FRANCHISE EXHIBITS
EXHIBIT A: DEFINITIONS

EXHIBIT A DEFINITIONS

For purposes of this Agreement, unless a different meaning is clearly required, the following words and phrases shall have the following meanings respectively ascribed to them by this Exhibit and shall be capitalized throughout this Agreement:

“Abandoned Waste” means Recyclable Materials, Organic Materials, Solid Waste, C&D, Excluded Waste, Bulky Items, or other materials which have been abandoned, littered, or illegally dumped in the public right of way or on public or County property.

“AB 1826” means the Organic Waste Recycling Act of 2014 (Chapter 727, Statutes of 2014 modifying Division 30 of the California Public Resources Code), also commonly referred to as "AB 1826," as amended, supplemented, superseded, and replaced from time to time.

“AB 341” means the California Jobs and Recycling Act of 2011 (Chapter 476, Statutes of 2011 [Chesbro, AB 341]), also commonly referred to as “AB 341”, as amended, supplemented, superseded, and replaced from time to time.

“AB 939” means the California Integrated Waste Management Act of 1989 (Division 30 of the California Public Resources Code), also commonly referred to as "AB 939," as amended, supplemented, superseded, and replaced from time to time.

“Affiliate” means any Person that is directly or indirectly related to Contractor by virtue of direct or indirect Ownership interest or common management. Any such Person shall be deemed to be “Affiliated with” Contractor and included within the term “Affiliate” as used herein, except Affiliates shall be limited to those Persons which are directly or indirectly involved in the provision of service under this Agreement. An Affiliate shall include: (i) a Person in which Contractor has a direct or indirect Ownership interest; (ii) a Person which has a direct or indirect ownership interest in Contractor; and/or (iii) a Person who is also Owned, controlled, or managed by any Person which has a direct or indirect Ownership interest in Contractor. For purposes of this definition, “Ownership” means ownership as defined in the constructive ownership provisions of Section 318(a) of the Internal Revenue Code of 1986, as in effect on the date this Agreement is executed. For the purpose of determining Ownership under this paragraph and constructive or indirect ownership under Section 318(a), ownership interests of less than fifty percent (50%) shall be disregarded, and percentage interests shall be determined on the basis of the percentage of voting interest or value which the ownership interest represents.

“Agreement” means this Agreement between County and Contractor, including all exhibits, and any future amendments hereto.

“Animal-Resistant” means a Cart equipped with a locking lid that is intended, but not guaranteed, to prevent tampering by bears and other animals.

“Applicable Law” means all Federal, State, County, and local laws, regulations, rules, orders, judgments, degrees, permits, approvals, or other requirement of any governmental agency having jurisdiction over the Collection, Transportation, and Processing of Recyclable Materials, Organic Materials, and Solid Waste that are in force on the Effective Date and as may be enacted, issued or amended during the Term of this Agreement. Applicable Law includes, but is in no way limited to, AB 939, AB 341, AB 1826, and SB 1383.

“Approved Disposal Facility” means any of the Approved Disposal Facilities set forth in Exhibit H.

“Approved Facility(ies)” means any one of or any combination of the: Approved Recovery Facilities; Approved Organic and Recycling Materials Processing Facilities; and/or Approved Disposal Facilities. The current Approved Facilities are set forth in Exhibit H to the Agreement.

“Approved Processing Facility(ies)” means any one of or any combination of the Approved Recyclable Materials Processing Facilities or Approved Organic Materials Processing Facilities.

“Approved Recovery Facility” means any of the Approved Recovery Facilities set forth in Exhibit H.

“Bear Box” means a metal container used at a Residential property which is intended to store Solid Waste, Recyclable Materials, and/or Organic Materials until Collection day, and which includes a locking mechanism to prevent bear access.

“Bin” means a Container with a hinged and tight-fitting lid and wheels designed or intended to be mechanically serviced by a commercial Collection vehicle. It shall be designed to hold from one (1) to (6) cubic yards of material with the lid properly closed. Temporary Bins may be open topped.

“Board of Supervisors” means the duly elected representative council, or its successor municipal governing body, of the County.

“Bulky Items” means discarded household appliances furniture, tires, carpets, mattresses, bundled and tied Yard Trimmings and/or wood waste, and similar large items which can be handled by two (2) people, weigh no more than one hundred fifty (150) pounds, and require special Collection due to their size or nature, but can be Collected without the assistance of special loading equipment (such as forklifts or cranes) and without violating vehicle load limits. Bulky Items must be generated by the Customer and at the service address wherein the Bulky Items are Collected. Bulky Items do not include refrigerators, E-waste, freon-containing appliances, abandoned automobiles, large auto parts, hot tubs, trees, Construction and Demolition Debris, or items herein defined as Excluded Waste.

“Business Days” mean days during which the County offices are open to do business with the public.

“California Code of Regulations (CCR)” means the State of California Code of Regulations. CCR references in this Agreement are preceded with a number that refers to the relevant Title of the CCR (e.g., “14 CCR” refers to Title 14 of CCR).

“CalRecycle” means California's Department of Resources Recycling and Recovery and any successor agency.

“Cardboard” means a thin, stiff pasteboard made of paper pulp, used for making cartons, signs, and boxes. Cardboard is a subset of Recyclable Materials.

“Cart” means a plastic Container with a hinged and tight-fitting lid and wheels that is serviced by an automated or Semi-Automated Collection vehicle. A Cart has capacity of at least 20 and not more than 95 gallons and is provided by Contractor, approved by the County, and used by Customers for Collection, accumulation, and removal of Solid Waste, Recyclable Materials, and Organic Materials from Commercial or Residential premises in connection with Collection Services.

“Change in Law” means any of the following events or conditions that has a material and adverse effect on the performance by either Party or any Subcontractor of its respective obligations under this Agreement (except for payment obligations) or on the activities of any Approved Facility in connection with this Agreement:

- a. The enactment, adoption, promulgation, issuance, modification, or written change in administrative or judicial interpretation, of any Applicable Law on or after the Effective Date; or
- b. The order or judgment of any governmental body, on or after the Effective Date, to the extent such order or judgment is not the result of willful or negligent action, error or omission or lack of reasonable diligence of County or of Contractor (or Subcontractor), whichever is asserting the occurrence of a Change in Law; provided, however, that the contesting in good faith or the failure in good faith to contest any such order or judgment shall not constitute or be construed as such a willful or negligent action, error or omission or lack of reasonable diligence.

“Collect” or “Collection” (or any variation thereof) means the act of taking possession of Recyclable Materials, Organic Materials, Solid Waste, Bulky Items, and other material at the place of generation in County.

“Commencement Date” means the date specified in Section 2.1 when Collection, Transportation, and Processing services required by this Agreement shall be provided.

“Commercial” shall mean of, from, or pertaining to non-Residential Premises where business activity is conducted, including, but not limited to, retail sales, services, wholesale operations, manufacturing, and industrial operations, but excluding businesses conducted upon Residential property which are permitted under applicable zoning regulations and are not the primary use of the property.

“Commercial Premises” means that portion of any building or other Premises which is not Residential.

“Commercial Edible Food Generator” includes Tier One Commercial Edible Food Generators and Tier Two Commercial Edible Food Generators, or as otherwise defined in 14 CCR Section 18982(a)(7). For the purposes of this definition, Food Recovery Organizations and Food Recovery Services are not Commercial Edible Food Generators, or as otherwise specified by 14 CCR Section 18982(a)(7).

“Community Composting” means any activity that Composts green material, agricultural material, food material, and vegetative food material, alone or in combination, and the total amount of feedstock and Compost on-site at any one time does not exceed one hundred (100) cubic yards and seven hundred fifty (750) square feet, as specified in 14 CCR Section 6 17855(a)(4); or as otherwise defined in 14 CCR Section 18982(a)(8).

“Compactor” means any Container which has a compaction mechanism, whether stationary or mobile. Compactors are most typically roll-off Containers but may also be Bins.

“Complaint” shall mean each written or orally communicated statement made by any Person, whether to County or Contractor, alleging: (1) non-performance, or deficiencies in Contractor’s performance, of its duties under this Agreement; (2) a violation by Contractor of this Agreement; or, (3) an SB 1383 Non-Compliance Complaint.

“Composting” or “Compost” (or any variation thereof) includes a controlled biological decomposition of Organic Materials yielding a safe and nuisance free Compost product.

“Construction and Demolition Debris (C&D)” means materials generated by or resulting from construction or demolition-related activities, including building, construction, deconstruction, demolition, excavation, grading, improvement, land clearing, reconstruction, remodeling, and renovation, such as discarded building materials, packaging, debris, and rubble resulting from construction, alteration, remodeling, repair, or demolition operations on any pavements, excavation projects, houses, Commercial buildings, or other structures, excluding Excluded Waste. Construction and Demolition Debris includes rocks, soils, tree remains, and other Yard Trimmings which result from land clearing or land development operations in preparation for construction.

“Container(s)” mean Bins, Carts, Compactors, Customer Owned Containers, and Drop Boxes.

“Contamination” means the presence of Prohibited Container Contaminants in a Container.

“Contamination Processing Fee Notice” means the notice as described in Section 4.10.1.E.

“Contractor” means South Tahoe Refuse Co., organized and operating under the laws of the State through its officers, directors, employees, agents, Affiliates, and Subcontractors.

“Contractor’s Compensation” means the monetary compensation received by Contractor in return for providing services in accordance with this Agreement as described in Article 8.

“Contractor’s Contract Administrator” means the President of Contractor, who is authorized by Contractor as described by Section 5.7.E.1.

“Contractor’s Proposal” means the proposal submitted to County by Contractor for provision of Recyclable Materials, Organic Materials, and Solid Waste Collection and Processing services and certain supplemental written materials, which are included as Exhibit B to this Agreement and are incorporated by reference.

“County” means the County of El Dorado, a political subdivision of the State of California.

“County Contract Manager” means the Director of Environmental Management Department, who is responsible for the administrative management of this Agreement, or their designee.

“County Fees” means all fees payable to the County, identified and referenced in Article 7 of this Agreement.

“Courtesy Pick-Up Notice” means the Contractor’s notice to Customer(s) as described in Section 4.10.1.C.

“Criminal Activity” means the approval of a plea of nolo contendere or the entry against Contractor or any of its employees of a criminal conviction, or a permanent mandatory or prohibitory injunction from a court, municipality, or regulatory agency of competent jurisdiction, based, in the case of Contractor’s employees, on acts taken in their official capacity on behalf of Contractor, with respect to:

- a. Fraud or criminal offense in connection with obtaining, attempting to obtain, procuring, or performing a public or private agreement;

- b. Bribery or attempting to bribe a public officer or employee of a local, State, or Federal agency;
- c. Embezzlement, extortion, racketeering, false claims, false statements, forgery, falsification or destruction of records, obstruction of justice, knowingly receiving stolen property, theft, or misprision (failure to disclose) of a felony;
- d. Unlawful disposal of Hazardous Waste or Designated Waste, the occurrence of which any Contractor Party knew or should have known;
- e. Violation of antitrust laws, including laws related to price-fixing, bid-rigging, and sales and market allocation, and of unfair and anti-competitive trade practice laws, including with respect to inflation of Solid Waste Collection, Transportation, Processing fees, or Disposal Fees;
- f. Violation of securities laws; or
- g. Felonies or misdemeanors involving moral turpitude.

“Curb” or “Curbside” means as near but in no event more than five (5) feet from the property line that abuts a paved public street or, in the event the property does not abut a paved public street, where the property abuts a public street, alley, right-of-way or easement and, in the case of a Commercial location, in the service alley of a Commercial or institutional entity.

“Customer” means the Owner or Occupant who is billed by Contractor at any Premises at which Solid Waste, Recyclable Materials, and Organic Waste are generated and collected by Contractor.

“Customer Account Information Database” means the Customer Account Information Database as identified in Section 4.7 that shall be developed, maintained, and monitored in accordance with the requirements of this Agreement.

“Customer Owned Container” means a 20-32 gallon plastic can owned by a Customer and used for the Collection of additional Recyclable Materials or Organic Materials.

“Customer Type” means the Customer’s sector category including, but not limited to, Single-Family Residential, Multi-Family, Commercial, and County.

“Designated Waste” means non-Hazardous Waste which may pose special Disposal problems because of its potential to contaminate the environment and which may be Disposed of only in Class II Disposal sites or Class III Disposal sites pursuant to a variance issued by the California Department of Health Services. Designated Waste consists of those substances classified as Designated Waste by the State, in California Code of Regulations Title 23, Section 2522 as may be amended from time to time.

