- Using criminal history information before otherwise affirming eligibility, and without a legally sufficient justification;
- G. Failing to assess financial standards based on the portion of the income responsible by a tenant who receives government subsidies (such as basing an otherwise neutral rent to income ratio on the whole rent rather than just the part of rent that is the tenant's responsibility);

- N. Refusing to make reasonable accommodation in policies, rules, practices, or services for a person with a disability (such as the following, if an actual or prospective tenant with a disability has a service animal or support animal):
 - Failing to allow that person to keep the service animal or emotional support animal in rental property.
 - Charging that person higher rent or increased security deposit, or

 - C. Real estate licensees should provide the same professional courtesy in responding to inquiries, sharing of information and offers of assistance to all clients and prospects.
 - D. Housing providers should not make any statement or advertisement that directly or indirectly implies preference, limitation, or discrimination regarding any protected characteristic (such as "no children" or "English-speakers only")
 - E. Housing providers should use a selection process relying an objective information about a prospective buyer's offer or tenant's application and not seek any information that may disclose any protected characteristics (such as using a summary document,
- e.g. C.A.R. Form SUM-MO, to compare multiple offers on objective terms).
