Proposed Action		
•	"	

The Forest Service conducted field surveys in 2011 and 2012 at the 95 meadows crossed or bordered by the 42 routes to determine compliance with Standard and Guideline #100 of the Sierra Nevada Forest Plan Amendment Record of Decision (SNFPA ROD 2004).

This information was used to develop the following Proposed Action for the portions of the 42 routes that were closed by court order:

For the following 9 routes that the field survey determined did not cross or border meadows:

1. Designate 08N23B, 10N06, 10N26, 10NY04, 11N22, 11N70, 12NY15, and 13N24 as "NFTS Road: Open to All Highway and Non-Highway Legal Vehicles." Designate 17E12 as "NFTS Trail: Open to Motorcycles only."

For the following 12 routes where the crossing meets Standard and Guideline 100:

2. Designate 08N35, 09N15, 10N32, 10NY05, 10NY06, 11N09A, 12NY06 and 14N27 as "NFTS Road: Open to All Highway and Non-Highway Legal Vehicles." Designate 10N03 as "NFTS Road: Open to Highway Legal Vehicles only." Designate western 2.2 miles of 09N04 (17E79) as "NFTS 4WD Trail: Open to High Clearance Vehicles." Designate 17E17 and 17E21 as "NFTS Trail: Open to Motorcycles only."

For the following route that the field survey determined a logical closure point before crossing a meadow:

3. Designate route 09N54 up to the intersection with 09N60 as "NFTS Road: Open to All Highway and Non-Highway Legal Vehicles." Route 09N54 is a secondary access road to Leoni Meadows.

For the following 19 routes that the field survey determined to not currently meet Standard and Guideline 100, and are needed to meet other purposes:

4. Amend the Eldorado National Forest Plan as amended by SNFPA S&G No. 100 to allow continued public motorized use on these 19 routes and designate 09N01, 09N08, 09N95, 10N01 (b), 0.5 miles of 10N13, 10N14, 10N98, 14N05 and 14N58 as "NFTS Road: Open to All Highway and Non-Highway Legal Vehicles." Designate 11NY32 as "NFTS Road: Open to Highway Legal Vehicles only." Designate 09N82 (16E26), 09N83 (19E01), 6.8 miles of 10N13 (17E73), 10N21 (16E27), 11N23F (16E33), 11N26F (16E21), and 17E24 as "NFTS 4WD Trail: Open to High Clearance Vehicles." Designate 17E16, 17E19 and 17E28 as "NFTS Trail: Open to Motorcycles only."

For the following route that the field survey determined a logical closure point after the primary destination and before crossing additional meadows:

5. Amend the Eldorado National Forest Plan as amended by SNFPA S&G No. 100 to allow continued public motorized use on this route, and designate the portion of 14N39 up to Richardson Lake as "NFTS Road: Open to All Highway and Non-Highway Legal Vehicles." The portion past Richardson Lake would remain closed to public use.

Decision to be made	

The responsible official will decide, based upon the new analysis in this document, whether to designate all or some of those portions of the 42 routes (roads and trails) that were closed by court order for motorized travel management, and whether to amend the Forest Land and Resource Management Plan Standard and Guidelines. This will be documented in a new Record of Decision.