“Divert” or “Diversion” (or any variation thereof) means to prevent Discarded Materials from Disposal at landfill or transformation facilities, (including facilities using incineration, pyrolysis, distillation, gasification, or biological conversion methods) through source reduction, reuse, Recycling, Composting, anaerobic digestion or other method of Processing, subsequent to the provisions of AB 939. Diversion is a broad concept that is to be inclusive of material handling and Processing changes that may occur over the Term including, but not limited to, changes in standard industry practice or implementation of innovative (but not necessarily fully proven) techniques or technology that reduce Disposal risk, decrease costs and/or are for other reasons deemed desirable by the County.

“Diversion Coordinator” means the individual authorized by Contractor as described by Section 5.7.E.3.

“Discarded Materials” means Recyclable Materials, Organic Materials, and Solid Waste placed by a Generator in a receptacle and/or at a location for the purposes of Collection by Contractor, excluding Excluded Waste.

“Disposal” or **“Dispose”** (or any variation thereof) means the final disposition of Solid Waste, or Processing Residue at a Disposal Facility. **“Disposal Facility”** means a landfill, or other facility for ultimate Disposal of Solid Waste.

“Drop Box” means an open-top or closed top Container with a capacity of ten (10) to forty (40) cubic yards that is serviced by a roll-off Collection vehicle.

“Dwelling Unit” means any individual living unit in a: Single-Family Residential dwelling (SFD) or Multi-Family Residential dwelling (MFD) structure or building, a mobile home, or a motor home located on a permanent site intended for, or capable of being utilized for, Residential living, including a Single Room Occupancy.

“Edible Food” means food intended for human consumption. For the purposes of this Agreement, Edible Food is not Solid Waste if it is recovered and not discarded. Nothing in this Agreement requires or authorizes the recovery of Edible Food that does not meet the food safety requirements of the California Retail Food Code. If the definition in 14 CCR Section 18982(a)(18) for Edible Food differs from this definition, the definition in 14 CCR Section 18982(a)(18) shall apply to this Agreement.

“Effective Date” means the date on which the latter of the two Parties signs this Agreement.

“Excluded Waste” means Hazardous Substance, Hazardous Waste, Infectious Waste, Designated Waste, volatile, corrosive, biomedical, infectious, biohazardous, and toxic substances or material, waste that Contractor reasonably believes would, as a result of or upon Disposal, be a violation of local, State or Federal law, regulation or ordinance, including land use restrictions or conditions, waste that cannot be Disposed of in Class III landfills, waste that in Contractor’s reasonable opinion would present a significant risk to human health or the environment, cause a nuisance or otherwise create or expose Contractor or County to potential liability; but not including de minimis volumes or concentrations of waste of a type and amount normally found in Residential Solid Waste after implementation of programs for the safe Collection, Recycling, treatment, and Disposal of batteries and paint in compliance with Sections 41500 and 41802 of the California Public Resources Code. Excluded Waste does not include Used Motor Oil and Filters, or household batteries when properly placed for Collection by Contractor as set forth in this Agreement.

“Electronic Waste” or **“E-Waste”** means discarded electronic equipment including, but not limited to, televisions, computer monitors, central processing units (CPUs), laptop computers, computer peripherals (including external hard drives, keyboards, scanners, and mice), printers, copiers, facsimile machines, radios, stereos, stereo speakers, VCRs, DVDs, camcorders, microwaves, telephones, cellular telephones, and other electronic devices. Some E-Waste or components thereof may be Hazardous Waste or include Hazardous Substances and thus require special handling, Processing, or Disposal.

“Field Supervisor” means the Field Supervisor of Contractor, who is the individual authorized by Contractor as described by Section 5.7.E.2.

“Federal” means belonging to or pertaining to the Federal government of the United States.

“Flow Control” means County’s right to direct Discarded Materials to a facility of the County’s choosing.

“Food Recovery” means actions to Collect and distribute food for human consumption which otherwise would be Disposed, or as otherwise defined in 14 CCR Section 18982(a)(24).

“Food Recovery Organization” means an entity that primarily engages in the Collection or receipt of Edible Food from Commercial Edible Food Generators and distributes that Edible Food to the public for Food Recovery either directly or through other entities, including, but not limited to: A. A food bank as defined in Section 113783 of the Health and Safety Code; B. A nonprofit charitable organization as defined in Section 113841 of the Health and Safety code; and, C. A nonprofit charitable temporary food facility as defined in Section 113842 of the Health and Safety Code. If the definition in 14 CCR Section 18982(a)(25) for Food Recovery Organization differs from this definition, the definition in 14 CCR Section 18982(a)(25) shall apply to this Agreement.

“Food Recovery Service” means a Person or entity that Collects and Transports Edible Food from a Commercial Edible Food Generator to a Food Recovery Organization or other entities for Food Recovery; or as otherwise defined in 14 CCR Section 18982(a)(26).

“Food Scraps” means those Discarded Materials that will decompose and/or putrefy including: (i) all kitchen and table Food Waste; (ii) animal or vegetable waste that is generated during or results from the storage, preparation, cooking or handling of food stuffs; (iii) fruit waste, grain waste, dairy waste, meat, and fish waste; and, (iv) vegetable trimmings, houseplant trimmings and other Compostable Organic Waste common to the occupancy of Residential dwellings. Food Scraps are a subset of Food Waste.

“Food-Soiled Paper” means Compostable paper material that has come in contact with Food Scraps or liquid, such as, but not limited to, Compostable paper plates, paper coffee cups, napkins, pizza boxes, and milk cartons.

“Food Waste” means Source Separated Food Scraps. Food Waste is a subset of Organic Materials.

“Generator” means any Person whose act or process produces Discarded Materials as defined in the Public Resources Code, or whose act first causes Discarded Materials to become subject to regulation.

“Franchise Fee” means the fee paid by Contractor to the County as described in Section 7.1.

“Gross Receipts” shall mean total cash receipts collected from Customers by the Contractor for the provision of services pursuant to this Agreement, without any deductions. Gross Receipts do not include revenues from the sale of Recyclable Materials or Organic Materials.

“Hazardous Substance” means any of the following: (a) any substances defined, regulated or listed (directly or by reference) as "Hazardous Substances", "hazardous materials", "Hazardous Wastes", "toxic waste", "pollutant", or "toxic substances", or similarly identified as hazardous to human health or the environment, in or pursuant to: (i) the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) of 1980, 42 USC Section 9601, et seq. (CERCLA); (ii) the Hazardous Materials Transportation Act, 49 USC Section 1802, et seq.; (iii) the Resource Conservation and Recovery Act, 42 USC Section 6901, et seq.; (iv) the Clean Water Act, 33 USC Section 1251, et seq.; (v) California Health and Safety Code Sections 25115-25117, 25249.8, 25281, and 25316; (vi) the Clean Air Act, 42 USC Section 7901, et seq.; and, (vii) California Water Code Section 13050; (b) any amendments, rules or regulations promulgated thereunder to such enumerated statutes or acts currently existing or hereafter enacted;

and, (c) any other hazardous or toxic substance, material, chemical, waste or pollutant identified as hazardous or toxic or regulated under any other Applicable Law currently existing or hereinafter enacted, including, without limitation, friable asbestos, polychlorinated biphenyl's (PCBs), petroleum, natural gas, and synthetic fuel products, and by-products. "Hazardous Waste" means all substances defined as Hazardous Waste, acutely Hazardous Waste, or extremely Hazardous Waste by the State in Health and Safety Code Sections 25110.02, 25115, and 25117 or in the future amendments to or recodifications of such statutes or identified and listed as Hazardous Waste by the U.S. Environmental Protection Agency (EPA), pursuant to the Federal Resource Conservation and Recovery Act (42 USC Section 6901, et seq.), all future amendments thereto, and all rules and regulations promulgated thereunder.

"High Elevation Waiver" means the exception from SB 1383's residential Food Waste Collection requirements CalRecycle granted to the County, effective March 11, 2022.

"Holidays" are defined as New Year's Day, Thanksgiving Day, and Christmas Day.

"Household Hazardous Waste" or "HHW" means Hazardous Waste generated at Residential Premises within the City and includes any substance or mixture that, if improperly handled, may be damaging to human health and well-being or a threat to the environment. HHW includes flammables, combustibles, poisons, toxics, oxidizers, corrosives, compressed gas, oil, antifreeze, explosives, and radioactive materials as well as any other hazardous waste as described in Health & Safety Code Section 25117 and the Hazardous Waste Management Reform Act of 1995.

"Infectious Waste" means biomedical waste generated at hospitals, public or private medical clinics, dental offices, research laboratories, pharmaceutical industries, blood banks, mortuaries, veterinary facilities and other similar establishments that are identified in Health and Safety Code Section 25117.5 as may be amended from time to time.

"In-Home Recycling Container" refers to a small, easily portable tote bag with a capacity of at least three (3) gallons to be included by Contractor in the Multi-Family Move-in Kit to facilitate convenient accumulation of Recyclable Materials within a Multi-Family Dwelling Unit.

"Liquidated Damages" means the amounts due by Contractor for failure to meet specific quantifiable standards of performance as described in Section 10.6 and Exhibit F.

"Multi-Family" or "MFD" means any Residential Premises, other than a Single-Family Premises, with five (5) or more Dwelling Units used for Residential purposes (regardless of whether residence therein is temporary or permanent), including such Premises when combined in the same building with Commercial establishments, that receive centralized, shared, Collection service for all units on the Premises which are billed to one (1) Customer at one (1) address. Customers residing in Townhouses, mobile homes, condominiums, or other structures with five (5) or more Dwelling Units who receive individual service and are billed separately shall not be considered Multi-Family.

"Mulch" means a layer of material applied on top of soil, and, for the purposes of the Agreement, Mulch shall conform with the following conditions, or conditions as otherwise specified in 14 CCR Section 18993.1(f)(4): A.) Meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3). B.) Was produced at one or more of the following types of Facilities: 1.) A Compostable

material handling operation or facility as defined in 14 CCR Section 17852(a)(12), that is permitted or authorized under Division 7 of Title 14 of the CCR, other than a chipping and grinding operation or facility as defined in 14 CCR Section 17852(a)(10); Guidance: Note that this criteria disallows Mulch produced from chipping and grinding operations to count toward fulfillment of a jurisdiction's annual Organic Waste product procurement target; 2.) A Transfer/Processing Facility or Transfer/Processing operation as defined in 14 CCR Section 17402(a)(30) and (31), respectively, that is permitted or authorized under 14 CCR, Division 7, Chapter 12; or, 3.) A Solid Waste landfill as defined in PRC Section 40195.1 that is permitted under 27 CCR, Division 2.

“Non-Collection Notice” means the notice as described in Section 4.10.1.D.

“Occupant” means the Person who occupies a Premises.

“Organic Materials” means Yard Trimmings and Food Waste, individually or collectively. No Discarded Material shall be considered to be Organic Materials, however, unless it is separated from Recyclable Material and Solid Waste. Organic Materials are a subset of Organic Waste.

“Organic Waste” means wastes containing material originated from living organisms and their metabolic waste products including, but not limited to, food, Yard Trimmings, organic textiles and carpets, lumber, wood, paper products, printing and writing paper, manure, biosolids, digestate, and sludges, or as otherwise defined in 14 CCR Section 18982(a)(46). Biosolids and digestate are as defined in 14 CCR Section 18982(a)(4) and 14 CCR Section 18982(a)(16.5), respectively.

“Owner” means the Person(s) holding legal title to real property and/or any improvements thereon, and shall include the Person(s) listed on the latest equalized assessment roll of the County Assessor.

“Paper Garden Bags” means a paper bag approved by County which may be purchased by Residents from Contractor or elsewhere for the Collection of Organic Materials overages.

“Party” or **“Parties”** refers to the County and Contractor, individually or together.

“Person(s)” means any individual, firm, association, organization, partnership, consortium, corporation, trust, joint venture, Commercial entity, governmental entity, public entity, or any other legal person.

“Premises” means any land or building in the County where Recyclable Materials, Organic Materials, or Solid Waste are generated or accumulated.

“Processing” or **“Process”** means to prepare, treat, or convert through some special method.

“Processing Facility” means any plant or site used for the purpose of sorting, cleansing, treating or reconstituting Recyclable Materials, or Reusable Materials for the purpose of making such material available for Recycling or reuse or the facility for the Processing and/or Composting of Organic Materials.

“Prohibited Container Contaminants” means the following: (i) Discarded Materials placed in the Recyclable Materials Container that are not identified as acceptable Recyclable Materials for the County's Collection program; (ii) Discarded Materials placed in the Organic Materials Container that are not identified as acceptable Organic Materials for the County's Collection program; (iii) Discarded Materials placed in the Solid Waste Container that are acceptable Recyclable Materials and/or Organic Materials to be placed in the County's Recyclable Materials or Organic Materials Containers or

otherwise managed under the County's Collection program; and, (iv) Excluded Waste placed in any Container.

