1. Why are you interested in being on the IHSS Advisory Committee?

I have developed a wealth of understanding intuition & foresight as to what IHSS does and can do for people with limitations and or disabilities.

Due to the 70/30 ratio, family members 70% vs registry 30%.

The 30% is under represented,

The politicians see's the program of being family members getting paid for services they would naturally perform. The general public

(those who know IHSS and our services) might feel the same way.

It is my belief registry providers need a strong voice to educate the public and politicians to be addressed for registry providers.

2. What other kinds of community groups do you belong to now or in the past?

In the PAST I SAT on the 4-H, FFA Advisory Board. In the present I volunteer my time handing out meals on special occasions, (church, P.P. community service, meals on wheels. During all the Fires during the summer
