Placerville, CA 95667

Subject: Request To Withdraw Funds From Park Impact Fees for the Cameron Park Lake Splash Playground.

Dear Miss Franich:

The Cameron Park Community Services District (District) requests to withdraw funds from Park Impact Fees in the amount of \$13,234.50.

Attached are the invoices along with a copy of the checks sent El Dorado County for charges related to the Cameron Park Lake Splash Playground.

El Dorado County Air Quality and Management District 5/19/2022 \$144.00
El Dorado County Building Department Plan Check Fee 4/27/2022 \$12,062.50
El Dorado County Environmental Management Department 4/27/2022 \$ 1,028.00

Please contact me at (530) 350-4652 if you need any additional information to make this reimbursement transfer to the District.

Thank you,

Christina Greek
Finance/HR Officer

Subject: Re: Cameron Park Splash Pad: County Submittal

Good Morning Andre,

It was great seeing you earlier this week! Quick update on the Cameron Park Lake Splash Pad Project. Plans were submitted to the County Building Department earlier this week, and as a follow up we are required to do the following:

- Building Department: Please initial and sign the Permit Application Supplemental Form. This form authorizes my submittal of the plans on the District's behalf.
- Air Quality Management Department: We were informed that we need to submit to the Air Quality and Management District which requires us to complete a Fugitive Dust Plan (FDP) Application Form. Please sign and date the form attached.
 - The plan review fee is \$144. Please address to El Dorado County Air Quality and Management District. Address: 330 Fair Ln, Placerville, CA 95667.
- Fire Department: Plans and application form have been submitted. Once the department updates us on the required plan check fee, we will send the information your way.

Let me know if you have any questions. Thanks,

Iqra Anwar PLA, CPSI | Project Manager

9. INACTIVE STORAGE PILE CONTROLS (Greater than seven (7) days, check all that apply)

N/A

- Keep the surface adequately wetted
- Establish and maintain surface crusting sufficient to satisfy test in Rule 223-1.10.C or Title 14 §93105(h)(6)
- Application of chemical dust suppressants or chemical stabilizers according to the manufacturer's recommendations
- Covering with tarp(s) or vegetative cover
- Installation of wind barriers of fifty (50) percent porosity around three (3) sides of a storage pile
- Installation of wind barriers across open areas
- Any other measure(s) as effective as the measures listed above (please describe):

10. UNPAVED ROADS, PARKING LOTS, AND STAGING AREAS CONTROLS

N/A

- Limit onsite vehicle speed to comply with visible emission limitations.

AND (Check all that apply):

- Water every two hours of active operation or sufficiently often to keep the area adequately wetted
- Apply chemical dust suppressants consistent with manufacturer's directions
- Maintain a gravel cover with a silt content that is less than five (5) percent
- Direct construction traffic over established haul routes
- Any other measure(s) as effective as the measures listed above (please describe):

11. OFF-SITE TRANSPORT

N/A

- Maintain trucks transporting excavated material such that no spillage can occur from openings in cargo compartments
- Adequately wet loads

AND (Check all that apply):

- Cover loads with tarps or other suitable cover
- Maintain freeboard to be no less than six (6) inches (material does not touch the front, back or sides of the cargo compartment at any point less than six inches from the top)
- Any other measure(s) as effective as the measures listed above (please describe):

STATEMENT OF RESPONSIBLE PARTY (Owner or Licensed Contractor on Behalf of Owner)

By signing below I agree:

1. The project activity information and data submitted with this application are true and correct,
2. I am familiar with the Rules and Regulations of the County of El Dorado AQMD that are applicable to my project as seen at: <https://www.arb.ca.gov/drdb/ed/curhtml/r223-1.pdf>, and will implement them to adequately control fugitive dust,
3. I will limit fugitive dust opacity to 20% at point of origin, 0% at 50 feet from point of origin, and 0% at the project boundary line,
4. Earth moving and blasting activities will be suspended when wind creates dust in excess of the limits described in #3,
5. I will notify AQMD at least 48 hours prior to commencing grading activities,
6. I will notify AQMD at least 2 hours prior to commencing blasting activities,
7. I will notify AQMD by the next business day if NOA is discovered on the project, and
8. An approved copy of this plan will be provided to all contractors and be available on site at all times.

PERMIT APPLICATION SUPPLEMENT (PART 4)

DISCLOSURES & FORMS FOR OWNER-BUILDERS APPLYING FOR CONSTRUCTION PERMITS

ASSESSOR'S PARCEL NUMBER 083020074 APPLICATION # 0253889

IMPORTANT NOTICE TO PROPERTY OWNER

Dear Property Owner:

An application for a building permit has been submitted in your name, listing yourself as the builder of the property improvements specified at:

2989 CAMBRIDGE ROAD CAMERON PARK CA 95802
Street City State Zip

We are providing you with an Owner-Builder Acknowledgement and Information Verification Form to make you aware of your responsibilities and the possible risks you may incur by having this permit issued in your name as the Owner-Builder. We will not issue a building permit until you have read, indicated your understanding of each provision, signed and returned this form to our office. An agent of the owner cannot execute this notice unless you, the property owner, obtain prior approval from El Dorado County Building Safety Division.

1. OWNER'S ACKNOWLEDGEMENT AND VERIFICATION

Owner-Builder Acknowledgement And Verification Information State of California Health and Safety Code Section 19825 -19829

DIRECTIONS: Read and initial each statement below to signify you understand or verify this information.