"Proprietary Information" or "Proprietary" means that information provided by Contractor to the County which is protected from disclosure by the California Public Records Act and meets that definition of Proprietary Information. Nothing shall be considered Proprietary which is required to be submitted to the County in any report described in this Agreement. Contractor's Customer lists for Customers served under this Agreement are specifically not considered Proprietary for the purposes of this Agreement, however, the County may protect such information from disclosure consistent with the provisions of the Public Records Act.

"Public Street" means all County-owned and maintained paved areas between the normal Curb line of a roadway, including public parking lots, roadway dividers, and medians.

"Rate" means the maximum amount, expressed as a dollar unit, approved by the County that the Contractor may bill a Customer for providing services under this Agreement. A Rate will be established for each individual Service Level. The Rates approved by County are the maximum Rate that Contractor may charge a Customer and Contractor may, in its sole discretion, charge any amount up to and including the maximum Rate approved by the County.

"Rate Period" means a twelve (12) month period, commencing January 1 and concluding December 31.

"Recyclable Materials" means materials which are reused or Processed or are in the future reused or Processed into a form suitable for reuse through reprocessing or remanufacture, consistent with the requirements of the Act. The term "Recyclable Material" includes paper newsprint, printed matter, pasteboard, paper containers, cardboard, glass, aluminum, PET, HDPE, and other, beverage containers, transformable and compostable materials, used motor oil, automotive batteries, antifreeze, latex paint, brick and stone in reusable size and condition, and such other material designated by the County or designated as recyclable by CalRecycle, or other agency with jurisdiction.

"Recycle" or "Recycling" means the Process of sorting, cleansing, treating, and reconstituting at a Recyclable Materials Processing Facility materials that would otherwise be Disposed of at a landfill for the purpose of returning such materials to the economy in the form of raw materials for new, reused, or reconstituted products. Recycling includes Processes deemed to constitute a reduction of landfill Disposal pursuant to 14 CCR, Division 7, Chapter 12, Article 2. Recycling does not include gasification or transformation as defined in Public Resources Code Section 40201.

"Residential" shall mean of, from, or pertaining to a Single-Family Premises or Multi-Family Premises including Single-Family homes, apartments, condominiums, Townhouse complexes, mobile home parks, cooperative apartments, and Single Room Occupancies.

"Residue" means those materials which, after Processing, are Disposed rather than Recycled due to either the lack of markets for materials or the inability of the Processing Facility to capture and recover the materials.

"Reusable Materials" means items that are capable of being used again after minimal Processing. Reusable Materials may be Collected Source Separated or recovered through a Processing Facility.

“SB 1383” means Senate Bill 1383 of 2016 approved by the Governor on September 19, 2016, which added Sections 39730.5, 39730.6, 39730.7, and 39730.8 to the Health and Safety Code, and added Chapter 13.1 (commencing with Section 42652) to Part 3 of Division 30 of the Public Resources Code, establishing methane emissions reduction targets in a statewide effort to reduce emissions of short-lived climate pollutants as amended, supplemented, superseded, and replaced from time to time. For the purposes of this Agreement, SB 1383 specifically refers to the Short-Lived Climate Pollutants (SLCP): Organic Waste Reductions regulations developed by CalRecycle and adopted on November 3, 2020 that created Chapter 12 of 14 CCR, Division 7 and amended portions of regulations of 14 CCR and 27 CCR.

“Self-Hauler” means a Person who hauls Construction and Demolition Debris, Yard Waste, Edible Food or Food Scraps that such Person or Person’s contractor, landscaper, or property manager generates at the Person’s own Premises, with such Person’s own vehicle or equipment or that of the Person’s contractor, landscaper, or property manager, to another Person in accordance with Section 1.2C., 1.2D, or 1.2G. of the Agreement, and **“Self-Haul”** means the process of such hauling by such Person to another Person.

“Semi-Automated” Collection service means the use of Collection vehicles with automated tippers to empty Carts.

“Service Level” refers to the size of a Customer’s Container and the frequency of Collection service.

“Service Opportunity” means each individual scheduled opportunity the Contractor has to Collect from a Container at a Customer’s location.

“Single-Family” or **“SFD”** means, notwithstanding any contrary definition in County Code, any detached or attached house or residence designed or used for occupancy by one (1) family, provided that Collection service feasibly can be provided to such Premises as an independent unit, and the Owner or Occupant of such independent unit is billed directly for the Collection service. Single-Family includes Townhouses, and each independent unit of duplex, tri-plex, or four-plex Residential structures, regardless of whether each unit is separately billed for their specific Service Level.

“Single Room Occupancy” means any lodging property with five or more rooms which are (1) intended or designed to be used, or which are used, rented, or hired out, to be occupied, or which are occupied, for sleeping purposes by tenants, which is or may be the primary residence of such tenants, or (2) intended or designed to be used, or which are used, rented, or hired out, to be occupied, or which are occupied, for periods greater than twenty-nine (29) days.

“Single-Stream” or **“Single-Stream Recycling”** means the Collection from a single Container of mixed Recyclable Materials in accordance with Exhibit B.

“Solid Waste” means Solid Waste as defined in California Public Resources Code, Division 30, Part 1, Chapter 2, §40191 and regulations promulgated hereunder. Excluded from the definition of Solid Waste are Excluded Waste, C&D, Source Separated Recyclable Materials, Source Separated Organic Materials, and radioactive waste. Notwithstanding any provision to the contrary, Solid Waste may include de minimis volumes or concentrations of waste of a type and amount normally found in Residential Solid Waste after implementation of programs for the safe Collection, Recycling, treatment, and Disposal of Household Hazardous Waste in compliance with Section 41500 and 41802 of the California Public Resources Code as may be amended from time to time. Solid Waste includes salvageable materials only

when such materials are included for Collection in a Solid Waste Container not Source Separated from Solid Waste at the site of generation.

“Source Separated” means the segregation, by the Generator, of materials designated for separate Collection for some form of Recycling, Composting, recovery, or reuse.

“Specialty Recyclable Material” means material not specified in this Agreement that can be or will be Collected for purposes of Recycling. Such Specialty Recyclable Material may include, but is not limited to, scrap metal, high-grade paper (including office mixed paper), pallets, and plastic film.

“Split-Bin” means a Bin that is split or divided into two (2) sections in order to segregate two (2) Source Separated Discarded Material types in one Container.

“State” means the State of California.

“Subcontractor” means a Party who has entered into a contract, express or implied, with the Contractor for the performance of an act that is necessary for, and directly related to, the Contractor’s fulfillment of its obligations for providing service under this Agreement. Notwithstanding any other provision of this Agreement, vendors providing services, materials, and/or supplies to Contractor that are not directly related to Contractor’s provision of services under this Agreement (such as office supplies, equipment parts, and paving services at Contractor’s facilities), professional service firms providing legal, accounting, and/or other consulting services to Contractor, and all subcontractors and Approved Facilities that are not owned or operated by Affiliates of Contractor, shall not be considered Subcontractors for any purpose under this Agreement. Exhibit H includes a list of all approved Subcontractors as of the date of execution of this Agreement.

“Term” means the Term of this Agreement, including extension periods if granted, as provided for in Article 2.

“Tier One Commercial Edible Food Generator” means a supermarket with gross annual sales of \$2,000,000 or more, a grocery store with a total facility size equal to or greater than 10,000 square feet, food service provider, food distributor, or wholesale food vendor, as defined in Section 18982(a) of Title 14 of the California Code of Regulations, which may be amended from time to time.

“Tier Two Commercial Edible Food Generator” means a restaurant with 250 or more seats or a total facility size equal to or greater than 5,000 square feet, hotel with an on-site food facility and 200 or more rooms, health care facility with an on-site food facility and 100 or more beds, large venue, large event, state agency with a cafeteria with 250 or more seats or total facility size equal to or greater than 5,000 square feet, and local education agency with an on-site food facility, as defined in Section 18982(a) of Title 14 of the California Code of Regulations, which may be amended from time to time.

“Ton” or “Tonnage” means a unit of measure for weight equivalent to two thousand (2,000) standard pounds where each pound contains sixteen (16) ounces.

“Townhouse” means an attached or semi-attached Single-Family Premises within a group of attached or semi-attached Single-Family Premises, regardless of whether the Premises is billed individually or through a central account (e.g. homeowner association, property manager), wherein each unit maintains individual Collection service subscription, as determined in writing by the County Contract Manager.

“Trade Secrets” means information, including a formula, pattern, compilation, program, device, method, technique, or process, that: (1) derives actual independent economic value from not being generally known to the public or to other Persons who can obtain economic value from its disclosure or use; and, (2) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

“Transfer” means the act of transferring the materials Collected by Contractor in its route vehicles into larger vehicles for Transport to other facilities for the purpose of Recycling or Disposing of such materials.

“Transportation” or **“Transport”** means the act of conveying Collected materials from one location to another.

“Universal Waste” or **“U-Waste”** means all wastes as defined by Title 22, Subsections 66273.1 through 66273.9 of the California Code of Regulations. These include, but are not limited to, batteries, fluorescent light bulbs, mercury switches, and E-Waste.

“Used Motor Oil and Filter” means used oil fluids for vehicles including motor oil, brake, transmission and hydraulic fluids, crankcase and differential oils, lubricating oils for vehicles, and oil filters from automobiles and light trucks.

“Used Oil Recovery Kit” means a kit containing: one (1) reusable plastic jug of at least one (1) gallon capacity with a leak-proof, watertight screw-on top to contain Used Motor Oil or used cooking oil; one (1) six (6) mil plastic Disposable resealable bag with double track seal of sufficient capacity to accommodate one (1) Used Motor Oil Filter; and, a flyer, brochure, or other informational media approved by the City intended to educate Customers about the Used Motor Oil and Filter Collection program and the benefits resulting from the proper handling of Used Motor Oil and Filters. The Used Oil Recovery Kit is to be provided to Customers by Contractor to recover Used Motor Oil and Filter, and used cooking oil from Single-Family and Townhouse residents.

“Waste Reporting System” means an online/digital data system designated by Contractor for recording and documenting outreach, customer service, site visits, service levels, weights and volumes by waste stream, and field issues for compliance and reporting purposes.

“Working Days” means days on which the Contractor is required to provide regularly scheduled Collection services under this Agreement.

“Yard Trimmings” means those Discarded Materials that will decompose and/or putrefy, including, but not limited to, green trimmings, grass, weeds, leaves, prunings, branches, dead plants, brush, tree trimmings, dead trees, small pieces of unpainted and untreated wood, and other types of Organic Materials resulting from normal yard and landscaping maintenance that may be specified in County Legislation for Collection and Processing as Organic Materials under this Agreement. Yard Trimmings does not include items herein defined as Excluded Waste. Yard Trimmings are a subset of Organic Materials. Yard Trimmings placed for Collection may not exceed six (6) inches in diameter and three (3) feet in length and must fit within the Contractor-provided Container.

“Zero Emission Vehicle” means a vehicle that produces no emissions of criteria pollutants, toxic air contaminants, and greenhouse gases when stationary or operating, as determined by the California Air Resources Board.

Exhibit B

SCOPE OF WORK FOR COLLECTION OPERATIONS

SECTION 1- GENERAL REQUIREMENTS

1.1 General Requirements for Collection and Billing.

The Contractor shall Collect, Transport, and Dispose of all Solid Waste and shall collect and recycle marketable Recyclable Materials and Organic Materials which are placed for collection at Residential Premises, Commercial Premises and at County Facilities at which the Solid Waste, Recyclable Materials and Organic Materials are generated. Organic Materials collected at Residential Premises are limited to Yard Trimmings in accordance with the High Elevation Waiver.

Contractor shall prepare bills for all Customers that clearly and accurately list Rates in effect at the time services were provided or for the period in which services will be provided. Bills shall fully explain and display all calculations of each charge. Such charges shall not exceed the Rates established by the County. Any disputes related to charges shall be resolved by County. Contractor shall submit to County, sixty (60) days prior to its use, a draft of bill format(s) and a line-item description for each charge, together with an example of a completed bill for an individually serviced Residential Premises, a centrally billed Homeowners Association and a Commercial Premises with compactor and recycling collection services, for review and approval. Contractor shall also, at the same time as submittal of the draft above, submit a draft of a conveniently sized listing of services and maximum Rates in effect that may be distributed to, and retained for reference by, all Customers.

