El Dorado County Board of Supervisors and Planning Commission,

I would like to start off expressing our gratitude for the job you do in shaping the future of our county. I am writing on behalf of 182 El Dorado County voters who recently submitted their names in support the Saratoga Retail Project. As you review the attached spreadsheet and survey form, please note that each name is an El Dorado County adult resident voter supporting this project. We have also collected verified physical addresses and contact information if requested to validate each citizens support.

Please note all supporters specifically acknowledge and support the proposed Chick-fil-A tenant for this location adjacent to US Highway 50. While some opponents attempt to describe this location as a "residential neighborhood", it is plain to any objective party this is a strategic development location off US 50 near the busiest intersection of El Dorado Hills. It would a major loss for the county to dictate a less efficient use of this location. As any business owner will attest, adding a thriving business nearby will bolster existing businesses in the area as consumers will have another reason to keep their dollars in El Dorado Hills (instead of Folsom). Additionally, Chick-fil-A will bring 50-100 jobs (which commonly pay well over minimum wage) and a unmatched reputation as the franchise with the highest customer satisfaction rating nationwide. We have no doubt the overwhelming majority our community will support Chick-fil-A, which is undeniably the most popular and well-received QSR franchise in the United States according to multiple measurements.

Last of all, we understand the desire for El Dorado County to maintain it's rural heritage. The irony is that in order to keep our heritage, we must allow for smart, strategic, and common sense development. The two go hand in hand. It is critical to maintain a thriving local economy and attract the younger families needed to maintain strong schools, businesses, and a healthy sustainable future. We implore you to hear the voice of the majority with this project and approve the Saratoga Retail Project.

With Respect,

Greg Cain, El Dorado Hills Resident, on behalf of 182 El Dorado County Voters
