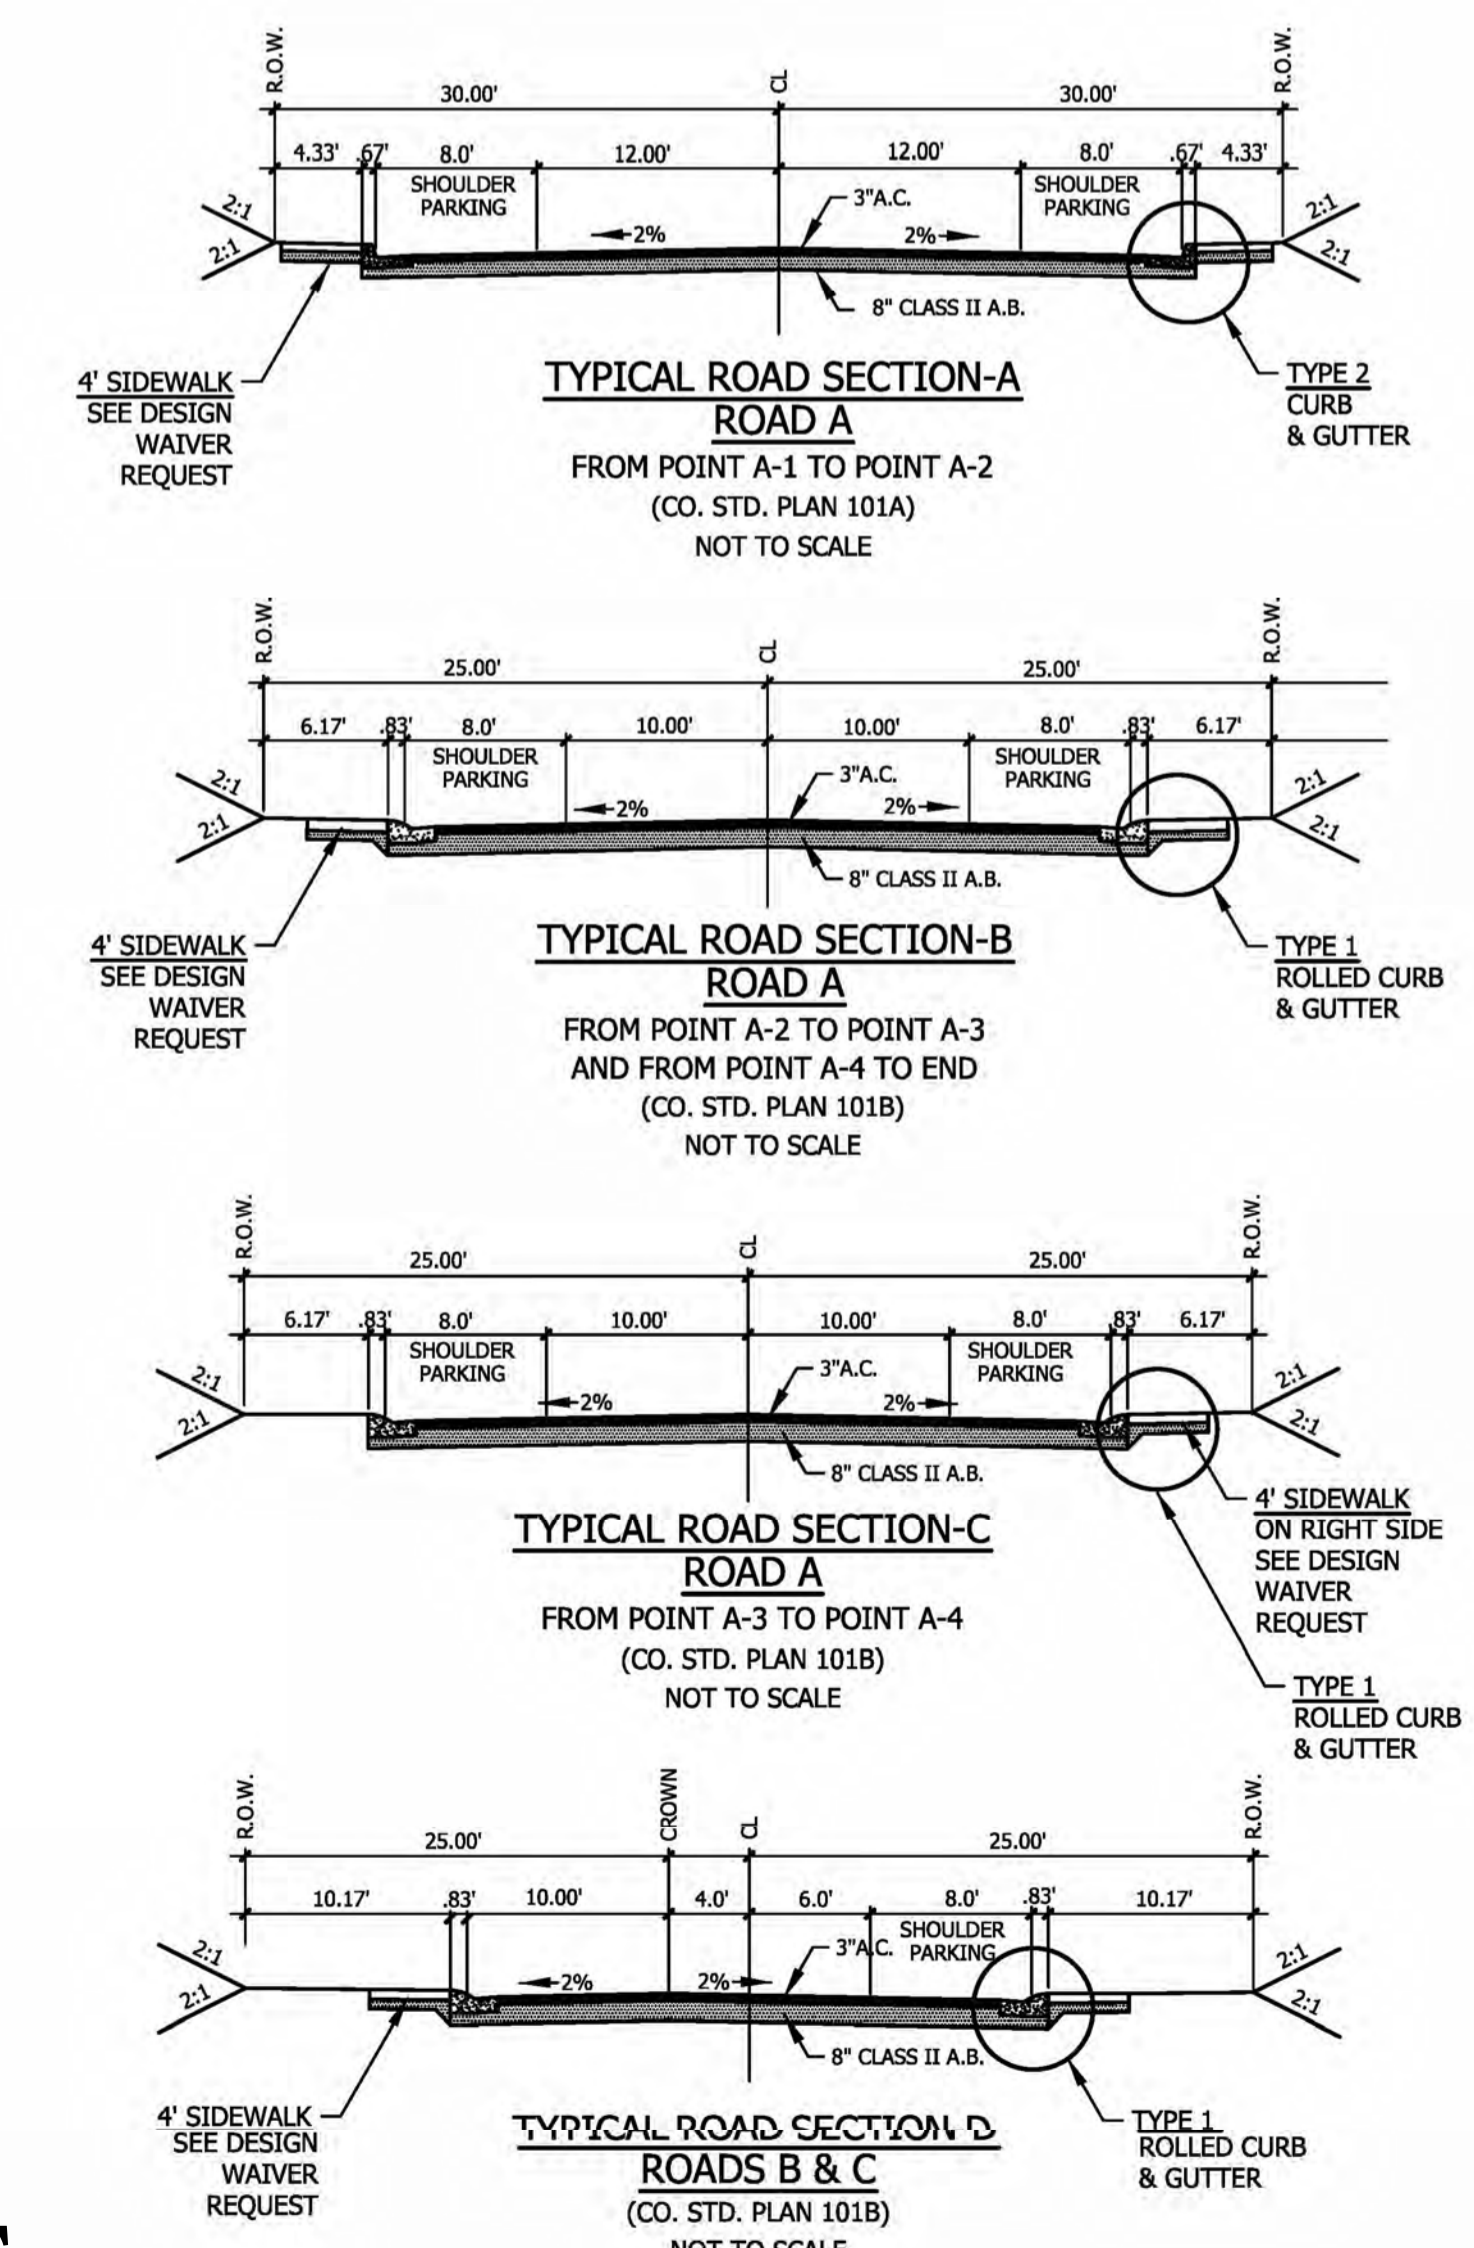

- LOT SIZE LESS THAN 6,000 SF - SEE TABLE.
- LOT WIDTH LESS THAN 60 FT. - SEE DETAIL.
- REDUCED SETBACKS AS SHOWN - SEE DETAIL.
- BUILDING COVERAGE IN EXCESS OF 35% - SEE TABLE.

**DESIGN WAIVER REQUEST:**  
DESIGN WAIVERS HAVE BEEN REQUESTED PURSUANT TO SECTION 16.08.020 OF THE MAJOR LAND DIVISION ORDINANCE TO ALLOW FOUR (4') FOOT WIDE SIDEWALK IN LIEU OF THE SIX (6') FOOT WIDE STANDARD.