1.2 Changes in Collection Services.

Contractor shall be responsible for: (A) establishing services for new Customers and (B) stopping services and preparing a final billing on a pro rata basis for a Customer permanently discontinuing service. Contractor shall, for approval of County, develop a procedure and confirmation form to document requests for commencement and termination of, and changes in, service. Customers shall be provided a copy of the confirmation form noting effective date of start-up, change, suspension or termination in collection services and other pertinent details, such as data of issuance of refund for services not provided but for which Customer has paid.

1.3 Changes in Scheduled Days of Collection.

Once a schedule of collection days for Solid Waste, Recyclable Materials and Organic Materials has been established for Residential Premises, the schedule shall not be changed without the prior written approval of County. Contractor shall request approval from County ninety (90) days prior to planned change in a scheduled day of collection for Residential Premises. As a condition of approval of such a change, County may require Contractor, at Contractor's sole expense, to notify residents of the change by first-class postage. All details and scheduling of such notices shall be subject to approval by the County.

Scheduled collection days for Solid Waste, Recyclable Materials and Organic Materials may be changed at the request of the Occupant or property manager of any Commercial Premises without the approval of County. The County will determine the final schedule of collection days, in the event a disagreement arises between Contractor and a Customer or Solid Waste-generator at a Commercial Premises.

1.4 Containers for the Collection of Solid Waste, Recyclable Materials and Organic Materials.

Contractor shall be responsible for furnishing new or refurbished Containers as detailed in Sections 1.4.1 and 1.4.2 below. All Containers will be consistently color-coded. The color-coding scheme shall be universal black body and black lids for Solid Waste, green for residential Yard Trimmings, green for non-residential Food Scraps and Yard Trimmings, and blue for Single-Stream Recyclable Materials. Containers for Recyclable Materials and Organic Materials shall have messages/graphics on the exterior designed to prevent Customers from placing materials that would contaminate the Recyclables/Organics Containers and the text/graphics shall be approved by County before Containers are ordered.

1.4.1 Containers for Residential Premises.

Contractor shall furnish to each participating Residential Premises: (A) one Animal-Resistant Solid Waste Cart of ninety-five (95) or sixty-five (65) gallon capacity; (B) one Recycling Cart of ninety-five (95) gallon capacity; and (C) up to two Organic Material (Yard Trimmings only) Carts of ninety-five (95) gallon capacity. Each Cart will be equipped with a hinged or otherwise attached lid, and wheels for maneuverability. As to (A) above, Residential Premises that have Bear Boxes may elect to continue to provide their own Solid Waste Container(s) or sign up for the new Animal-Resistant option, but a combination of both Containers will not be allowed. Residential Customers that request an additional Solid Waste Cart will be charged for the cost of the cart.

At any time Contractor distributes a Cart to a Residential Premises, Contractor shall also deliver to the Premises an informational brochure, describing the curbside recycling program, listing in detail all types of Recyclable Materials that will be collected and how they are to be prepared, days of collection, Cart location requirements, and other pertinent information. This brochure shall be submitted to County for approval ninety (90) days prior to the initial delivery of the Containers. County may direct that the brochure be periodically updated as needed, but not more often than once annually. All costs associated with the preparation of a professional, well-formatted and designed brochure, including photographic examples of Recyclable Materials and Containers, costs of printing, labeling, and mailing (first class postage) shall be borne by Contractor.

1.4.2 Containers for Commercial Premises and County Facilities.

Contractor shall furnish 1-3 yard Bin(s) for Yard Trimmings, and/or Food Scraps, and ninety-five (95) gallon Carts on an as needed basis, to Commercial Premises and at County Facilities, except that Customers located at any of the above Premises may, at their sole discretion, lease and/or purchase Compactors from any Person, including, but not limited to, Contractor, for use at their Premises.

SECTION 2- COLLECTION SERVICES

Contractor will provide Semi-Automated Residential Single-Stream Recycling and Organic Materials (Yard Trimmings only) Curbside Collection on the same day of the week as Solid Waste Collection.

2.1 Collection Methodology

The goal of the transition team is to minimize disruption to Customers while making an efficient transition to the new 3-Cart Semi-Automated Waste Collection. The Service Area will be divided into Collection areas that can each be serviced one day per week. In that way, the Customer will see trucks in their area only on one day per week. Environmental impacts are reduced, and Collection efficiency will be increased.

2.2 Single-Family Residential Basic Level of Service.

The basic level of service for a Single-Family Residential Premises includes Curbside Collection of: (A) once weekly Solid Waste provided by Semi-Automated Collection; (B) every other week Single-Stream Recyclable Materials, and (C) every other week Organic Materials (Yard Trimmings only). Disabled, frail and elderly Residential Customers shall be provided house service at no additional cost once properly vetted and confirmation has been established by Contractor. Contractor will have eight (8) Collection vehicles, consisting of four (4) rear loader Semi-Automated 27 cubic yard, four-axle vehicles, and four (4) Ford 650, 14 cubic yard side-load manual vehicles, collecting Solid Waste daily Monday through Friday.

2.2.1 Shared Service Containers

Single-Family Residential Customers will be allowed to share Recyclables and Organic Materials Carts if space is an issue so long as both Customers are signed up for Solid Waste service.

2.2.2 Unlimited Recyclable Material and Yard Trimmings Drop Off

Throughout the year, Residents of the County showing proof of address will have unlimited drop-off rights for Single-Stream Recyclable Materials and Yard Trimmings at South Tahoe Refuse Transfer Station free of charge.

2.3 Commercial Service

Commercial Solid Waste Collection will be Semi-Automated. Manual Collection will be reserved for locations where Semi-Automated Collection vehicles are too large. Most Collection will be with a front loader. Contractor will encourage Commercial Customers to use a large Container and minimize the frequency of Collection to reduce traffic and environmental impact and increase Collection efficiency.

The basic level of service for a Commercial Customer includes:

- Regularly scheduled Semi-Automated Collection of Solid Waste based on a schedule that best serves the Customer's needs and the Collection situation. For example, a restaurant with wet waste may be serviced with a smaller Container collected more frequently than an office building with dry waste.
- Semi-Automated Collection if the Customer can be served using Residential-sized Carts.
- Front loader Collection, with Bins, if the business size of the Customer is larger.

As part of the Public Outreach Program, Contractor staff will meet individually with Commercial Customers generating 2+ yards of Solid Waste per week to decide on appropriate levels of service. At

that time, and in later public education communications, Customers will be encouraged to expand their Organic Materials Collection program.

Customers with excess Solid Waste will have the option to call twenty-four (24) hours before their next scheduled Collection day to request extra service. Contractor will notify the driver on a daily basis about all excess Collections. If a driver encounters excess Solid Waste and it is not listed on their daily work papers, they will contact the office, who will contact the Customer to authorize Collection. Unless a Customer has requested that excess Solid Waste should never be collected, the driver will be instructed to collect excess without Customer approval.

2.4 Multi-Family Residential Service

Multi-Family Residential Premises may be serviced either as (A) Single-Family Residential Customers as described in Section 2.2 above, or (B) as Commercial Customers as described in Section 2.3 above, which include dwelling units in Multi-Family Residential Premises that are not provided individual Collection service nor directly billed by Contractor, but are instead serviced through central Collection by Bin, roll-off Box and/or Compactor and billed through a Homeowners Association or property manager.

Contractor shall offer Single-Stream Recycling service to all Multi-Family Residential units. Contractor shall also provide Organic Materials Collection services (Yard Trimmings only) to all such units unless the County grants either a de-minimis waiver or space waiver under Section 4.9.2 of the Agreement.

2.5 Recyclable Materials Collection

Single-Family Residential Recyclables Collection will be bi-weekly Semi-Automated on the same day as Solid Waste Collection. Customers will be instructed to place their Carts at the curb by 7 a.m. Collection will start at 7 a.m.

2.5.1 Collection Methodology

All Recyclables Containers will be SB 1383 color-coded and will be properly labeled. Customers will be given a blue Cart that will have a molded graphic indicating the Recyclable Materials that are to be placed inside. All will be given 95-gallon Carts for the initial roll-out. They will have the choice of a 65- or 95-gallon Carts thereafter.

2.5.2 Single-Family Residential Service

Similar to Single-Family Residential Solid Waste Collection, Contractor will have four vehicles collecting Recyclables and Organic Materials daily, with each truck equipped with Semi-Automatic or manual Collection services. For bi-weekly Collection, the Customers in the entire service area will receive Recyclables Collection for one week and Organic Materials Collection the following week.

2.5.3 Multi-Family Residential Service

Services to Multi-Family Residential Customers will parallel the Collection program for Solid Waste. For example, if the Multi-Family Residential Premises manager has elected to have each unit receive individual Solid Waste service, each will also receive Single-Stream Recycling service, provided

each unit has enough space. If the Multi-Family Residential Premises manager has elected to have centralized Solid Waste service, the complex will also have centralized Recycling Collection and Organic Materials Collection service. The Container will be a large Bin or multiple 95-gallon Carts, depending on the needs and space available in the complex. If they have Bin service, they will get weekly service.

2.5.4 Commercial Service

Recycling Collection service will continue to consist of Recyclables mixed with Solid Waste and separated at the Approved Recyclable Materials Processing Facility.

2.5.5 Excess Recyclables

Excess Single-Stream Recyclable Materials from Single-Family Residential Premises and Multi-Family Residential Premises will be picked up if contained in a 20-32-gallon plastic Rubbermaid-type Customer Owned Container with a tight-fitting lid and weighing less than 30 lbs. Customers will need to call in advance. If it becomes evident that a Customer continually generates excess materials, the Customer will be given additional or increased sized Container(s).

2.6 Collection of Yard Trimmings / Food Waste.

2.6.1 Single-Family Residential Service

Semi-Automated Yard Trimmings collection will be bi-weekly on the same day as Solid Waste Collection. Customers will be instructed to place their Carts at the curb by 7:00 a.m. Collection will start at 7:00 a.m. Customers will be provided a green Cart that will have a molded graphic indicating the Yard Trimmings material be placed inside. They will have the choice of one or two 95-gallon Carts at no additional charge. More than two Carts will be provided at Contractor's cost. Similar to Recyclables Collection service, Contractor will have four vehicles Collecting Recyclables daily. For bi-weekly Collection, the Customers in the entire service area will receive Recyclables Collection one week and Yard Trimmings Collection the following week.

2.6.2 Multi-Family Residential Service

Services to Multi-Family Residential Customers will parallel the Collection program for Solid Waste. The frequency of Yard Trimmings Collection service will be bi-weekly. The service will also use Carts. If the Multi-Family Residential Premises manager has elected to have centralized Solid Waste service, the complex will also have centralized Recycling and Yard Trimmings Collection service. The Container will be a Bin or multiple 95-gallon Carts, depending on the needs and space available in the complex.

2.6.3 Commercial Service

Contractor will offer separate Collection service for Foods Waste, on the one hand, and Yard Trimmings and other Organic Materials suitable for Composting, on the other hand, to all Commercial Customers that generate 2+ cubic yards of Solid Waste per week. Contractor shall charge Customers for Collection of Food Waste and Yard Trimmings as part of the Commercial Food Waste Collection program at the Rates in Exhibit G2, as may be adjusted in accordance with the Agreement. Contractor, in

coordination with County, will offer training and instruction for all Commercial Premises participating in the Food Waste Collection program.

Food Waste Collection will be by 95-gallon Cart or 1-3 cubic yard Bins and will accept all Food Waste, aside from Food-Soiled Paper. Separate Bins for Yard Trimmings will be provided upon request. Commercial Premises can share Food Waste Bins if it is most efficient and is desired by the Customers. All Commercial Bins are equipped with a locking bar to help minimize Contamination and illegal dumping. Ninety-five (95) gallon Carts for Food Waste will be available for those Customers that have adequate indoor storage.

2.6.4 Excess Yard Trimmings

In the event that a Residential Premises produces extra Yard Trimmings that do not fit in the Cart(s) provided, such material must be contained in a 20-32-gallon plastic Rubbermaid-type Customer Owned Container with a tight-fitting lid and weigh less than 30 lbs., and placed Curbside. Customers will need to call in advance. If it becomes evident that the Customer continually generates excess materials, the Customer will be given additional or increased sized Container(s).

2.6.5 Composting of Yard Trimmings / Food Waste

Food Waste and other Organic Materials suitable for Composting Collected by Contractor shall be delivered to an Approved Organics Material Processing Facility for anaerobic digestion and/or Composting. If Contractor learns that an Approved Organics Material Processing Facility is no longer Composting materials as agreed, or is out of compliance with local, state, or federal operating permits, laws or regulations, or is processing and/or using Food Scraps materials in such a way that the Food Waste Collected from within the County will not count as materials diverted from the Solid Waste stream for purposes of SB 1383, Contractor shall notify the County within five (5) days.