- AP I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.
AP I understand building permits are not required to be signed by property owners unless they are responsible for the construction and are not hiring a licensed Contractor to assume this responsibility.
AP I understand as an "Owner-Builder", I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.
AP I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.
AP I understand if I employ or otherwise engage any persons, other than California licensed Contractors, and the total value of my construction is at least five hundred dollars (\$500), including labor and materials, I may be considered an "employer" under state and federal law.
AP I understand if I am considered an "employer" under state and federal law, I must register with the state and federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee." I also understand my failure to abide by these laws may subject me to serious financial risk.
AP I understand under California Contractors' State License Law, an Owner-Builder who builds single-family residential structures, cannot legally build them with the intent to offer them for sale, unless all work is performed by licensed subcontractors and the number of structures does not exceed four within any calendar year, or all of the work is performed under the contract with a licensed general building Contractor.

7. EARTHMOVING ACTIVITY CONTROLS

- Application of water prior to and during all earthmoving and land clearing activities
- Pre-wetting the ground to the depth of the anticipated cuts
- Stabilize soils once soils disturbing activities are complete
- Any other measure(s) as effective as the measures listed above (please describe):

8. ACTIVE STORAGE PILE CONTROLS (Less than seven (7) days, check all that apply)

N/A

- Keep active storage piles adequately wetted or covered with tarps (please describe):

- When handling bulk material apply water or chemical/organic stabilizers/suppressants
- Any other measure(s) as effective as the measures listed above (please describe):

9. INACTIVE STORAGE PILE CONTROLS (Greater than seven (7) days, check all that apply) N/A

- Keep the surface adequately wetted
- Establish and maintain surface crusting sufficient to satisfy test in Rule 223-1.10.C or Title 14 §93105(h)(6)
- Application of chemical dust suppressants or chemical stabilizers according to the manufacturer's recommendations
- Covering with tarp(s) or vegetative cover
- Installation of wind barriers of fifty (50) percent porosity around three (3) sides of a storage pile
- Installation of wind barriers across open areas
- Any other measure(s) as effective as the measures listed above (please describe):

10. UNPAVED ROADS, PARKING LOTS, AND STAGING AREAS CONTROLS N/A

- Limit onsite vehicle speed to comply with visible emission limitations.

AND (Check all that apply):

- Water every two hours of active operation or sufficiently often to keep the area adequately wetted
- Apply chemical dust suppressants consistent with manufacturer's directions
- Maintain a gravel cover with a silt content that is less than five (5) percent
- Direct construction traffic over established haul routes
- Any other measure(s) as effective as the measures listed above (please describe):

11. OFF-SITE TRANSPORT N/A

- Maintain trucks transporting excavated material such that no spillage can occur from openings in cargo compartments
- Adequately wet loads

AND (Check all that apply):

- Cover loads with tarps or other suitable cover
- Maintain freeboard to be no less than six (6) inches (material does not touch the front, back or sides of the cargo compartment at any point less than six inches from the top)
- Any other measure(s) as effective as the measures listed above (please describe):

12. TRACK-OUT PREVENTION

- A gravel pad that effectively cleans the tires of exiting vehicles
- Grizzlies
- A tire shaker
- A wheel wash system (mechanical or manual)
- Paving of interior roads
- Any other measure(s) as effective as the measures listed above (please describe):

13. BLASTING ACTIVITY CONTROLS

N/A

- Pre-wet blast area
- Place blast mats or soil mounds over charges
- Stabilize soils once blasting activities are complete
- Any other measure(s) as effective as the measures listed above (please describe):

14. LARGE OPERATION CONTROLS (Greater than 50 acres of disturbed surface)

N/A

Required Controls: Large Operations must include dust control measures specified in Rule 223-1:

- Maintain daily records to document the specific dust control actions taken
- On-Site Dust Control Supervisor (available within 30 minutes during working hours):

Name: _____ Phone Number: _____

STATEMENT OF RESPONSIBLE PARTY (Owner or Licensed Contractor on Behalf of Owner)

Hi Andre and Mike,

Please use the following link to download the PDF of the 100% Submittal to the County:

https://www.dropbox.com/s/d230h2x4gtt8t38/20010A_CameronParkSplashPad_100%25_CDs_220415.pdf?dl=0

Before we submit hard copies to the County, we will need the following:

- Application Forms: Completed and attached for your reference. For the Building Permit Application Form, please review items 3-5 and confirm that we have made the correct selections.
- Plan Check Fee:

①

o Building Department: \$12,062.50

- Check payable to El Dorado County. Please note Cameron Park Splash Pad Plan Check Fee in the description.

②

o Environmental Management Department: \$1,028

- Check payable to El Dorado County. Please note Cameron Park Splash Pad Plan Check Fee in the description.

Please let us know if you would like one hard set copy of the plans as well?

Happy to chat if you have any questions.Thanks,

Hi Andre,

Just wanted to follow up with the addresses for the:

- ① • El Dorado County Building Department: 2850 Fairlane Court, Building "C", First Floor, Placerville, CA 95667
- ② • El Dorado County Environmental Management Department: 2850 Fairlane Court, Building "C", Second Floor, Placerville, CA 95667

They are both in the same building, but on separate floors.