**REQUEST FOR ROAD WIDTH RELIEF WITH ON-STREET PARKING:**  
A REQUEST IS HEREBY MADE FOR RELIEF FROM APPROVING AGENCIES REGARDING REQUIRED ROAD WIDTH FOR ROADWAYS THAT INCLUDE ON-STREET PARKING AS FOLLOWS: ROAD SECTION C & D - 2 LANES OF ON-STREET PARKING ARE REQUESTED TO BE ALLOWED ON A 36'-0" FOOT WIDE ROADWAY. ROAD SECTION E - 1 LANE OF ON-STREET PARKING IS REQUESTED TO BE ALLOWED ON A 28' FOOT WIDE ROADWAY.

**NOTES:**

- EASEMENTS WILL BE PROVIDED AS FOLLOWS:
  - THE FRONT 20' OF ALL CUSTOM RESIDENTIAL LOTS AS PUBLIC UTILITIES EASEMENTS.
  - THE 5' ADJACENT TO ALL STREET RIGHT-OF-WAYS AS POSTAL EASEMENTS.
  - DRAINAGE EASEMENTS AS SHOWN AND/OR NEEDED.
  - OTHERS AS SHOWN OR NOTED.
- THE SUBDIVIDER WILL MAKE ALL REQUIRED IMPROVEMENTS BASED ON PLANS AND SPECIFICATIONS APPROVED BY THE COUNTY OF EL DORADO DEPARTMENT OF TRANSPORTATION, INCLUDING BUT NOT LIMITED TO THE FOLLOWING:
  - CONSTRUCT ALL ROADS AS SHOWN IN CONFORMANCE WITH THE TYPICAL ROAD SECTIONS, WITH CUTS AND FILLS BEING NO STEEPER THAN 2:1, EXCEPT IN ROCK MATERIAL.
  - DISTURBED AREAS WILL BE SEEDED IN CONFORMANCE WITH THE EL DORADO COUNTY RESOURCE CONSERVATION DISTRICT SPECIFICATIONS.
  - DRAINAGE CHANNELS SUBJECT TO EROSION WILL BE RIPRAPPED OR ASPHALT LINED.
  - EXTEND E.I.D. WATER AND SEWER SERVICE TO ALL RESIDENTIAL LOTS.
  - A REDUCTION IN WETLAND SETBACKS FROM 50' TO 25' HAVE BEEN REQUESTED.

