BUDGET SUMMARY:

Funding

Budgeted \$44,608
 New Funding \$
 Savings \$

Other \$
Total Funding Available \$44,608
Change To Net County Cost \$0

Fiscal Impact/Change to Net County Cost: There is no net County cost associated with this Agreement. The County will receive \$44,608 through Sacramento County to support HOPWA activities in 2010.

Background: Sacramento County is the applicant/recipient for the Federal Housing and Urban Development (HUD) / HOPWA grant and serves as the fiscal intermediary for the allocation of HOPWA funds. El Dorado and other local rural counties receive HOPWA and Ryan White C.A.R.E. Act funding through Sacramento County. Other programs serving acquired immunodeficiency syndrome (AIDS) clients are funded directly by the State under an AIDS Master Grant; activities included under the Master Grant include, but are not limited to, 1) education and prevention of AIDS, 2) evaluation of local interventions for AIDS, 3) human immunodeficiency virus (HIV) counseling and testing, and 4) a drug assistance program.

The HOPWA Program provides emergency housing assistance for El Dorado County residents and their families living with HIV disease. Short term assistance and supportive services are provided to qualified persons for rent, mortgage, and utilities to prevent homelessness.

Reason for Recommendation: This Agreement with Sacramento County for HOPWA services is for the term January 1, 2010 through December 31, 2010. El Dorado County HOPWA services are subcontracted out to the Sierra Foothills AIDS Foundation, a community-based agency specializing in services to individuals and families afflicted with AIDS. Sierra Foothills AIDS Foundation maintains all appropriate credentialing and has successfully passed annual site reviews.

Retroactive Term: This Agreement is retroactive to January 1, 2010 due to late receipt of documents from Sacramento County. The documents were mailed directly to Sierra Foothills by Sacramento County, and then forwarded on to the Department. Upon receipt, the Department immediately submitted said documents for review and approval, and upon approval, immediately submitted for the next available Board meeting.

Action to be taken following Board approval:

1. Chair to sign three (3) original Agreements 101-162-P-E2010, and two (2) original copies of Resolution.
2. Board Clerk to return one (1) signed Resolution and three (3) signed Agreements to Department.
3. Director to sign "Contractor Certification of Compliance Form" and "Certificate Regarding Lobbying - Enclosure I."
4. Department to forward all signed documents to Sacramento County.
5. Upon receipt of fully executed Agreements from Sacramento County, Department to return one fully executed Agreement to Board Clerk's Office.

II. PROGRAM OPERATOR

The program shall be known as the HOPWA Short-Term Rent, Mortgage, and Utility (STRMU) Program and shall be operated by County of El Dorado, Public Health Department (CONTRACTOR).

III. STAFFING

This Agreement is for housing assistance only; no staff is paid for through this Agreement. Although this Agreement does not provide funds for case management CONTRACTOR shall assure that eligible clients do receive case management services per Section 574.330(e).

IV. DESCRIPTION OF SERVICES

- A. CONTRACTOR shall provide short-term rent, mortgage and utility payment assistance to sixty-two (62) unduplicated eligible participants and their families utilizing U.S. Department of Housing and Urban Development (HUD) Housing Opportunities for Persons with AIDS (HOPWA) funds.
- B. CONTRACTOR shall verify tenancy and the household's short-term housing needs; verify low-income status; and verify HIV/AIDS. Verification shall be evident in CONTRACTOR's files for STRMU eligible participants. STRMU funds can only be used to assist eligible participants currently in housing as an intervention to prevent homelessness and cannot be used to assist participants who are currently homeless.
- C. CONTRACTOR shall establish an Individual Housing Service Plan (ISP) for each household through and intake interview and written assessment of need; and provide access to other permanent housing options for HOPWA eligible persons and their families. The ISP shall include efforts to restore self-sufficiency and future independence from the need for housing support and coordinate related housing efforts to assess the housing needs.
- D. CONTRACTOR shall provide each assisted participant with an opportunity, if eligible to receive case management services through the appropriate social services agencies, per Section 574.330(e).

Such case management shall include, but not be limited to:

1. Health, mental health, assessment,
2. Drug and alcohol abuse treatment and counseling,
3. Day care,
4. Personal assistance,
5. Nutritional services,
6. Intensive care when required; and
7. Assistance in gaining access to local, State and Federal government benefits and services, except that health services may only be provided to participants with AIDS and AIDS-related diseases and not to family members of these participants.

V. STANDARDS FOR STRMU PAYMENTS

- A. For households experiencing a financial crisis resulting from issues arising from HIV/AIDS. Eligible activities to prevent homelessness are:
1. Rent payments for households with a lease, or legal document showing participant's tenancy or residency.
 2. Mortgage payment (but not down-payment support for new units)
 3. Payment for taxes or insurance, fees or other building operation cost only if the cost are part of monthly mortgage payments, or part of terms of the mortgage.
 4. Utility payments (gas, electric, water and sewer, but not firewood)

B. Confidentiality of Eligible Participant Information.

The provision of HOPWA funding involves information on the HIV/AIDS status of participants for the purpose of determining eligibility for program support. Such information is subject to confidentiality requirements, as mandated by Section 856 of the AIDS Housing Opportunity Act. CONTRACTOR must ensure that information is used for the limited purpose of establishing program eligibility. HIV/AIDS status, along with related participant eligibility documentation, should only be accessible by qualified participants who determine eligibility or provide support, or who oversee the provision of this federal assistance. CONTRACTOR must have written procedures and training efforts in place to maintain confidentiality. Precautions may include, but are not limited to, maintaining paper files in locked cabinets accessible only by designated individuals, and installing security software for electronic files.

