Records and documents include, but are not limited to all physical and electronic records and documents originated or prepared pursuant to Contractor's or subcontractor's performance under this Contract including working papers, reports, financial records and documents of account, beneficiary records, prescription files, subcontracts, and any other documentation pertaining to covered services and other related services for beneficiaries.
- h) The Contractor, and any subcontractors authorized in accordance with Article XI "Assignment and Delegation," shall retain all records and documents originated or prepared pursuant to Contractor's or subcontractor's performance under this Contract, including Beneficiary grievance and appeal records identified in Attachment 12, Section 2 and the data, information and documentation specified in 42 CFR parts 438.604, 438.606, 438.608, and 438.610 for a period of no less than 10

years from the term end date of this Contract or in the event the Contractor has been notified that an audit or investigation of this Contract has been commenced, until such time as the matter under audit or investigation has been resolved, including the exhaustion of all legal remedies, whichever is later. (42 CFR Section 438.3(u); See also Section 438.3(h).) Records and documents include, but are not limited to all physical and electronic records and documents originated or prepared pursuant to Contractor's or subcontractor's performance under this Contract including working papers, reports, financial records and documents of account, beneficiary records, prescription files, subcontracts, and any other documentation pertaining to covered services and other related services for beneficiaries.

- i) Contractor agrees that the County, DHCS, the Department of General Services, the Bureau of State Audits, or their designated representatives including the Comptroller General of the United States, shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, the Contractor agrees to include a similar right of the County and/or State to audit records and interview staff in any subcontract related to performance of this Agreement. (GC 8546.7, CCR Title 2, Section 1896).

2) Inspection:

- a) Inspection shall occur at the Contractor's and/or subcontractor's place of business, premises, physical facilities, facility, office, or such part thereof as may be engaged in the performance of this Agreement in a form maintained in accordance with the general standards applicable to such book or record keeping, for a term of at least ten (10) years from the close of the State fiscal year in which the contract was in effect.
- b) The County or State, through any authorized representatives, has the right at all reasonable times to inspect or otherwise evaluate the work performed or being performed hereunder including subcontract supported activities and the premises in which it is being performed. If any inspection or evaluation is made of the premises of the Contractor or subcontractor, the Contractor shall provide and shall require subcontractors to provide all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work.
- c) County shall, at its sole discretion, perform annual, or more frequent, on-site and/or off-site audit of services provided under this Agreement. The County may inspect the facilities, systems, books, and records of the Contractor to monitor compliance with this Agreement. Identification of any exceptions or findings with regard to compliance with the terms and conditions of this Agreement shall be brought to the attention of the Contractor. Upon notification of an exception or finding, the Contractor shall submit a written CAP, including a proposed timeline for correction of said finding or exception, within thirty (30) days. The County will

- review and approve or revise the proposed CAP, and, if necessary, provide technical assistance to bring the vendor into compliance.
- d) Failure to comply with required corrective action could lead to civil penalties, as appropriate, pursuant to CCR, Title 9, Sections 1810.380 and 1810.385.
 - i. The fact that the County inspects, or fails to inspect, or has the right to inspect, the Contractor's facilities, systems, and procedures does not relieve the Contractor of its responsibilities to comply with this Agreement. The County failure to notify the Contractor or require the Contractor's remediation of any unsatisfactory practice does not constitute acceptance of such practices or a waiver of the County enforcement rights under this Agreement.
- 3) Monitoring:
- a) Audits and/or inspections by any representative of the Federal government, State government, or County may include the review of any and all terms related to this agreement with the Contractor. Audits and/or inspections by the County may be performed by way of, but limited to, annual Contract Monitoring Surveys, administered by the County. Contractors receiving a Contract Monitoring Survey shall, within sixty (60) days of receipt, complete and return the survey along with all documentation, details, and supporting materials required by the survey or otherwise necessary for the County to verify compliance with the terms and conditions of the Agreement. Failure to return the survey within the specified time period may result in the withholding of payment from the Contractor until such time as compliance with the terms of the Agreement can be verified. Verifying compliance may necessitate additional on-site reviews should information submitted by the Contractor be deemed insufficient or inaccurate.
 - b) Upon notification of an exception or finding of non-compliance, the Contractor shall submit evidence of corrective action within thirty (30) days, or otherwise as specified in the notice of required corrective action provided by the County. Continued non-compliance will be considered a breach which may lead to termination of this Agreement in accordance with Article XIV, "Default, Termination, and Cancellation."
 - c) Contractor and/or subcontractor shall participate in the monitoring, reviews and/or audits of the County's records and documents by other State or federal agencies upon request of County.