- LEGEND:**
- P.U.E. PUBLIC UTILITIES EASEMENT

# PRELIMINARY GRADING & DRAINAGE PLAN PIEDMONT OAK ESTATES

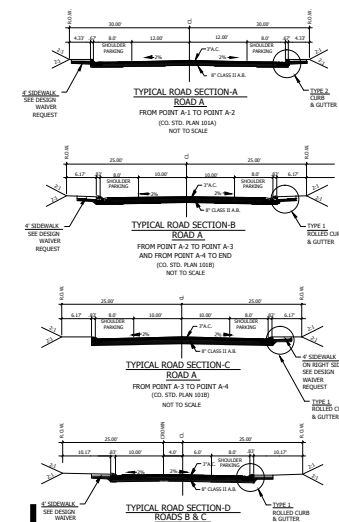

COUNTY OF EL DORADO, STATE OF CALIFORNIA

- GRADING NOTES:**
1. MATERIALS, CONSTRUCTION QUALITY AND METHODS FOR THIS PROJECT WILL BE SUBJECT TO THE COUNTY OF EL DORADO DESIGN AND IMPROVEMENT STANDARDS MANUAL AND THE STATE OF CALIFORNIA DEPARTMENT OF TRANSPORTATION STANDARD PLANS AND SPECIFICATIONS.
  2. CLEARING AND GRUBBING WILL CONFORM TO THE PROVISIONS OF SECTION 16, "CLEARING AND GRUBBING" OF THE STANDARD SPECIFICATIONS. ROOTS, STUMPS, TREES, ROCKS OR OTHER DESTRUCTIBLE SUBSTANCES WILL BE DEPOSITED LAWFULLY OFF-SITE.
  3. ALL WORK WILL BE ACCORDANCE TO THE SATISFACTION OF THE COUNTY OF EL DORADO DEPARTMENT OF TRANSPORTATION.
  4. RIGHTS TO ENTER AND CONSTRUCT WILL BE OBTAINED PRIOR TO CONSTRUCTING ANY OFF-SITE WORK SHOWN IN THE APPROVED PLANS.
  5. PROVISIONS FOR PROTECTION AND PRESERVATION OF OAK TREES AND METALDES WILL BE PROVIDED IN ACCORDANCE WITH COUNTY OF EL DORADO RESOLUTION NO. 22941. ONLY DESIGNATED TREES WILL BE REMOVED. PROTECTIVE FENCING WILL BE INSTALLED AT THE DRIP LINE OF ALL OTHER TREES WITHIN 50' OF ANY GRADING.
  6. DURING CONSTRUCTION DUST WILL BE CONTROLLED BASED ON AN APPROVED POSITIVE DUST CONTROL PLAN.
  7. IF UNUSUAL AMOUNTS OF STONE OR BONE OR ATTRACTS ARE UNCOVERED DURING CONSTRUCTION, ALL WORK WILL BE STOPPED UNTIL 300' OF THE FIND. LOCAL APPROPRIATE STUDIES ARE MADE AND WITH APPROPRIATE INVESTIGATION REQUESTS ARE FULLY IMPLEMENTED.
  8. INSURANCE COVERAGE WILL BE PROVIDED FOR IN ACCORDANCE WITH THE NATIONAL POLLUTANT DISCHARGE EXCLUSION SYSTEM (NPDES) GENERAL PERMIT FOR STORM WATER DISCHARGE ASSOCIATED WITH CONSTRUCTION AND LAND DISTURBANCE ACTIVITIES, ORDER NO. 2009-0249 NPDES NO. CA005052.

Letter No.: EEO 2016-0571

May 23, 2016

VIA FIRST-CLASS MAIL

Jim Davies  
854 Diablo Road  
Danville, CA 94526

Subject: Facility Improvement Letter (FIL), Piedmont Oak Estates-**Extension**  
Assessor's Parcel No. 051-550-40, 47, 48, 51 (Diamond Springs)  
EDC Project No: TM-12-1510

Dear Mr. Davies:

This letter is in response to your request dated April 20, 2016 and is valid for a period of one year. If a Facility Plan Report (FPR) for your project is not submitted to El Dorado Irrigation District (EID or District) within one year of the date of this letter, a new Facility Improvement Letter will be required.

Design drawings for your project must be in conformance with the District's *Water, Sewer and Recycled Water Design and Construction Standards*.

This project is a 108-lot subdivision on 25.89 acres. Water service, sewer service, private fire service and fire hydrants are requested. The property is within the District boundary.

This letter is not a commitment to serve, but does address the location and approximate capacity of existing facilities that may be available to serve your project.

### **Water Supply**

As of January 1, 2015, there were 5,094 equivalent dwelling units (EDUs) of water supply available in the Western/Eastern Water Supply Region. Your project as proposed on this date would require 108 EDUs of water supply.

### **Water Facilities**

A 6-inch water line is located in Highway 49 and 8-inch water lines are located in Black Rice Road (see enclosed System Map). The Diamond Springs/El Dorado Fire Protection District (letter dated October 29, 2012) has determined that the minimum fire flow for single family dwellings less than 3600 square feet is 1,000 GPM for a 2-hour duration while maintaining a 20-psi residual pressure, homes larger than 3600 square feet will require 1,500 GPM. The commercial portion of this project will require a minimum fire flow of 1,500 GPM while maintaining a 20-psi residual pressure. EID assumes these values are still valid but recommends you contact the Diamond Springs/El Dorado Fire Protection District to confirm there are no changes that could impact the flow requirements.

