Gentlemen:

The Native Daughters of the Golden West, Marguerite Parlor #12 of Placerville, would like to loan this needlepoint artwork of The Great Seal of California for exhibition to the public. This artwork was created by Hanna Kane in the early 1900's, she just happen to be a resident of Coloma, and Hanna's husband Henry Kane donated The Great Seal to our Parlor on May 16th, 1943.

This artwork will be on loan to ElDorado County Offices until terminated by The County of ElDorado or the Native Daughters at a future date. At which time it will be returned to the Native Daughters, Marguerite. We hope that everyone will enjoy its beauty.