ARTICLE XII

Independent Contractor/Liability: Contractor is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by terms of this Agreement. Contractor exclusively assumes responsibility for acts of its employees, associates, and subcontractors, if any are authorized herein, as they relate to services to be provided under this Agreement during the course and scope of their employment.

Contractor shall be responsible for performing the work under this Agreement in a safe, professional, skillful, and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Contractor or its employees.

ARTICLE XIII

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, El Dorado County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products, or equipment subject herein. Such notice shall become effective upon the adoption of a final budget which does not provide funding for this Agreement. Upon the

effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce, or order a reduction, in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of the County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XIV

Default, Termination, and Cancellation:

- A. Bankruptcy: This Agreement, at the option of the County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Contractor.
- B. Ceasing Performance: County may terminate this Agreement in the event Contractor ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- C. Default: Upon the occurrence of default of any of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (time to cure), then such party shall be in default. The time to cure may be extended at the discretion of the party giving notice. Any extension of time to cure must be in writing, prepared by the party in default for signature by the party giving notice and must specify the reason(s) for the extension and the date on which the extension of time to cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the time to cure has expired. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

- D. Judicial or Administrative Proceedings: Contractor will notify the County if it is named as a defendant in a criminal proceeding for a violation of the Health Insurance Portability and Accountability Act (HIPAA) or other security or privacy law. The County may terminate this Agreement if Contractor is found guilty of a criminal violation of HIPAA. The County may terminate this Agreement if a finding or stipulation that the Contractor has violated any standard or requirement of HIPAA, or other security or privacy laws is made in any administrative or civil proceeding in which the Contractor is a party or has been joined. The County will consider the nature and seriousness of the violation in deciding whether or not to terminate the Agreement.
- E. Effect of Termination: Upon termination or expiration of this Agreement for any reason, the Contractor shall return or destroy all individually identifiable health information (IIHI) received from the State that the Contractor still maintains in any form, and shall retain no copies of such IIHI or, if return or destruction is not feasible, it shall continue to extend the protections of this Agreement to such information, and limit further use of such IIHI to those purposes that make the return or destruction of such IIHI infeasible.

This provision shall apply to IIHI that is in the possession of subcontractors or agents of the Contractor.

- F. Termination or Cancellation without Cause: County may terminate this Agreement in whole or in part upon seven (7) calendar days written notice by County without cause. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates as set forth in the Notice of Termination provided to Contractor, and for such other services, which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the contract. Upon receipt of a Notice of Termination, Contractor shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the notice directs otherwise.

ARTICLE XIX

Waivers: A failure of County to enforce strictly a provision of this Agreement shall in no event be considered a waiver of any part of such provision. No waiver by County of any breach or default by Contractor shall operate as a waiver of any succeeding breach of the same terms in the Agreement or other default or breach of any of Contractor's obligations under the Agreement. No waiver shall have any effect unless it is specific, irrevocable, and in writing.

ARTICLE XX

PROGRAM INTENT AND, GOALS AND DESCRIPTION OF SERVICES AND TREATMENT METHODS:

A. Program Intent and Goals:

The CONTRACTOR will provide services to individuals diagnosed with Serious Mental Illness (SMI) and Serious Persistent Mental Illness (SPMI) whose level of functioning, symptoms, and psychiatric history necessitate service intervention to maintain the individual in community settings. The goal is to assist individuals in Institutions for Mental Disease (IMD) levels of care to step-down and transition back into the community with the support that has been demonstrated to be the most effective, using the Modified Therapeutic Community and Wellness and Recovery models.

