Good morning,

In regards to the Meeting Agenda for March 22, 2016, Item 16-0192: RFP for Ambulance Billing Services, we request respectfully that the District Supervisors reconsider the staff report and vendor recommendation for the provision of ambulance billing services. We have rarely lost competitive bids to the currently chosen bidder; however, agencies that left Wittman Enterprises for ADPI/ Intermedix experienced significant drop in the level of response and service, and experienced a substantial drop in revenue. We would welcome greatly the opportunity to revisit this discussion and provide any reporting, revenue evidence, and references the Board may wish to examine in any acceptable public forum. Please do not hesitate to contact me if you have any questions.

My best,

Russ Harms
