

Findings

- 1.1 Pursuant to CEQA Section 15162(b), it has been determined that no subsequent addendum to the previously adopted Environmental Impact Report (EIR) is required because there is no substantial evidence that the conditions described in Section 15162(a) have occurred including no substantial changes to the project. There is no new substantial information that could have been reasonably anticipated at the time the previous EIR was adopted.
- 1.2 Pursuant to CEQA Section 15164(b) it has been determined that there is no substantial evidence requiring an addendum to the adopted EIR because no minor technical changes or additions are necessary and none of the conditions described in Section 15162 calling for the preparation of a subsequent EIR have occurred.
- 1.3 The documents and other materials which constitute the record of proceedings upon which this decision is based are in the custody of the Planning and Building Department at 2850 Fairlane Court, Placerville, California 95667.

2.0 TENTATIVE SUBDIVISION MAP TIME EXTENSION FINDINGS

- 2.1 **The request for extension of the approved tentative subdivision map complies with County Subdivision Ordinance Section 120.74.030.A.**

Section 120.74.030.A allows the subdivider to request up to six 1-year extensions from the expiration date of an approved or conditionally approved tentative map, as allowed by Government Code Sections 66452.6(e) and 66463.5, by timely written application to the Community Development Services, Planning and Building Department. The subdivider may request more than one time extension at a time, up to the maximum allowed by this subsection or a development agreement applicable to the map for which the extension request is filed, but in no event shall the total time extension requested exceed six years. Each application shall be filed before the approved or conditionally approved tentative map expires and shall state the reasons for requesting the extension.

Rationale: The applicant is requesting two 1-year time extensions and appropriate processing fees were submitted on September 18, 2019, prior to the expiration date of the tentative subdivision map of December 12, 2020. The two 1-year time extension request complies with Section 120.74.030.B.

The extension request would allow the applicant the time needed to market the project, facilitate project financing, pursue the necessary construction permits for the construction of the necessary on-site and off-site infrastructure improvements, and comply with all other applicable conditions of approval and mitigation measures.

2.2 **The request for extension of the approved tentative subdivision map complies with County Subdivision Ordinance Section 120.74.030.B.**

Section 120.74.030.B. requires that the Planning and Building Department review the request and submit the application for the extension, together with a report, to the approving authority for approval, conditional approval, or denial. In approving, conditionally approving, or denying the request for extension, the approving authority shall make findings supporting its decision.

Rationale: The Planning Department has reviewed the time extension request for Parcel Map P-E19-0001/Ponte Palmero 2 Map, along with all submitted materials, and has submitted this staff report with recommendations for approval based on the Findings provided in compliance with Section 120.74.030.B.