General Program Description:

Overview:

The need to provide stable housing and effective clinical services for adults with severe mental illness remains a challenge for many county agencies. Psynergy Programs offers Adult Residential Facilities (ARF), Residential Care Facilities for the Elderly (RCFE) and outpatient mental health clinics in close proximity. CONTRACTOR has demonstrated that providing reliable adult residential home care in combination with intensive outpatient mental health services can help individuals with mental illness avoid the unnecessary expense and emotional trauma often associated with incarceration and hospitalization. CONTRACTOR provides both residential services and mental health services to people with serious mental illnesses ages 18 and above. The program utilizes tenets of the Wellness and Recovery, Integrated Dual Diagnosis Treatment and Modified Therapeutic Community (MTC) treatment models, (Phase One, Two and Four). CONTRACTOR's programs are an alternative to locked settings such as a State Hospital, Psychiatric Hospital, an IMD, a Psychiatric Health Facility (PHF) and Jail. The intent and goal of CONTRACTOR's services is to improve each individual's quality of life, to help individuals gain the skills and ability necessary to stay out of locked hospital settings and to move into a less restrictive living arrangement in the community.

A.1

RESIDENTIAL SERVICES TO BE PROVIDED BY CONTRACTOR

Contractor provides Client Development Services to clientele residing in locked hospital settings. Prior to enrollment in Psynergy Programs, our Client Development Specialists work in partnership with clients, counties, hospitals and IMDs to help individuals become motivated and prepared to move into our programs. Motivational interviewing techniques are utilized to engage clients and to foster a treatment alliance that can be further developed in the therapeutic community. This multifaceted process facilitates community re-integration.

Residential Services – Upon Admission

CONTRACTOR provides Residential Services currently at six (6) sites, which are used in a step-down manner from locked settings, with a high level of support and services offered at all sites; Nueva Vista Morgan Hill, Nueva Vista Sacramento, Vista de Robles, Vista Esperanza, and Cielo Vista Greenfield.

Counties initiate referrals to CONTRACTOR for clientele residing in state hospitals (Napa & Metro), Institutes for Mental Disease (IMD), Psychiatric Health Facilities (PHF), County Jails, or sub-acute crisis programs. CONTRACTOR also receives referrals from local community psychiatric hospitals, board and care homes or private parties in the community with the aim of providing stabilization from acute episodes of mental illness and helping individuals reintegrate into the community. CONTRACTOR provides an array of services that ensure client safety and that help individuals meet their basic needs in the least restrictive home-like setting possible. We foster community reintegration for many individuals that have previously resided in locked mental health facilities for extended periods of time.

Psynergy staff members and residents provide daily exercise groups. Psynergy Adult Residential facilities provide residents with a local gym membership. Counselors help residents gain access to the gym and provide supervision and training to promote physical fitness.

Vocational Readiness: A sense of purpose can contribute to stabilization and recovery. This program allows for clients to attain paid employment or meaningful volunteer work. A variety of vocational opportunities are provided to clients as part of the Daily Activities Program. The types of job opportunities offered include administrative work (i.e. constructing and making copies of fliers and distributing them), janitorial work, assisting in landscape maintenance and meal service. Residents are given a detailed description of the job and the skills it requires they apply and go through an interview to be awarded the job. They are given a stipend once they complete the job (in the form of gift cards so benefits are not jeopardized.) They are then shown the correlation between the task they performed and jobs in the real world. This helps them develop skills in an informal way and helps them develop a resume of marketable skills.

Peer and Family Support: Peer counseling and Leadership allows individuals to take a proactive role within the facility as well as in the lives of each other. This aspect of the program develops a sense of empowerment and leadership skills within the individual. A resident council is established to allow the residents as a whole to give voice to their opinions and ideas of the program and their needs. A volunteer sign up is established for those willing to provide assistance with leading groups, assist individuals to access community resources or to provide assistance to those clients with a lower functioning capability.

