Dear Mike,

Thank you for your comments on this proposed project. I will see that Supervisor Dupray receives your email as well as the Clerk so it will be part of the record.

Dear Mr. Dupray,

I too would like to thank you for your help regarding the Serrano Lot "J" issue. I wrote you and you addressed my concerns and I appreciate that. Andrea Howard from Parker Development emailed me right away and invited me to her office to view the maps and to put my concerns to rest. I haven't had the time to do that yet but my neighbors Stephanie and Shad Smith have met with Andrea and Kirk Bone, so if it's good enough for the Smith's, it's good enough for me too. Thanks again for your time and help.

Dear Mr. Dupray,

On February 20th we wrote to you regarding our concern on a proposed change in the Serrano

Village M/Phase 4 specifically Lot J. Our letter to you was finally posted and made available to Serrano on April 16th. That same day, we received an email from Andrea Howard at Serrano regarding the proposed changes. At our request, we met with Andrea and Kirk Bone this evening to discuss the "2008 Alternative" to the above mentioned area of concern.

They were very gracious in answering all of our questions and showing us the original map and layout and the new alternative plan. At this time we are very pleased with Serrano's plan for this area and the fact that they are maintaining more open space than originally anticipated. We withdraw any objections and are happy with this alternative. They have supplied us with a map of the changes and they have our support as well as our thanks for listening to our concerns, addressing them and including us in the solution.

Thank you for your time and for your attention to this matter. We appreciate what you have done on our behalf.

Sincerely,

Shad Smith
