To Whom It May Concern,

As a business owner on The Divide for 44 years I would like to offer my support of Northern X-treme Helicopters, Inc. I believe this is a service we are in dire need of here as the closest facilities that offer similar services are in Auburn or even as far as Sacramento.

I was personally affected by the fire of 1994 in that our tree farm lost many trees and entire structures, including a modular where my manager and his family lived. Had we had someone like Northern X-treme Helicopters to turn to, the damage could have been drastically reduced. We have 3 large ponds for water supply to fight any future fires and plan to have those available for use. I have worked with David Glass for years and his commitment to protect the land and the people on it is quite evident.

I believe Northern X-treme Helicopters can provide a necessary as well as absent service on The Divide and they have my utmost support.

Sincerely,

A handwritten signature in cursive script that reads "Yvonne T. Sansome". The signature is written in black ink and is positioned above the typed name.

To Whom It May Concern:

I am a tradesman and owner of United Tradesmen Alliance, a local handyman business. I conduct a good portion of my business on The Divide and believe the services Northern X-treme Helicopters will provide can be highly beneficial to this area.

I have worked with David Glass many times in the past and believe him to be a contributing member of the community. His knowledge of local wilderness and fire protection procedures offer many benefits to the potential services needed here. He will bring a much-needed presence to our area and potentially save thousands of acres of land as we gear up for fire season here in El Dorado County.

As a local businessman I would like to offer my support of David and Sara Glass and encourage others to do so also.

Thank you for your time,