Psynergy recognizes the importance of supportive family connections to our client's recovery. Our programs provide family support and education to help family members develop their own coping and communication skills in order for them to better support their client/family member. Education and support is provided through recreational activities, family support groups, and facilitating linkages with the National Alliance on Mental Illness. Visiting hours for friends and family are seven (7) days a week.

Linkage to Community Resources: Linkage to community resources is provided to help individuals who have just been discharged from locked settings integrate into the community. Linkage is also provided to those individuals that have progressed further in the recovery process and that are working toward more independence. Because the ultimate goal for each individual is to move into least restrictive living situation, it is important that the individual learn to access and utilize non-mental health services within the community. Referrals include schools, colleges, and other institutions for education; vocational programs, public transit, medical and dental services; cultural organizations, churches and places of worship; financial institutions, and government agencies.

LEVELS OF TREATMENT COMPLEXITY

A supplemental services patch rate will be determined and based on an individual's level of treatment complexity. Rates will be compatible with these terms reflected in Exhibit B.

CONTRACTOR will work in collaboration with the county case manager to determine Level I or Level II rate for each referred client. CONTRACTOR will utilize our Psynergy Programs Complex Care Level of Service Evaluation as an assessment tool prior to admission. County staff and Psynergy staff both will provide input to determine the client's complexity level prior to admission to Psynergy Programs.

The client's complexity level will be reassessed every six (6) months after admission using the Psynergy Programs Complex Care Level of Service Evaluation as an assessment tool. If there is a significant change in the level of functioning before the six-month period is over, CONTRACTOR and county case manager will establish a new benchmark assessment, using the Psynergy Programs Complex Care Level of Service Evaluation as an assessment tool and adjust the daily patch rate accordingly. (See Exhibit B)

Examples of some Level I and Level II complex care coincide with the specialized needs, reporting, and treatment requirements of the following client populations:

- 1) Individuals who have severe psychiatric conditions that require additional temporary assistance in monitoring medical issues or that need continued support and education to manage chronic medical conditions such as diabetes and chronic obstructive pulmonary disease.
- 2) Individuals with co-occurring disorders such as substance abuse, developmental delays or physical impairments that require linkage to specialized community resources or that may need various behavioral supports, including specialized health care, frequent one-to-one supervision and prompting to maintain a community placement.

- 4) Individuals released from jail requiring additional supports and reporting. Mental Health Diversion, Penal Code 1001.36, Registered Sex Offenders, Court Ordered Treatment (Assisted Outpatient Treatment, Laura's Law), Arsonists, Electronic monitoring devices, and Probation.

General Description

Overview:

Each of the CONTRACTOR Outpatient Mental Health clinics will be Medi-Cal certified by each individual contracting county to ensure their specific conditions are met, unless the contracting county chooses to accept the Medi-Cal certification of the county in which the facility is located. Psynergy Programs Outpatient Mental Health Clinics will maintain its Medicare Certification and is responsible for updating its Medicare re-certification as require by Noridian. CONTRACTOR will collaborate with counties in regards to Medicare billing for clients who are eligible for both Medicare and Medi-Cal (Medi-Medi clients). This includes counties in Northern California, Central and Southern California. The outpatient mental health clinics currently have thirty-two (32) full-time and part-time clinical providers who provide specialty mental health services to individuals living in the adult residential facilities and supported accommodations/independent living. This number of professionals is subject to change depending upon clients served.