## EXHIBIT K.1

According to the District's hydraulic model, the existing system can deliver the required fire flow. In order to provide this fire flow and receive service, you must construct a water line extension connecting to the waterlines located in Black Rice Road and Highway 49. The hydraulic grade line for the existing water distribution facilities is 2,018 feet above mean sea level during normal operating conditions and 1,965 feet above mean sea level during fire flow and maximum demands. A static hydraulic grade line of 2,095 feet should be used to determine the pipe class for the proposed facilities.

The flow predicted above was developed using a computer model and is not an actual field flow test.

### **Sewer Facilities**

The Courtside Manor lift station and 8-inch force main are located along the southern boundary of the property to be developed. This lift station does not have adequate capacity to serve your development. The FPR shall evaluate the new lift station(s) required to serve your proposed development. In addition, the Courtside Manor lift station shall be evaluated for the upgrades to serve your project. Many of the required improvements were presented in a previous FPR titled, "Diamond Springs Sewer Improvements" dating back to 1998. Your FPR should provide an update to current conditions and address any additional surrounding development that could possibly be served by any improvements that you construct. Your project as proposed on this date would require 108 EDUs of sewer service.

### **Facility Plan Report**

A Facility Plan Report (FPR) will be required for this project. The FPR shall address the expansion of the water and sewer facilities and the specific fire flow requirements for all phases of the project. A meeting to discuss the content of the report will be required. Please contact this office to arrange the meeting. A preliminary utility plan, prepared by your engineer, must be brought to the meeting.

Two copies of the FPR will be required along with a \$2,000.00 deposit. You will be billed for actual time spent in review and processing of your FPR. Please submit the FPR and fee to our Customer Service Department. Enclosed is the FPR description and transmittal form for your use. The items listed under content in the description and the completed transmittal form must be bound in each copy of the FPR.

### **Easement Requirements**

Proposed water lines, sewer lines and related facilities must be located within an easement accessible by conventional maintenance vehicles. When the water lines or sewer lines are within streets, they shall be located within the paved section of the roadway. No structures will be permitted within the easements of any existing or proposed facilities. The District must have unobstructed access to these easements at all times, and generally does not allow water or sewer facilities along lot lines.

Easements for any new District facilities constructed by this project must be granted to the District prior to District approval of water and/or sewer improvement plans, whether on site or off site. In addition, due to either nonexistent or prescriptive easements for some older facilities,

any existing on-site District facilities that will remain in place after the development of this property must also have an easement granted to the District.

### **Environmental**

The County is the lead agency for environmental review of this project per Section 15051 of the California Environmental Quality Act Guidelines (CEQA). The County's environmental document should include a review of both off-site and on-site water and sewer facilities that may be constructed by this project. You may be requested to submit a copy of the County's environmental document to the District if your project involves significant off-site facilities. If the County's environmental document does not address all water and sewer facilities and they are not exempt from environmental review, a supplemental environmental document will be required. This document would be prepared by a consultant. It could require several months to prepare and you would be responsible for its cost.

### **Summary**

Service to this proposed development is contingent upon the following:

- The availability of uncommitted water supplies at the time service is requested;
- Approval of the County's environmental document by the District (if requested);
- Approval of a Facility Plan Report by the District;
- Executed grant documents for all required easements;
- Approval of an extension of facilities application by the District;
- Approval of facility improvement plans by the District;
- Construction by the developer of all on-site and off-site proposed water and sewer facilities;
- Acceptance of these facilities by the District; and
- Payment of all District connection costs.

Services shall be provided in accordance with El Dorado Irrigation District Board Policies and Administrative Regulations, as amended from time-to-time. As they relate to conditions of and fees for extension of service, District Administrative Regulations will apply as of the date of a fully executed Extension of Facilities Agreement.

If you have any questions, please contact me at (530) 642-4054.

Sincerely,

Michael J. Brink, P.E.  
Supervising Civil Engineer