2.6.6 Yard Trimmings Drop-Off at Approved Transfer Facility

Contractor shall provide free Residential drop-off for all Yard Trimmings on an unlimited basis, with proof of residency at the Approved Transfer Facility Monday to Friday 8 a.m. to 5 p.m. Yard Trimmings must be free from all contamination by other materials to be accepted. Contaminated material will be charged current drop-off fees as described in Exhibit G2, as may be amended in accordance with the Agreement. Additionally, Contractor will annually hold four (4) free drop-off days for Commercial Customers. Yard Trimmings received by Contractor shall be delivered to an Approved Organics Material Processing Facility for Composting.

2.6.7 Food Waste Drop-Off at Approved Transfer Facility

Contractor shall provide free Residential drop-off for Food Waste for all Residential Customers at no cost on a weekly basis at the Approved Transfer Facility every Tuesday and Wednesday from 8 a.m. to 5 p.m. Drop-off days and time can be adjusted annually as needed based on community demand, available space, and processing costs. Food Waste received by Contractor shall be delivered to an Approved Organics Material Processing Facility for Composting.

2.7 Changes in Collection Service

Customers may, at any time, decrease the frequency of Collection and/or the number of Containers for Solid Waste commensurate with the amount of Organic Materials diverted by any composting programs, projects or activities undertaken by Customer.

2.8 Cooperative Arrangements

The County currently allows Premises to share Organic Materials Bins if it is most efficient. County may permit Customers to form cooperative arrangements and enter into written agreements with other Customers to aggregate Solid Waste, and/or Organics or some category thereof, and to share, in any manner mutually agreed to by such Customers, the reduced Collection charges, therefor. All services will occur at the paying Customer's address only.

2.9 Consultations and Technical Assistance

Contractor will provide Composting Training and assistance, upon request, for on-site Composting programs and other Solid Waste and Composting-related activities to assure Customers reduce contamination and increase diversion.

2.10 Notice to Commercial Customers

Contractor shall make annual site visits to each Commercial Customer that ranks in the largest 25 Solid Waste generators in the County. The site visits are to notify the occupants thereof of alternative methods of source reduction and Recycling and other supportive services available. Such contact shall include a brochure as described in Exhibit C. Contractor shall work with the County to provide waste stream audits, as requested, and provide Compost training and report to Customer on opportunities available to start up or increase Diversion. Contractor shall additionally make phone and/or email contact with each Commercial Customer annually to ensure that Solid Waste service is adequate and provide information that is provided in site visits.

2.11 Temporary Bin

Contractor shall provide, on a temporary basis, Containers for the purposes of collection of Solid Waste, Recyclable Materials, and Organic Materials at the request of Customers. Services shall be provided at Rates in Exhibit G2, as may be adjusted in accordance with the Agreement. Such temporary service shall be provided, by way of example but not limitation, to sites where construction and /or demolition activity, replacement of roofs or paved areas, or replacement or maintenance of landscape materials is occurring. Collection shall occur on an as-needed, on-call basis, within seventy-two (72) hours of a request, or may be regularly scheduled, as determined by the Customer.

Contractor shall use commercially reasonable efforts to inform Customers utilizing Bins on a temporary basis that materials being generated may be Recycled and/or Composted. Such efforts include contacting the Customer, completing a waste audit, preparing a cost analysis, and demonstrating any costs savings (if applicable) due to lower Collection charges and adjusting services as selected by Customer. The County may require at any time, and Contractor shall provide in the quarterly report to the County in a form approved by the County, the results of such efforts, including written communications, list of persons contacted, Recycling and Composting training provided, and results achieved.

2.12 Cost and Operational Data

Contractor shall record the tons collected, number of stops, number of participating Customers, number of routes, labor hours, cost, and other pertinent data, as may be required by the County, in a format approved by County and shall submit said data on a quarterly basis, beginning one month after inception of the 3 cart-program. The County may require submission of additional information from Contractor as necessary or desirable in order to evaluate the productivity, cost, benefits and potential diversion opportunity of the program and to report data to state and federal agencies.

SECTION 3 – COUNTY FACILITIES AND COLLECTION SERVICES

3.1 Collection Services at County Facilities.

Contractor shall provide Collection of all Solid Waste, Recyclable Materials, Organic Materials, E-Waste, tires, Bulky Items, and metals generated at any Premises owned and/or operated by the County at Collection service Rates established in Exhibit G2, as may be adjusted in accordance with the Agreement. Collection shall be at a time convenient for the County. Occasionally, the County may direct Contractor to change frequency of Collection, number and/or type of Container(s) provided, or method of Collection. The County shall receive all the Recyclable Materials and Organic Materials Collection services as well as Self-Haul opportunities, provided to Commercial Customers, with the exception of disaster wastes for which Contractor may charge the County the current Commercial Rate (to the extent that the County directs Contractor to collect disaster wastes).

SECTION 4- SPECIAL SERVICES

4.1 Bulky Item Collection Services.

Contractor shall provide two (2) Bulky Item Collections per year to each Single-Family Residential Customer at no charge, with the follow limitations:

- Weight limit of 150 lbs.
- Must be placed on the road.
- None of the following allowed – electronics, Freon containing items, hot tubs, wood burning stoves, boats, and vehicles.

Customers will be required to call and schedule a pickup. The number of pickups will be tracked internally using Contractor's EnCore Waste Management Software. Customers will be informed via quarterly billing statements and local outreach (i.e., website and newsletters). All Bulky Items collected will be brought to the Approved Recyclable Materials Processing Facility.

Contractor shall provide additional Bulky Item Collections to Single-Family Residential Customers, and Bulky Item Collections to Multi-Family Residential Customers and Commercial Customers, at a Rate in Exhibit G2, as may be adjusted in accordance with the Agreement.

Any Customer or the County may request Collection of one Bulky Item forty-eight (48) hours in advance and Collection shall occur on or before the Customer's next regularly scheduled Solid Waste Collection

day. Bulky Items shall be Collected at, or reasonably near, Curbside, giving due consideration to circumstances of access points, vehicular and pedestrian safety, and the like, in accordance with the scheduled appointment time established by Contractor, which shall in no case be earlier than 7 a.m. local time.

All Bulky Items Collected will be disposed of with the following hierarchy:

1. Reuse as is (where energy efficiency is not compromised)
2. Recycle
3. Disposal

4.2 Hours of Collection.

Collection of Solid Waste, Recyclable Materials and/or Organic Materials are set forth in Section 5.2A of the Agreement.

4.3 Special Events.

From time to time, the occupant of a Premises or the coordinator, manager or sponsor of a special event, such as a wine tasting, marathon or bike race or other sporting event, a grand opening of a Commercial Premises, concerts, art shows, trade fairs, conventions, and the like, may require the services of Contractor in Collecting, Disposing, Recycling, Processing, and Composting of Solid Waste, Recyclable Materials, and Organic Materials. Contractor shall assist each event in designing and implementing services to provide for the containment, Collection, Recycling, Composting and/or Disposal of Solid Waste, Recyclable Materials, and Organic Materials preceding, during and after the special event. Contractor shall work with the County to ensure Recycling and Composting are maximized at these events to the greatest extent feasible. Contractor shall charge the occupant, coordinator, manager, or sponsor of a special event a Rate in Exhibit G2, as may be adjusted in accordance with the Agreement.

Within thirty (30) days of the end of the event, Contractor shall provide a written report to occupant, coordinator, manager or sponsor of the event with a copy to the County Event Coordinator and Sustainability Coordinator, listing total tons of Solid Waste, Recyclable Materials and Organic Materials, by individual category, Collected as well as the facilities to which the Solid Waste, Recyclable Materials and Organic Material were delivered, together with copies of weight tickets and other pertinent supporting cost documents.

4.4 Holiday Greenery Collection and Recycling.

Contractor shall accept Christmas trees and other holiday greenery for free at the Approved Recyclable Materials Processing Facility on regular operating hours for Residential Customers from December 26 through January 15. Residential Customers shall be instructed on how to prepare holiday greenery for Recycling and/or Composting. Trees and greenery that have been flocked or contaminated by tinsel shall be delivered to the Approved Transfer Facility.

4.5 Contamination Notices.

If Prohibited Container Contaminants exceed twenty (20) percent in a Single-Stream Recyclable Materials Container or an Organic Materials Container, Contractor shall work with the Customer or on-

site property manager to reduce Contamination. Drivers of Collection trucks shall have tablets and shall take pictures of loads exceeding the twenty (20) percent Contamination limit. Contractor shall record Contamination incidents on Customer accounts to include date of incident, record of picture taken, and type of Contamination. Contractor shall send Customers a letter stating date and nature of Contamination and shall include a copy of the picture(s). Contractor shall charge for three or more Contamination incidents after Customer receives two written warnings for Contamination within one calendar year at a Contamination Processing Fee established by the County.

Contractor shall notify Customers of failure to properly separate materials or to minimize Contamination. This notice shall be pre-approved by the County. Notices shall also include actions that may be taken by Customers to correct the identified problem and a telephone number to contact to arrange for Collection. Contractor shall Collect within twenty-four (24) hours, once the reason or reasons for initial non-Collection are cured. Contractor shall provide a quarterly list of accounts receiving a Contamination notice to the County for follow-up.

The following table lists various Recycling streams to be Collected. This list includes items to be accepted in the Single-Stream Recycling stream and items that are considered a contaminant in the Recycling stream.

**Table 4-1
Recycling Streams and Contaminants**

Recycling Stream	Material	Acceptable Materials	Unacceptable (Contamination) Materials
Single-Stream Recycling		Newspaper, phonebooks, catalogs, magazines, brown paper bags, packaging, egg cartons, white paper, colored paper, envelopes (windows are not contamination), junk mail, glossy paper, shredded paper (in clear bags), carbonless paper, chipboard/boxboard, cardboard, wrapping paper, Empty aluminum cans, empty tin cans, juice containers, beer containers, sauce containers, Soda cans, tuna cans, soup cans, loose jar lids, empty aerosol, empty glass beverage	Paper tissues, paper towels, paper with plastic coating (i.e. photographs, label paper), paper with food, wax paper, foil lined paper, Tyvex (non-tearing) envelopes, plastic and non-paper bags, non-rigid plastic packaging, plastic liners (i.e. cereal bags), Windows, mirrors, dishware, ceramics, light bulbs, florescent tubes, wood furniture, Styrofoam, Solid Waste, Hazardous Waste, hard cover books/manuals, Pyrex materials, fiberglass materials, Universal Wastes such as household batteries, fluorescent

	containers, empty glass food containers, all glass colors, empty CRV and non-CRV plastic containers, trays and bottles #1 through #7, soft cover books/manuals, milk/juice cartons, plastic toys, plastic irrigation or PVC pipe, rigid	lamp and ballasts, bubble wrap, tarps, textiles, clothes, shoes, E-Waste and small manufactured goods (e.g. purses, handbags and backpacks)
	plastic sheets or panels, empty plastic buckets and baskets, empty plastic flower pots, plastic crates and carts	
Yard Trimmings	Loose green material from the yard, grass clippings, leaves, weeds, tree prunings, bush prunings, plant material, vineyard clippings, tree trunks/stumps/branches 3" or less in diameter	Rocks, dirt, plastic bags, Solid Waste, Single-Stream Recyclables, pet waste, Hazardous Waste, tree trunks/stumps/branches greater than 3" in diameter
Food Scraps	All food, fruits, vegetables, meat, poultry, seafood, shellfish, bones, rice, beans, pasta, bread, cheese, eggshells, wood crates, sawdust,	Solid Waste, Single-Stream Recyclables, liquids, Hazardous Waste, rocks, dirt, pet waste, cloth or plastic diapers, napkins, paper towels, tissue products, paper napkins, paper plates and cups, coffee filters, tea bags, waxed paper, butcher paper, paper take-out boxes and containers, greasy pizza boxes, soiled paper bags and cardboard, waxed cardboard., packaged organics,

Wood (C&D)	Non-treated wood, stained wood, wood with nails, wood with small metal items, tree trunks/stumps/branches (free from leaf and brush material)	Painted wood, lacquered wood, creosote treated wood, railroad ties, telephone poles, excessive nails, large metal items, Hazardous Waste
Chipped Wood (C&D)	Pre-chipped tree trunks/stumps/branches or pre-chipped untreated wood with no metal items	Chipped wood with metal items, chipped Yard Trimmings, chipped treated or stained wood
Concrete (C&D)	Clean concrete, concrete with rebar, asphalt not exceeding 5% of incoming load by weight, bricks, ceramic tiles, baselite blocks, concrete roof tiles, concrete pipe without asbestos	All Solid Waste, all other non-concrete materials such as stucco, Hazardous Waste including concrete pipe with asbestos, asphalt exceeding 5% of incoming load by weight
Asphalt (C&D)	Clean broken asphalt pavement with dirt not exceeding 5% of incoming load by weight	All Solid Waste, all other non-asphalt materials, Hazardous Waste, dirt exceeding 5% of incoming load by weight

Metal (C&D)	Ferrous metal, non-ferrous metal	Items less than 90% metal, fluids, Hazardous Waste, all Solid Waste
Dry Wall (C&D)	Clean dry wall (gypsum)	All Solid Waste, all other non-dry-wall materials such as stucco, Hazardous Waste
Carpet	Clean and dry carpet from residential and Commercial buildings; can be Carpet 6, Carpet 66, and carpet made from all other materials including PET, wool, and other natural and synthetic fibers	All Solid Waste and other materials, Hazardous Waste, dirt, astroturf, carpet padding
Carpet Pad	Clean and dry carpet pad from residential and Commercial buildings	All Solid Waste and other materials, Hazardous Waste, dirt
Cardboard	Clean cardboard, chipboard	Wax cardboard, all Solid Waste, all non-cardboard items, Hazardous Waste
Mixed Construction and Demolition	All concrete materials, all metal materials, all wood materials, all cardboard materials, all Yard Trimmings materials, drywall, dirt, soil, asphalt	Solid Waste, all food waste, Hazardous Waste

4.6 Website.

Contractor shall create and maintain a website with information on all the County's Solid Waste, Recycling, and Composting programs.