Psynergy Programs Outpatient Mental Health Clinics Intent and Goals:

The overall goal of Psynergy Program Outpatient Mental Health Clinics is to provide Intensive Outpatient Mental Health Services (i.e. medication support, Individual therapy, Group therapy, family therapy, rehabilitation services, group rehabilitation, and targeted case management) to ensure that individuals living in an adult residential facilities or independent/supportive accommodation successfully maintain their community placement by avoiding inpatient and high utilization of psychiatric hospitalizations. The clinical staff support and encourage successful transition back to their county or origin, to a boarding care home, independent living situation, or back to the family home, when appropriate. Upon admission to Psynergy Programs, the clinical staff will complete a medical assessment and an initial clinical assessment. Within thirty (30) days in collaboration with client, family members (if available and appropriate) and county case manager a treatment plan will be complete by Psynergy clinical staff. By providing intensive Specialty Mental Health Services, we allow individuals the ability to:

- Cope effectively with life challenges and attain greater autonomy in community living.
- Experience a growing sense of trust, self-confidence and self-control in their lives and relationships.
- Develop innate capabilities and practical skills necessary to create and sustain a healthy lifestyle.
- Utilize capabilities and skills to move in a positive direction in life and to satisfy basic needs.

Success at each clinical site is measured by the number of days that individuals remain in their residences and out of locked settings, as well as helping individuals successfully transition back to their counties. Improvement in quality of life is also measured and tracked through our Modified Therapeutic Community (MTC) level system. Individuals are rated each week by our Status Review committee on their ability to demonstrate a set of pro-social abilities and life skills specified by our Program Agreements and Steps to Recovery.

Individuals advance in their recovery from “Orientation” to “Peer Leader” and earn rewards and privileges on the basis of clinical staff observation and reports from residential staff. Success is also measured by the ability and responsibility of attending their own psychiatric and individual therapy appointments at the clinic, on their own, without prompts or reminders. Other objectives we measure and track as part of our level system include:

- Reduction in intensity and frequency of psychiatric symptoms, as observed and reported by the residential staff to clinical staff.
- Total days of abstinence and reduction in frequency of substance use as observed and reported by residential staff to clinical staff, and indicated by toxicology reports.
- Improvement in functioning in various life domains including health, daily activities, social relationships, and living arrangement as observed and reported by residential staff to clinical staff.
- Program participation and group attendance, as observed and reported by residential staff to clinical staff.

**Tres Vista Apartments
Assertive Community Treatment & Supported Accommodations**

Our Assertive Community Treatment (ACT) / Supported Accommodation Program: Tres Vista Apartments provides the right combination of Services and Supports. We incorporate evidence-based practices as well as draw from therapeutic community and psychosocial rehabilitation models.

Psynergy adopted the Modified Therapeutic Community (MTC) model to specifically address acute psychiatric symptoms, cognitive impairments, and reduced level of functioning of individuals struggling with the debilitating effects of mental illness, dual substance use disorders and co-morbid health conditions. In partnership with the MTC model, Psynergy has adapted an ACT model that reflects individuals being supported in the community, and also by creating community.

Working in partnership with clients, our three program phases help individuals move into community settings and culminate with a “Live Out” re-entry program called Tres Vista Apartments.

Exhibit D – Rate Sheet
Short Doyle Medi-Cal County Contract Rates – California Counties
Fiscal Year 2020-21
Medi-Cal Specialty Mental Health Services

Psynergy Programs (“CONTRACTOR”) utilizes a braided funding approach to maximize local resources when serving consumers in residential settings. We co-locate our licensed residential facilities adjacent or close to our outpatient clinics. These modified therapeutic communities allow for client-centered treatment in healing environments.

Services are billed according to federal medical necessity guidelines and “nested” levels of care allow for the gradual reduction in services and net costs for the placing agency. Under this standard, the placing agency is responsible for residential services (the Day Rate) and under this agreement a separate Specialty Mental Health Services Contract. Counties will be billed for only those individual mental health services received by the consumer (billed per unit.) This arrangement maximizes the available Medicaid Federal Financial participation (FFP) to reduce net costs, usually by 50% of total mental health service billed.

If the individual **does not** have Medi-Cal benefits the COUNTY is responsible to pay for all mental health services provided to their beneficiary consumer referred to and placed with Psynergy Programs. If the individual **does not** have SSI/SSDI benefits to pay the board and care portion of rent the COUNTY will pay the per diem amount of \$35.16 plus \$5.00 for PNI, totaling \$40.16 for Board and Care, and PNI. This allows the client to move from a higher and more costly level of care, while benefits are being applied for by the Public Guardian’s Office. Once retroactive SSI is received the Public Guardian will reimburse the COUNTY accordingly.

