RECEIVED
BOARD OF SUPERVISORS
EL DORADO COUNTY

2007 OCT -5 AM 11:46

Dear Board,

I am writing as a twenty nine year resident of El Dorado County concerned about the future of the oak woodlands. I was unable to attend the hearings on this topic but would like to take this opportunity to express my thoughts.

In making your decision regarding the oak woodlands please keep in mind the current and future citizens as well as the wildlife we are fortunate enough to enjoy. The oak woodlands provide the beauty of our surroundings and allow a place for wildlife to thrive despite the rapid urban development. The preservation of the oak woodlands is our heritage please protect it.

Sincerely,

Mary Feller