4.7 Seminars, Workshops, Presentations, Meetings.

Contractor shall ensure the attendance of qualified and knowledgeable employees of Contractor, on an as-requested basis, at local seminars, workshops, presentations, meetings, and the like, to provide information or discuss matters related to Solid Waste management and Recycling.

4.8 Proposals for New Diversion Program.

In accordance with Section 3.5 of the Agreement, Contractor shall, at no additional cost, within thirty (30) days of a request by County, submit a written proposal on providing additional or expanded Diversion services. The proposal shall contain a complete description of the following: (A) Collection methodology to be employed; (B) equipment to be used and staffing requirements by number and classification; (C) type of Container(s) to be used; (D) informational/promotional campaign; and (E) projection of annual operating costs, including documentation of and support for key assumptions underlying projections.

Section 5: Transition Plan

A well-managed transition is critical to establishing the foundation for a successful franchise. During transition, the people, systems, procedures, and resource applications crucial for a smooth-running franchise will be put in place. During the transition period, all aspects of Collection will be addressed including customer service, worker health and safety, work quality, staffing, skills, vehicles, and equipment. Contractor's team will prioritize the resolution of any start-up issues. Contractor will utilize the transition period to identify and make service improvements. Contractor will work diligently with all parties to accomplish a seamless transition.

5.1 Implementation Plan For Collection

Collection services will continue to operate during the transition of the replacement of Customer owned cans with the new 3-Cart Collection Program. Vendors for this equipment have committed to meet the time frame with the current overall Implementation Schedule (Exhibit B8).

Contractor has placed orders for new vehicles and equipment and will be tracking the progress of these deliveries and installations over the next year. To date, nine new vehicles have been ordered and will be arriving in early 2024. Contractor will update County staff during monthly meetings regarding delivery and deployment of these vehicles and other equipment installations.

Beginning June 1, 2024, weather permitting, Contractor will begin delivering Solid Waste, Recyclable Materials, and Organic Materials Carts to all Single-Family Residential Customers. Contractor will continue normal Residential and Commercial Collection until all Carts are delivered. The new 3-Cart Collection Program will begin by September 1, 2024. Contractor may request an extension from the County based on good cause, which the County may grant or deny within its reasonable discretion.

5.2 Contractor Transition Timeline

By September 1, 2024, Contractor will start Collection service with the 3-Cart Collection Program. Contractor Managers will work with the County through all aspects of the transition, which can be categorized as follows:

- Transition Management
- Personnel hiring and training
- Detailed collection routing
- Education and outreach campaign development and implementation
- Customer service coordination
- Customer Collection assurance
- Carts/Bins acquisition and delivery

Beginning in the fourth quarter of 2023, Contractor will begin working closely with the County to review and update the overall service Implementation Plan (Exhibit B8) and confirm the transition period for the Public Outreach and Education Program (Exhibit C). This will include, but may not be limited to, the following:

- Coordinate with the County to finalize the Public Outreach and Education Program to be inclusive and consistent across all service areas.
- Conduct early surveys to better understand community needs and begin the process of gathering more demographic data.
- Develop and confirm new Cart design and labeling.
- Implement other activities to extend the reach of the transitional public outreach and education program as determined by Contractor and County Staff.

Contractor will work closely with the County to establish accountability throughout the transition effort. Regular check-in meetings will be established between the two parties, ensuring fluid communication and maximum efficiency.

During the transitional period, the team will establish contact with Customers in the County, preparing them for the change in service and sharing tips for sorting Residential and Commercial waste, per the Education and Outreach Plan (Exhibit C).

5.2.1 New Collection Services Implementation Tasks

- The County approves and executes the Agreement with Contractor.
- Container mobilization for Carts and Commercial Bins.
- Contractor will direct the Container manufacturers to ship Carts to a central staging area. The local distribution company will deliver Containers prior to the determined start-up service date.
- Driver and support staff training: Contractor will provide training on new service requirements and assignments. Drivers will be trained to use the Collection vehicles and equipment. Training will start at least 90 days prior to the start-up of the new services.
- Begin new services: Contractor will launch new Single Stream Recycling and Organics Collection and other services on schedule by July 15, 2024.

5.2.2 Carts and Bins

Contractor will place binding orders with the manufacturer(s) soon after the County approves the Agreement. The manufacturer, Rehrig, will provide firm production and delivery timelines and personnel training. Contractor will work with Rehrig to engage a subcontractor for Cart delivery. The initial order will be adequate to distribute Containers throughout the County. Benchmark dates for manufacturing, printing, and shipping will be agreed to by all participants and submitted to the County for approval. To ensure timely arrival, Contractor will conduct weekly update calls with Rehrig.

Cart deliveries to County residents will begin by June 1, 2024 and be completed by August 31, 2024. This schedule ensures complete delivery of Containers before the new Collection service begins on September 1, 2024.

Contractor will work directly with Customers to “right size” their Carts by conducting surveys and providing recommendations. This effort will:

- Optimize collection services and minimize expense for each Customer
- Maximize Solid Waste Diversion and Recycling
- Conserve Collection and Processing resources

Rehrig will record Cart and Container distribution with Customer name, address, Cart or Container size, Container distribution date, Container identification and serial number, that will be uploaded to Contractor’s EnCore Waste Management Software to use in billing, routing, reporting, and for service monitoring.

Cart delivery will be performed in all areas to the full satisfaction of every Customer.

Contractor’s maintenance staff will work closely with Contractor management and Rehrig personnel to sufficiently train personnel on Cart repair, Cart inventory and asset control best practices, and work-order protocol.

5.2.3 Vehicle Maintenance and Support

Contractor will continue to use its fully equipped and modern facilities and yard for equipment maintenance and repair for the new Collection fleet, as well as other activities. The facilities are capable of providing all maintenance requirements of the new vehicles and accommodates other activities including:

- Truck maintenance and repair
- Container maintenance and repair
- Vehicle cleaning
- Container cleaning
- Vehicle fueling
- Truck yard
- Dispatch, driver training, routing

- Large and bulky item recycling
- Used motor oil & filter recycling

5.2.4 Route Collection Staff

Contractor's Commercial Collection drivers are a main link to the business community. How their daily duties are performed contributes to business community perceptions of Contractor. Contractor will continue to provide a successful, multifaceted driver education program that stresses safety and Commercial customer service. Specific training of route personnel includes:

- Familiarity with Contractor company procedures and practices
- Familiarity with the truck equipment
- Use of personal protective gear
- Defensive driving training
- Spill response training
- Hazardous waste material identification
- Injury and illness prevention
- Customer service procedures and practices
- Thorough understanding of new Commercial Collection and Recycling Program

Section 6: Route Operations

All Collections will occur between the hours specified in Section 5.2A. of the Agreement. Contractor plans for on-route and on-board video recording and transmission to broaden the involvement of other colleagues and quicken our customer response, as thoughtful and quick responses result in higher customer satisfaction levels.

Collection drivers will report operational issues to a central dispatcher, who in turn will provide instruction or issue an electronic work order to customer service and the appropriate route supervisor. Should immediate action be required, the crew member will be able to connect with the supervisor directly. All supervisors will monitor communications and communicate directly with collection personnel. All vehicles and personnel will be assigned a mobile communications device and an on-board computer. On route GPS systems allow communication between supervisors, crews, dispatch, customer service, maintenance, and customer outreach personnel on a real-time basis.

Contractor's integration of Collection and Processing activities will enable routing changes to be suggested by the Approved Transfer Station management team, which plays an important role in evaluating the quality and preservation of Collected materials quality. Recommendations from the Transfer Station management team will enhance material Collection, as well as how the material is tipped at the facilities.

In addition, Contractor utilizes EnCore Waste Management Software which will help Contractor to track the locations of Collection stops, automatically associate Collection stops with Customers, and observe it all with system-managed time stamps. Drivers can easily log the precise activities that account for the full day, as they happen, with the easy-to-use Driver Display Terminal. The system will allow Contractor to output end-of-day paperless driver logs that immediately update real route history, by day, week, and month - for every Customer and every route. All daily operations are managed cleanly from inside the

back-office system. Routes are pushed to vehicles using dispatch screens, and at the end of day routes are updated automatically.

Section 7: Operations Plan

Commercial routes will be carefully planned so that Collection drivers follow assigned routes designed to optimize time in the field, personal safety, and responsiveness to Customer needs and concerns. The numbers of Commercial Cart and Bin stops per route depend on the location of that route within the County, street geometry, car parking, geography, and distance to the Approved Facility. Collection methods may be different at each stop, a circumstance that will be factored into each day's route and Customer service load. Based on future time and routing studies smaller Bins (1- to 2-yards) may take slightly longer to service due to their smaller size, low profile, and tendency to be overloaded compared to 3- to 6-yard Containers, which are typically located in such a position that the Contractor driver can directly access the larger Bins and lift and load them more efficiently. While the average time to lift and empty a Bin can be as little as 26 seconds, the range of time per Commercial stop can range from under a minute to 3-10 minutes, depending on Customer access and weather conditions.

In general, each Commercial Collection vehicle will be operated by one (1) FTE employee driver. Specific routes with difficult access may have a helper with the driver to get out of the truck cab and move a Cart or Bin into position for more efficient use of time and motion. In all Commercial collections, the Contractor driver ensures the lid of the Cart/Bin is closed before leaving the area and will clean up any litter as a result of the Collection activity.

Contractor will utilize its EnCore Waste Management Software system for each vehicle, recording driver, route, and Collection service data, and respond to on-route disruptions and additional service requests originating from Contractor offices, ensuring operational connectivity.

Exhibit C

Public Education and Outreach Plan

Section 1: General Services

Working together with the County, Contractor will use commercially reasonable efforts to meet the challenges of Diversion with tireless new ideas and technology, and by utilizing what works. Our landfill Diversion programs will continue to expand as our processing improves, our outreach succeeds, and we change waste generators' behavior. All the while, we will consistently work to operate efficiently and with our environment in mind.

1.1 Public Education Plan

To work toward zero waste, Contractor's will prioritize paperless outreach efforts whenever feasible. Contractor will educate the public on its comprehensive services, as well as provide information about increased Recycling options and resources. This public education will be accomplished through direct contact with Customers, effective marketing and PR material, advertising in the local media, involvement in community events, and diverse Recycling activities. Contractor will use the recent public educational experiences regarding the services in El Dorado County, as well as the experiences of both the County and Contractor, to help effectively educate the public.

Contractor's public education will include:

- Informational brochures, posters, signs, and toolkits
- Expanded single-stream Recycling educational information and outreach
- Quarterly newsletters
- Outreach to Single-Family Residential Customers through email, mailings, advertising, social media and community events
- Direct outreach to all Commercial and Multi-Family accounts
- Recycling educational programs and tours
- Yard Trimmings / Food Waste education and composting classes
- Information about the expanded Source Separated debris box collection
- School presentation and tours

The combination of these methods should increase Diversion in South Lake Tahoe/El Dorado County, as well as provide comprehensive information about all of Contractor's services. We fully expect that Curbside Recycling Collection, expanded Commercial Customer outreach and Recycling, Yard Trimming / Food Waste Collection, and increased Source Separated debris box service will keep Diversion rates above 50 percent.

