

**AMENDMENT II TO AGREEMENT #345-S1611
BETWEEN THE EL DORADO COUNTY LIBRARY AND CALIFA FOR THE
PROVISION, INSTALLATION AND MAINTENANCE OF ADVANCED
NETWORK (DATA) SERVICES**

This Amendment II to Agreement for Services #345-S1611, made and entered into by and between the Califa Group, a California public benefit corporation, hereinafter referred to as "Califa" and the El Dorado County Library hereinafter referred to as "Library".

WHEREAS, Califa, on behalf of the California State Library, has contracted with Corporation for Education Network Initiatives in California (CENIC) to provide high speed networking to libraries in California, in accordance with Agreement for Services #345-S1611, dated February 23, 2016, incorporated herein and made by reference a part hereof; and

WHEREAS, the parties hereto have mutually agreed to replace Appendix #1A with revised Appendix #1B which adds the Georgetown circuit.

NOW THEREFORE, the parties do hereby agree that Agreement for Services #345-S1611 shall be amended a second time as follows:

Appendix #1A is hereby replaced with Appendix #1B attached hereto and incorporated herein by reference.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed by their respective duly authorized representatives.

Provision, Installation and Maintenance

Of Advanced Network (Data) Services:

Reimbursement of Circuit Costs

This Appendix lists the circuits contracted for by CENIC on behalf of Califa and the Library for connecting CENIC's fiber optic backbone to Library and for library connections that are not direct connections to CENIC's fiber optic backbone, e.g. direct connections between libraries. Library understands that CENIC will bill Califa, and Califa will bill Library, for actual costs of circuits charged by network service providers, including taxes and surcharges and without markup. Prior to approval of CENIC's Library consortium E-rate application by the FCC's E-rate contractor, not all applicable E-rate and CTF discounts will be reflected on invoices. After the E-rate application for any given year is approved, the network service provider will coordinate with CENIC to provide appropriate credits and such credits will be passed from CENIC to Califa and from Califa to the Library. Such credits are typically issued sometime during the fiscal year after the year in which the circuits are installed and services are first provided. In subsequent years, credits continue to be issued in the fiscal year after the year for which services have been provided. Library further understands that the exact discounted cost of circuits will not be known until after the E-rate consortium application is approved. The actual start date of the service, and therefore of circuit costs, will be dependent on coordination among CENIC, the Library and the network service provider. Any one time (Non recurring or NRC) costs included below are typically invoiced by carriers prior to circuit installation and will be invoiced to Library upon receipt of invoice to CENIC from carrier.

Library will be invoiced for the NRC of the equipment at four libraries to connect to CalREN Hub as described in Appendix #1A attached to Amendment I to this Agreement, which is in addition to the NRC listed in the table below.

 *NRC - Non-Recurring Charges
 **E-rate discount: percent discount indicated is an estimate based on data available at the time the quote was generated. Actual discount percentage will be identified by the E rate authorities at a later point.
 ***CTF discount: percent discount of amount after E rate discount is applied. CTF discount is always 50%.
 Note 3: E-rate and CTF discounts are dependent upon the continued funding of these programs. CENIC/Califa cannot guarantee the E-rate and CTF discounts, and these discounts are subject to change.