Rate for Outpatient Mental Health Services (Specialty Mental Health Services Rates)

COUNTY will pay Contractor for Medi-Cal allowable services provided to client as appropriate for the required level of care.

HIPAA Business Associate Agreement

This Business Associate Agreement is made part of the base contract (“Underlying Agreement”) to which it is attached, as of the date of commencement of the term of the Underlying Agreement (the “Effective Date”).

R E C I T A L S

WHEREAS, County and Contractor (hereinafter referred to as Business Associate (“BA”) entered into the Underlying Agreement pursuant to which BA provides services to County, and in conjunction with the provision of such services, certain Protected Health Information (“PHI”) and Electronic Protected Health Information (“EPHI”) may be disclosed to BA for the purposes of carrying out its obligations under the Underlying Agreement; and

WHEREAS, the County and BA intend to protect the privacy and provide for the security of PHI and EPHI disclosed to BA pursuant to the Agreement in compliance with the Health Insurance Portability and Accountability Act, Pub. L. No. 104-191 of 1996 (“HIPAA”), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 (the “HITECH” Act), and regulation promulgated thereunder by the U.S. Department of Health and Human Services (the “HIPAA Regulations”) and other applicable laws as may be amended from time to time; and

WHEREAS, County is a Covered Entity, as defined in the Privacy Rule and Security Rule, including but not limited to 45 CFR Section 160.103 ; and

WHEREAS, BA, when a recipient of PHI from County, is a Business Associate as defined in the Privacy Rule, the Security Rule, and the HITECH Act, including but not limited to 42 USC Section 17938 and 45 CFR Section 160.103; and

WHEREAS, “Individual” shall have the same meaning as the term “individual” in 45 CFR § 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR § 164.202(g);

WHEREAS, “Breach” shall have the meaning given to such term under the HITECH Act under 42 USC Section 17921; and

WHEREAS, “Unsecured PHI” shall have the meaning to such term under the HITECH Act and any guidance issued pursuant to such Act including, but not limited to 42 USC Section 17932(h).

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, the Parties agree as follows:

1. Definitions. Unless otherwise provided in this Business Associate Agreement, capitalized terms shall have the same meanings as set forth in the Privacy Rule, as may be amended from time to time.

2. Scope of Use and Disclosure by BA of County Disclosed PHI
- A. BA shall not disclose PHI except for the purposes of performing BA's obligations under the Underlying Agreement. Further, BA shall not use PHI in any manner that would constitute a violation of the minimum necessary policies and procedures of the County, Privacy Rule, Security Rule, or the HITECH Act.
 - B. Unless otherwise limited herein, in addition to any other uses and/or disclosures permitted or authorized by this Business Associate Agreement or required by law, BA may:
 - (1) Use the PHI in its possession for its proper management and administration and to fulfill any legal obligations.
 - (2) disclose the PHI in its possession to a third party for the purpose of BA's proper management and administration or to fulfill any legal responsibilities of BA, or as required by law
 - (3) Disclose PHI as necessary for BA's operations only if:
 - (a) Prior to making a disclosure to a third party, BA will obtain written assurances from such third party including:
 - (i) To hold such PHI in confidence and use or further disclose it only for the purpose of which BA disclosed it to the third party, or as required by law; and,
 - (ii) The third party will immediately notify BA of any breaches of confidentiality of PHI to extent it has obtained knowledge of such breach.
 - (4) Aggregate the PHI and/or aggregate the PHI with that of other data for the purpose of providing County with data analyses related to the Underlying Agreement, or any other purpose, financial or otherwise, as requested by County.
 - (5) Not disclose PHI disclosed to BA by County not authorized by the Underlying Agreement or this Business Associate Agreement without patient authorization or de-identification of the PHI as authorized in writing by County.
 - (6) De-identify any and all PHI of County received by BA under this Business Associate Agreement provided that the de-identification conforms to the requirements of the Privacy Rule, 45 CFR and does not preclude timely payment and/or claims processing and receipt.
 - C. BA agrees that it will neither use nor disclose PHI it receives from County, or from another business associate of County, except as permitted or required by this Business Associate Agreement, or as required by law, or as otherwise permitted by law.
3. Obligations of BA. In connection with its use of PHI disclosed by County to BA, BA agrees to:
- A. Implement appropriate administrative, technical, and physical safeguards as are necessary to prevent use or disclosure of PHI other than as permitted by the Agreement that reasonably and appropriately protects the confidentiality, integrity, and availability of the PHI in accordance with 45 CFR 164.308,164.310,164.312, and 164.504(e)(2). BA shall comply with the policies, procedures, and documentation requirements of the HIPAA Security Rule.