Contractor will use a variety of public outreach methods to assure that all Residential and Commercial Customers receive all the information about the service change and new Recycling options. Contractor

will begin advertising, attending community events, distributing literature, and e-mailing service information immediately upon execution of the Agreement. These comprehensive public education programs will continue through the entire Agreement Term.

1.2 Presentations

Contractor will conduct Recycling outreach and public education presentations at various community events, schools, businesses, and more. Contractor will build on already established presentation plans and experience and conduct fruitful outreach to the South Lake Tahoe / El Dorado County community. Contractor will work with the County to identify community groups and will contact the community groups directly to schedule presentations. Service information and Recycling outreach will be given at the presentations, questions will be fielded, and various information brochures and handouts will be distributed. After the transition to the 3-Cart system, Contractor will continue to contact groups and businesses regarding presentations, as well as granting any presentation requests from the public. Additionally, Contractor will work with schools and teachers to conduct Recycling education and tours with student groups. Informational material will be continuously created and updated in order to provide the most effective information to the public.

1.3 Participation at Events

Contractor will provide informational materials and face-to-face education and support at ongoing community events. Contractor will work with the County to provide public outreach and Solid Waste, Recycling, and Organic Materials Collection service at County public events. Additionally, Contractor will have a comprehensive special event Recycling program that provides Recycling and Organic Materials consulting and Solid Waste, Recycling, and Organic Materials services to all special events, fairs, and festivals. Contractor will work with event producers, vendors, and the public to Divert a significant amount of special event waste and educate the public on waste reuse, reduction, and Recycling.

Contractor will also organize several community events, including an annual free tire drop-off event and four Yard Trimmings Collection and Composting events. All events will be advertised through the quarterly newsletter, billing inserts, and other advertising mediums. Contractor will work together with the County to organize successful events and to promote the year-round drop-off options at Contractor's Household Hazardous Waste and medical waste program. Contractor will provide service and support for additional community cleanup events throughout the year.

1.4 Recycling Outreach and Waste Characterization

Contractor will conduct Recycling outreach to increase Recycling rates, decrease Contamination and educate the public on all facets of the Recycling/Organic Materials program. This will include information about our Collection services, as well as expanded information about reduction, reuse, and Recycling options. Outreach materials will be designed and distributed to Single-Family Residential, Multi-Family Residential, and Commercial Customers.

Contractor will conduct site visits of all Commercial Premises in advance of any service changeover. These visits will include service level recommendations and tips on increased Recycling and Organic Material Diversion. Commercial Customers will be encouraged to increase Recycling and Organic Materials services as an environmental saving initiative. Contractor will provide personalized onsite training service in order to maximize Diversion rates. Contractor will continue to visit at least 20 percent of the Commercial and Multi-Family Residential Customers annually and conduct waste assessments and

audits as needed. Contractor will also conduct on-site assessments and trainings for any Commercial Customer upon request. This service will be announced through the website, e-mail, billing inserts, and other outreach.

1.5 Number of Employee Hours

Contractor will have a full time Environmental Compliance Manager. This sustainability professional will promote and maintain the public outreach program, work closely with the County, and strive to increase Diversion throughout the County.

1.6 Notice to Residents

Contractor shall annually notify each Single-Family Residential Customer of the opportunity to participate, at no additional charge, in the Curbside Recycling program, how to obtain a Container, or additional Containers if already participating, how to replace a lost, stolen or damaged Container, how to secure backyard service for disabled persons wishing to participate, shared Cart service, the benefits of Recycling to the community, and other information as may be appropriate. Contractor shall submit to the County by November of each year a notice for review and approval. All costs associated with the preparation of a professional, well formatted, and designed notice, as a pamphlet or brochure, costs of printing, labeling, mailing (first class postage) shall be borne by Contractor.

1.7 Notice to HOAs and Property Managers

Contractor shall annually notify each homeowner association (HOA) and property manager of every Multi-Family Residential Premises or mobile home park of each alternative method of Recycling and/or Organic Materials Collection service available to its residents. This notice shall include the following: (A) Collection from backyard, side-yard, closet, or other place of enclosure; (B) provision of a Bin or Bins in a central location, such as a work yard, for drop-off of Recyclable Materials; (C) community drop-offs available for use by residents; and (D) other available methods.

Contractor shall submit a draft notice to County for review and approval. All costs associated with the preparation of a professional, well-formatted and designed notice, as a pamphlet or brochure, printing, labeling and mailing (first class postage) shall be borne by the Contractor.

Contractor's Environmental Compliance Manager will meet with every Multi-Family Residential Premises manager at least once per year and attend Multi-Family Residential Premises related community meetings as requested by property managers. Contractor shall develop and provide the County with the collection plan for all new Multi-Family Residential Premises prior to commencement of service. Contractor shall provide literature and educational materials and communicate directly and in-person with participating Premises, and alert property or on-site managers where Contamination issues arise.

1.8 Billing Inserts, Website.

Contractor shall use either paper or electronic bill inserts to advertise programs and to distribute coupons for free processing of used tires and Bulky Items delivered to the Materials Diversion Facility by a Customer. Contractor shall make public education materials available to the County for placement on the County website. Contractor shall pay for advertising, development and printing for the programs listed in Table 1.

Table 1

Contractor Advertised Programs

Christmas Tree/Holiday Greenery Collection – First Saturday in January.

E-waste & Appliance Recycling Information – General information, distribution throughout the year.

Used tire Amnesty Coupon – Summer the County and Contractor have partnered to provide a “free disposal coupon” for self-hauling up to 9 tires per trip.

Commercial Free Green Waste Drop Off – 4 times a year

Special Event Brochure – Developed for those individuals who are planning a special event.

1.9 Brochure

Annually, at Contractor’s sole expense, Contractor shall prepare a professional, well-formatted and designed brochure that describes, at a minimum, the services available, benefits and cost savings that may result from participation in Recycling and Organic Materials Collection programs, availability of technical assistance from Contractor or other recycling companies and persons. Contractor shall submit to County for review and approval the brochure not later than ninety (90) days after the beginning of the Term. Contractor shall distribute the brochure via email, website, a first-class postage mailing, or in-person. Contractor is responsible for reporting to the County the results of phone and in-person contacts on an annual basis.

1.10 Non-Bill Mailing Lists

Contractor shall create and maintain a mailing list of all accounts that are not directly billed, so called “non-bill” Customers. Contractor may elect to utilize the services of a direct mailing service for these “non-bill” Customers. Examples of non-bill Customers are apartments, duplexes, mobile homes, condominiums, assisted living facilities, and other lease term/tenant situations such as a business park or strip mall. The mailing list shall be updated on an annual basis at a minimum and shall identify the number of non-bill Customers who are “on service” through a central billing or property owner/property manager. The programs requiring an annual mailing to non-bill Customers will include outreach and education materials. Additionally, Customers who prepay their bill annually and do not receive monthly bills shall be included on this mailing list (identified as “prepay” Customers) and shall also receive the outreach and education materials. It is the Contractor’s discretion to do a single mailing once a year or multiple mailings to disseminate the outreach and education materials.

Section 2: Public Education and Outreach for 3-Cart Program Transition

Contractor will partner with the County to develop public education and outreach materials and campaigns. In consultation with County staff, a Public Education Plan (PEP) will be developed during the transition planning period and presented to the County for approval.

2.1 Goals of Transition Education and Outreach Program

- Prepare Single-Family Residential Customers for changes in the new program, such as different trucks and/or multiple Collection vehicles on their route, as well as other operational changes such as pickup times, etc.
- Educate Customers about simple ways to move toward zero waste and create a personal connection to Countywide goals.
- Develop look and feel for materials and key messages.
- Provide key news media with background on Contractor team and 3-Cart Program.
- Develop partnerships with organizations, corporations, etc. for full implementation of outreach programs during contract.
- Finalize outreach details and budgets.

To achieve these goals, the team will use a highly visual and innovative outreach program to ensure significant behavior changes and the real-world success of the new Recycling Materials and Organic Materials Collection program. Ongoing route reviews and facility audits will measure Organic Materials Diversion and waste reduction and monitor the efficacy of outreach programs, allowing the team to continuously adjust programs and messages for maximum impact.

This will be an innovative and highly strategic outreach program that takes advantage of all available media and builds a connection to neighborhoods and communities in the County. Contractor will use motivational and culturally relevant techniques that prompt consumers to act, the outreach program will utilize the latest research in behavioral economics to create lasting changes on the habits of the County's residents and business owners. Contractor will weave in messages designed to prompt behavioral changes, using both cutting edge and traditional media elements that will earn consumer attention.

Contractor team members will work closely with the County to establish accountability throughout the transition effort. Regular check-in meetings will be established between the two parties, ensuring fluid communication and maximum efficiency.

Exhibit D

Reporting

The County reserves the right to require reasonable changes to the content and/or format of any and all reports that the Contractor is required to provide to the County under the Agreement or this Exhibit D. The County also reserves the right to require the Contractor to provide any other information that it reasonably deems necessary for effectively administering its franchise with the Contractor in a complete and timely manner, with the understanding that determination of additional information does not impose additional costs on the Contractor. Reports shall be submitted in electronic format, with all numeric information submitted in MS Excel.

Contractor must furnish County with any additional reports as may reasonably be required, such reports to be prepared within a reasonable time following the reporting period. Contractor will provide reasonable assistance to County in preparing annual reports to CalRecycle (the "Electronic Annual Report" or EAR), including but not limited to supplying required data for preparation of the reports, and completing all required data input in the waste reporting software system. In the event that CalRecycle requires County to report an Implementation Schedule to comply with AB 341, AB 1826, SB 1383, SB 1594 or any other Applicable Laws, Contractor will provide assistance to County in preparing a report, including Contractor's policies and procedures related to compliance with AB 341, AB 1826, SB 1383, or any other Applicable Laws, how Recycling or Organic Materials are Collected, a description of the geographic area, routes, list of addresses served, the method for tracking Contamination, copies of route audits, copies of notices of Contamination, copies of notices and/or violations, copies of education and enforcement actions issued, and copies of educational materials, flyers, brochures, newsletters, website, and social media.

Annual Reports

Annual reports are to include the information listed under the headings "Monthly/Quarterly Reports" and "Annual Reports – Additional" below, at a minimum, compiled and reported for each month of the year, and as an annual total. Annual totals are also to be provided for all previous years of the Agreement for purposes of comparison. The information listed below shall be the minimum reported for each service. To the extent that the requested information is not tracked directly by the Contractor or cannot be specifically established due to the nature of the Contractor's operations, the Contractor shall present to the County a proposed method for estimating the required information, the reasonableness of which shall be subject to the approval of the County.

Monthly/Quarterly Reports

1. Compliance Reviews. Contractor shall report the date that compliance reviews were conducted, and the name and title of each person that conducted the reviews. Contractor shall report the results of the review (i.e., Contractor's findings as to whether the Service Recipients reviewed are subscribed for Organic Materials collection service, have an applicable waiver, or neither) and any relevant evidence supporting such findings (e.g., account records). Contractor shall provide copies of any educational materials issued pursuant to such reviews. Contractor shall report to the County all Customers

discovered to be out of compliance with the SB 1383 Regulations, including a list of the Customers, the type of violation, actions taken to educate those Customers, and contact information for those Customers. This includes identifying Residential and Commercial Customers that are subscribed to Solid Waste Collection service but that are not subscribed Organic Materials Container Collection service. Contractor must also provide the following information:

- The total number of Non-compliance complaints
- Total number of waiver requests

2. Contamination. To the extent required by Applicable Law, the quarterly report must include a summary of all instances of qualifying Contamination under the procedures in Section 4.10 of the Agreement. This summary must include the total number of accounts where Contamination occurred, the total number of Contamination Violation Notices issued by Contractor to Customers, a list of accounts where such notices occurred, and the total number of instances where Container size or Collection frequency was increased specifically due to Contamination. Within twenty (20) Work Days of request by County, Contractor will provide copies of the Contamination Violation Notices and the digital documentation of Contamination. The quarterly report must include each Customer incurring a charge for Contamination in the previous quarter. Contractor shall provide a description of Contractor's process for determining the level of Container Contamination under the Agreement. Contractor shall provide documentation relating to observed Prohibited Container Contaminants, whether observed during route reviews or otherwise. Contractor shall provide copies of the form of each notice issued to Customers for Prohibited Container Contaminants, as well as, for each such form, a list of the Customers to which such notice was issued, the date of issuance, the Customer's name and service address, and the reason for issuance (if the form is used for multiple reasons). This information will also be provided monthly to any other government entity approved by the County. Contractor shall report the number of times notices were issued to Customers for Prohibited Container Contaminants and the number of Containers where the contents were disposed due to observation of Prohibited Container Contaminants.

3. Collection Overage Charges. The quarterly report must include each Customer incurring a fee charge for an overage in the previous quarter.

4. Service Recipient Complaints Log. The quarterly report must include the Customer call log collected from the previous quarter, including a summary of the type and number of complaints and their resolution.

5. Missed Pickups. The quarterly report must include a summary of each Customer experiencing a missed pickup in the previous quarter along with a description or the reason for the missed pickup.

6. Non-Collection. The quarterly report must include a summary of each Customer receiving a Non-Collection Notice in the previous quarter along with a description for the Non-Collection Notice.

7. On-hold Accounts. The quarterly report must include each Customer that was not billed in the previous quarter due to vacation hold, vacancy, etc.

8. Waiver Requests. The quarterly report must include the total number of waiver requests received and the total number of waivers approved.

9. Special Events. The quarterly report must include the number of special events and disposal tonnage, including a summary of the services provided and educational materials distributed.

Annual Reports- Additional

Annual reports to County must also include:

- 1. Compliance.** Contractor must document education and outreach conducted, public event participation, school visits, compliance notices mailed, site visits to meet the requirements of SB 1383, service level audits completed, information distributed, and media used, and community events hosted. This must include public education activities undertaken during the year, including distribution of bill inserts, collection notification tags, community information and events, tours and other activities related to the provision of Collection services. Contractor shall also provide copies of all outreach and education information (including flyers, brochures, newsletters, invoice messaging, website and social media postings, emails, and other electronic messages), including the date the information was disseminated or the direct contact made. For website and social media postings, this shall be the date posted. Contractor must report the total number of Commercial Customers serviced and the number of Containers, Container sizes and frequency of Collection for Solid Waste and Organic Materials for each non-exempt Commercial Customer.
 - The total number of non-exempt Commercial Customers that fall under the AB 341 or AB 1826 thresholds, and the total number of those non-exempt Commercial Customers that are not subscribed to Commercial Organic Materials Collection Service.
 - A summary of the type of follow-up outreach that was provided to those non-exempt Commercial Customers that are not subscribed to Commercial Organic Materials Collection Service.

- 2. Route Reviews.** Contractor shall report the date that Contamination route reviews were conducted, the name and title of each person that conducted the reviews, a list of the account names and addresses covered by the review, and a description of each route reviewed, including Contractor's route number. Contractor shall also provide details regarding the results of the reviews (i.e., the addresses where any Prohibited Container Contaminants were found), and any photographs taken.

- 3. Tonnage and Service Data.** Contractor must annually report the number of unique Residential Customer accounts serviced and the number of unique Commercial Customer accounts serviced, tonnage of Solid Waste and Organic Materials collected and processed for diversion broken down by Container type. Quantities should be broken down by Residential, Commercial, and County Service Collection Services.

Edible Food Recovery: Contractor will annually report the number of all Tier One Commercial Edible Food Generators and Tier Two Commercial Edible Food Generators known to Contractor, a list of Food Recovery Organizations operating in the County and known to Contractor, the annual donation totals for each such Generator, and verify that all SB 1383 required agreements are in place.

Exhibit F

Performance Standards and Liquidated Damages

The County wishes to establish standards of performance under the Agreement in each of the five (5) "Performance Areas" listed below. Contractor may be assessed Liquidated Damages in the event Contractor fails to fulfill its obligations with regards to the events listed in this Exhibit in accordance with the terms and conditions of the Agreement, the time frame for accomplishing each event, and nature of the responsibility associated with the event unless otherwise stated in this Exhibit. Refer to Section 10.6 of the Agreement for procedures for assessing Liquidated Damages. Liquidated Damages, if assessed, shall only be assessed for the number of events, days, or other measure in excess of the acceptable performance level. The Parties acknowledge that conditions may arise during the Term of the Agreement that may cause the County to require additional performance standards and Liquidated Damages. In such event the Contractor agrees to meet upon request from the County Contract Manager to discuss service and/or performance concerns and collaborate with the County to achieve a reasonable solution.

Performance Area: Service Quality and Reliability

Specific Performance Measure	Definition	Acceptable Performance Level	Liquidated Damage Amount
Missed Collections	Each Service Opportunity where Contractor fails to Collect a Container from a Customer who properly placed said Container for Collection.	Less than three (3) per one hundred (100) Service Opportunities	\$50/Event
Failure to Correct Missed Collections	Each missed Collection which is not Collected by the end of the Business Day following the receipt of the Customer Complaint about the missed Collection.	No acceptable failure level	\$50/Event
Failure to Clean-Up Spillage	Each failure by Contractor to clean up: (1) any items or materials spilled during the Collection of a Container; or (2) any fluids spilled or leaked from a Container or Collection vehicle prior to leaving the Collection location.	Less than five (5) per one thousand (1,000) Service Opportunities	\$100/Event

Specific Performance Measure	Definition	Acceptable Performance Level	Liquidated Damage Amount
Damage to Property	Each event of damage to either public or private property as a result of Collection activity, including without limitation curbs, sidewalks, landscapes, Container enclosures, Bear Boxes, gates, signs, light fixtures, and overhead wires and cables.	Less than two (2) per one thousand (1,000) Service Opportunities	\$250/Event
Excessive Noise or Discourteous Behavior	Each Complaint received that is related to either noise during Collection activity or the behavior of Contractor's employees.	Less than five (5) per one thousand (1,000) Service Opportunities	\$250/Event
Inaccurate Billing	Each Complaint received where the Contractor billed a Customer an inaccurate amount. Inaccurate billing may include either over- or under-charging of the Customer relative to the approved Rates for services.	Less than five (5) per one thousand (1,000) bills issued.	\$100/Event
Unauthorized Changes in Collection Routes	Changing Collection routes resulting in service day changes for Customers without prior approval from County.	No acceptable failure level	\$250/Event

Performance Area: Customer Service

Specific Performance Measure	Definition	Acceptable Performance Level	Liquidated Damage Amount
Failure to Commence Service	Any failure by Contractor to deliver a Container and/or begin providing Collection to a Customer, at the level of service requested by said Customer, within seven (7) calendar days of receiving such request. This may include a new Customer receiving new service or an existing Customer requesting a change in or addition to existing service levels.	Less than one (1) per one hundred (100) Service Requests	\$50/Event

Specific Performance Measure	Definition	Acceptable Performance Level	Liquidated Damage Amount
Failure to Replace Container	Any failure by Contractor to replace a damaged or defaced Container within seven (7) calendar days of receiving such a request from a Customer.	No acceptable failure level	\$50/Event
Failure to Resolve Complaint	Any failure by Contractor to resolve or remedy a Complaint within seven (7) calendar days of receiving such Complaint.	Less than one (1) per one hundred (100) Complaints	\$100/Event
Failure to Answer Phones	Any failure by Contractor to answer a telephone call from a Customer during normal business hours. A call is not considered to be answered if the Customer does not speak with a live operator. A call is considered to be answered if the Customer hangs-up or abandons the call following a hold time of less than three (3) minutes.	Less than five (5) per one thousand (1,000) calls received under the Agreement	\$50/Event
Excessive Call Center Hold Time	Each occurrence of a call being placed "on hold" for more than three (3) minutes.	Less than two (2) per one thousand (1,000) calls received under the Agreement	\$50/Event
Unauthorized Hours of Operation	Each occurrence of Contractor Collecting from Customers during unauthorized hours.	Less than two (2) per one thousand (1,000) Service Opportunities	\$50/Event

Performance Area: Education and Outreach

Specific Performance Measure	Definition	Acceptable Performance Level	Liquidated Damage Amount
Failure to Perform Education and Outreach Activities	Each individual failure by Contractor to develop, produce, and distribute public education material or perform outreach activities in the form and manner required under Exhibit C to the Agreement.	No acceptable failure level	\$500/Activity
Failure to Provide Recycling Opportunity Assessments	Each individual failure to provide Recycling opportunity assessments in the manner required under Exhibit C to the Agreement.	No acceptable failure level	\$50/Customer

Performance Area: Facilities

Specific Performance Measure	Definition	Acceptable Performance Level	Liquidated Damage Amount
Delivery to Non-Approved Facility	Each individual occurrence of delivering materials to a facility other than the Approved Facility designated for each material type under Section 4 of the Agreement.	No acceptable failure level	\$100/Ton
Disposal Without Processing	Each individual occurrence of delivering Recyclable Materials, Organic Materials, or Bulky Items set out for Collection by the Customer for Disposal without prior Processing.	No acceptable failure level	\$500/Ton

Performance Area: Reporting

Specific Performance Measure	Definition	Acceptable Performance Level	Liquidated Damage Amount
Late Report	Each occurrence of a report, as required under Exhibit D to the Agreement, being submitted after the due date. Reports shall be considered late until they are submitted in a complete and accurate format.	Less than seven (7) calendar days after report due date or notification of incomplete report	\$250/Day
Failure to Maintain or Provide Access to Records	Each occurrence of County Contract Manager requesting information required to be maintained by Contractor where Contractor fails to provide such information.	Less than seven (7) calendar days after report due date	\$500/Event
Inaccurate Reporting	Each occurrence of Contractor providing inaccurate information or reporting to County under or in regard to the Agreement. Typographical, cell reference, mathematical, and/or logic errors shall not be considered legitimate excuses from this requirement, nor shall ignorance. Errors self-reported and corrected in a timely manner by the Contractor will not be considered "Inaccurate Reporting" subject to Liquidated Damages.	No acceptable failure level	\$500/Event

Exhibit H

Lists of Approved Subcontractors and Approved Facilities

I. List of Approved Subcontractors

- A. **Cinderlite Trucking Corporation:** provides hauling services for C&D and Organic Materials.
- B. **Derner Trucking:** provides hauling services for C&D materials.
- C. **Tahoe Basin Container Service:** provides all Commercial Containers, including Bins, Compactors, and roll off boxes.

II. List of Approved Facilities

A. South Tahoe Refuse Approved Recovery Facilities

1. **Transfer Station & Material Recovery Facility:** Mixed recycling / Organics / MSW – 2140 Ruth Avenue, South Lake Tahoe.
2. **Resource Recovery Facility:** Wood and yard waste - 2192 Ruth Avenue, South Lake Tahoe.

B. Approved Recyclable Materials Processing Facilities

1. **Green Evolution Recycling:** Carboard/ Paper – 4800 Florin Perkins Rd Sacramento, CA 95826
2. **International Paper:** Aluminum – 1714 Cebrian ST West Sacramento, CA 95691
3. **Strategic Materials Inc.:** Glass – 5850 88th Street Sacramento, CA 95828
4. **Mings Resource Corporation:** PETE/HDPE/ Rigid Plastic – 8380 Florin Rd Sacramento, CA 95828
5. **Universal Steel:** Tin/ Steel – 5855 Sheep Drive Carson City, NV 89701
6. **CEAR:** CA CRTs – 3678 LeMay Street Mather, CA 95655
7. **Allied Environmental Services LLC:** E-Waste/ Freon Evacuation – PO Box 503190 White City, OR 97503.
8. **World Oil Environmental Service:** Used Oil – 1300 S. Santa Fe Ave Compton, CA 90221
9. **Clean Earth:** Household Hazardous Waste

10. **Shamrock Tire Recycling:** Tires – PO Box 55162 Stockton, CA 95205
11. **Tahoe Asphalt:** C&D – PO Box 8378 South Lake Tahoe, CA 96150
12. **Paint Care:** Paint – 1500 Rhode Island Ave, Washington Ave, NW Washington DC 20005
13. **Mattress Recycling Council ByeBye Mattress:** Mattresses/ Box Springs
14. **California Carpet Stewardship Program:** Carpet – PO Box 786 Chino, CA 91708
15. **Curtis and Sons Construction Inc:** C&D – PO Box 2911 Minden, NV 89423

C. Approved Organic Materials Processing Facilities

1. **Full Circle:** Pine Needles/ Food Waste – PO Box 640 Minden, NV 89423
2. **Bently Agro Dynamics:** Green Waste (stumps, chips, aquatic weed) – 1089 Stockyard Road Minden, NV 89423
3. **Ed Cook Tree Service:** Green Waste – 3015 Kokanee Trail South Lake Tahoe, CA 96150

D. Approved Disposal Facilities

1. **Lockwood Landfill:** ADC/ MSW – 2700 East Mustang Rd Sparks, NV 89434
2. **Carson Landfill:** ADC/ MSW – 4000 Flint Rd Carson, NV 98701
3. **Kiefer:** MSW – 12701 Kiefer Blvd Sloughouse, CA 95683
1. **Ryno Care:** Medical Waste – 11350 Kiefer Blvd Sacramento CA 95830