- B. Report to County within 24 hours of any suspected or actual breach of security, intrusion, or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take prompt corrective action to cure any such deficiencies and any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.
 - C. Report to County in writing of any access, use, or disclosure of PHI not permitted by the Underlying Agreement and this Business Associate Agreement, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than five (5) days. To the extent the Breach is solely a result of BA's failure to implement reasonable and appropriate safeguards as required by law, and not due in whole or part to the acts or omissions of the County, BA may be required to reimburse the County for notifications required under 45 CFR 164.404 and CFR 164.406.
 - D. BA shall not use or disclose PHI for fundraising or marketing purposes. BA shall not disclose PHI to a health plan for payment or health care operations purposes if the patient has requested this special restriction, and has paid out of pocket in full for the health care item or service to which the PHI solely relates. BA shall not directly or indirectly receive remuneration in exchange of PHI, except with the prior written consent of the County and as permitted by the HITECH Act, 42 USC Section 17935(d)(2); however, this prohibition shall not affect payment by County to BA for services provided pursuant to the Agreement.
4. PHI Access, Amendment, and Disclosure Accounting. BA agrees to:
- A. Provide access, at the request of County, within five (5) days, to PHI in a Designated Record Set, to the County, or to an Individual as directed by the County. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable County to fulfill its obligations under the HITECH Act, including, but not limited to, 42 USC Section 17935(e).
 - B. Within ten (10) days of receipt of a request from County, incorporate any amendments or corrections to the PHI in accordance with the Privacy Rule in the event that the PHI in BA's possession constitutes a Designated Record Set.
 - C. To assist the County in meeting its disclosure accounting under HIPAA:
 - (1) BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosure from Electronic Health Record for treatment, payment, or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At the minimum, the information collected shall include: (i) the date of disclosure; (ii) the name of the entity or person who received PHI and, if known, the address of the entity or person; (iii) a brief description of PHI disclosed and; (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy

of the individual's authorization, or a copy of the written request for disclosure.

(2) Within in 30 days of notice by the County, BA agrees to provide to County information collected in accordance with this section to permit the County to respond to a request by an Individual for an accounting of disclosures of PHI.

D. Make available to the County, or to the Secretary of Health and Human Services (the "Secretary") , BA's internal practices, books and records relating to the use of and disclosure of PHI for purposes of determining BA's compliance with the Privacy Rule, subject to any applicable legal restrictions. BA shall provide County a copy of any PHI that BA provides to the Secretary concurrently with providing such information to the Secretary.

5. Obligations of County.

A. County agrees that it will promptly notify BA in writing of any restrictions on the use and disclosure of PHI agreed to by County that may affect BA's ability to perform its obligations under the Underlying Agreement, or this Business Associate Agreement.

B. County agrees that it will promptly notify BA in writing of any changes in, or revocation of, permission by any Individual to use or disclose PHI, if such changes or revocation may affect BA's ability to perform its obligations under the Underlying Agreement, or this Business Associate Agreement.

C. County agrees that it will promptly notify BA in writing of any known limitation(s) in its notice of privacy practices to the extent that such limitation may affect BA's use of disclosure of PHI.

D. County shall not request BA to use or disclose PHI in any manner that would not be permissible under the Privacy Rule if done by County, except as may be expressly permitted by the Privacy Rule.

E. County will obtain any authorizations necessary for the use or disclosure of PHI, so that BA can perform its obligations under this Business Associate Agreement and/or the Underlying Agreement.

6. Term and Termination.

A. Term. This Business Associate Agreement shall commence upon the Effective Date and terminate upon the termination of the Underlying Agreement, as provided therein when all PHI provided by the County to BA, or created or received by BA on behalf of the County, is destroyed or returned to the County, or, or if it is infeasible to return or destroy PHI, protections are extended to such information, in accordance with the termination provisions in this Section.

B. Termination for Cause. Upon the County's knowledge of a material breach by the BA, the County shall either:

(1) Provide an opportunity for the BA to cure the breach or end the violation and terminate this Agreement if the BA does not cure the breach or end the violation within the time specified by the County.

(2) Immediately terminate this Agreement if the BA has breached a material term of this Agreement and cure is not possible; or

(3) If neither termination nor cures are feasible, the County shall report the violation to the Secretary.

- C. Effect of Termination.
- (1) Except as provided in paragraph (2) of this section, upon termination of this Agreement, for any reason, the BA shall, at the option of County, return or destroy all PHI that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such PHI.
 - (2) In the event that the County determines that returning or destroying the PHI is infeasible, BA shall provide to the County notification of the conditions that make return or destruction infeasible, and BA shall extend the protections of this Agreement to such PHI to those purposes that make the return or destruction infeasible, for so long as the BA maintains such PHI. If County elects destruction of the PHI, BA shall certify in writing to County that such PHI has been destroyed.

7. Indemnity

- A. BA shall indemnify and hold harmless all Agencies, Districts, Special Districts and Departments of the County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives (collectively "County") from any liability whatsoever, based or asserted upon any services of BA, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to BA's performance under this Business Associate Agreement, including but not limited to property damage, bodily injury, or death or any other element of any kind or nature whatsoever including fines, penalties or any other costs and resulting from any reason whatsoever to the extent arising from the performance of BA, its officers, agents, employees, subcontractors, agents or representatives under this Business Associate Agreement. BA shall defend, at its sole expense, all costs and fees including but not limited to attorney fees, cost of investigation, defense and settlements or awards against the County in any claim or action based upon such alleged acts or omissions.
- B. With respect to any action or claim subject to indemnification herein by BA, BA shall, at its sole cost, have the right to use counsel of its choice, subject to the approval of County, which shall not be unreasonably withheld, and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes BA's indemnification of County as set forth herein. BA's obligation to defend, indemnify and hold harmless County shall be subject to County having given BA written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at BA's expense, for the defense or settlement thereof. BA's obligation hereunder shall be satisfied when BA has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.
- C. The specified insurance limits required in the Underlying Agreement of this Business Associate Agreement shall in no way limit or circumscribe BA's obligations to indemnify and hold harmless the County herein from third party claims arising from the issues of this Business Associate Agreement.

- D. In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code Section 2782. Such interpretation shall not relieve the BA from indemnifying the County to the fullest extent allowed by law.
- E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Business Associate Agreement, this indemnification shall only apply to the subject issues included within this Business Associate Agreement.
- 8. Amendment. The parties agree to take such action as is necessary to amend this Business Associate Agreement from time to time as is necessary for County to comply with the Privacy Rule, 45 CFR, and HIPAA generally.
- 9. Survival. The respective rights and obligations of this Business Associate Agreement shall survive the termination or expiration of this Business Associate Agreement.
- 10. Regulatory References. A reference in this Business Associate Agreement to a section in the Privacy Rule means the section as in effect or as amended.
- 11. Conflicts. Any ambiguity in this Business Associate Agreement and the Underlying Agreement shall be resolved to permit County to comply with the Privacy Rule, 45 CFR, and HIPAA generally.