CONTRACTOR shall conduct periodic monitoring of confidentiality procedures and undertake related training efforts. To protect participant confidentiality, questions should only be asked and recorded when a program or project has adequate confidentiality protections in place. However, such actions shall not limit the collection of non-personal data necessary to demonstrate sound management of program resources, such as aggregated non-identifying information collected for program performance reports, or controlled access by an authorized governmental official to adequately conduct a program management or financial audit.

Failure to comply with this section shall be considered a default of contract responsibilities, which, after notice, may give rise to suspension and/or loss of contract funds, as well as other potential actions or liability.

C. Connection to Permanent Housing.

As a short-term intervention tool, STRMU assistance is not intended to provide continuous or perpetual assistance. Other types of HOPWA assistance, such as rental assistance, residency in community residences or other housing facilities and, or assistance with access to other housing programs should be employed when participant assessments indicate that little or no improvement

of the “conditions” that caused this financial burden are likely during or after the 21-week benefit period. (See Section VI. below)

D. Eligibility for STRMU

1. To receive STRMU assistance, the participant must be “a person with acquired immunodeficiency syndrome (AIDS) or related diseases who is a low income individual, and the person’s family. A participant or a participant and his family shall be considered a household for purposes of data collection. STRMU is to provide short-term interventions to help maintain stable living environment for households experiencing a financial crisis as a result of issues arising from HIV/AIDS condition. CONTRACTOR must maintain documentation that the assisted person is HIV positive or has a diagnosis of AIDS, as determined by a health professional competent to make such a determination. Documentation must also confirm that the eligible person and his family are low income, as measured as 80 percent of area median income, and provide for periodic updating of income information. Documentation providing evidence of eligibility for STRMU must be maintained on the premises of the Programs Sponsor’s primary office that provides STRMU assistance.

2. Current Resident

To receive STRMU assistance the participant must be a current resident, already in a housing situation, and not homeless. There must be evidence of participant’s tenancy or ownership and residency. For rental payments there must be a valid lease. For mortgage payment, the eligible person must be the resident owner of mortgaged real property. For utility assistance, the eligible person must have an account in his name with a utility company or proof of responsibility to make utility payments, such as cancelled checks, or receipts in their name from a utility company. Other utility needs may be authorized by written request of CONTRACTOR to the DHA HOPWA Program Planner to HUD.

3. Risks of Homelessness

HOPWA is a “needs-based” program; therefore participants must demonstrate the level of benefits needed through verifiable documentation. CONTRACTOR shall verify and document the participant’s inability to make required payments. CONTRACTOR shall assess that the household’s needs are for actual costs; that other resources, such as household income, are not reasonably available to address the unmet housing need; that the STRMU payment will alleviate the payment delinquency so as to avoid the eviction and result in, at least temporary stability for that household; and that the household’s on-going housing needs were assessed or will be assessed in connection with the development of an individual housing service plan for the household. STRMU payments cannot be made to an eligible person and their family for the same period of time or housing costs if assistance is also being provided for those costs and period of time through HOPWA or another federal, state or local housing subsidy program.

E. Payment Limitations

The average expenditure of short-term HOPWA funds per eligible participant is \$669 (calculated by the amount available divided by the number of participants to be served). Short-term HOPWA funds may only be used to provide short-term interventions that help maintain stable living environments for households who are experiencing a financial crisis as a result of issues arising from their HIV/AIDS condition. Payments are limited to 21 weeks in any 52-week period. (See section VI. below).

F. Suitable Housing Units

CONTRACTOR shall assess whether the housing is safe, decent and sanitary as part of their required on-going assessment of the housing assistance provided through STRMU. A Housing

quality standard inspection is not required initially for the use of the time-limited STRMU payments, if needed to prevent the homelessness of the household and the unit is safe and decent. However, it is strongly recommended that continued occupancy of any HOPWA-supported housing be shown to meet HUD's habitability standards found at 24 CFR 574.310(b)(2), and that any observed deficiencies noted in an individual housing service plan are addressed appropriately, consistent at a minimum with state and local standards.

VI. ELIGIBLE STRMU PERIOD AND STANDARD METHOD TO TRACK

Beneficiaries should be prompted to make at least a partial payment for their housing costs. Assistance may not be provided for costs accruing over a period of more than 21 weeks in any 52-week period. CONTRACTOR shall examine the period of time covered by rental, mortgage and utility bills to assure that payments are not made in excess of amounts incurring over 21 weeks, and shall document it in the participant's file. Short-term support should be connected to helping households with more long-term needs with other forms of support. All STRMU costs may be equated to the actual calendar days of assistance provided.

The COUNTY has chosen to use "Rounding a month to four weeks" as the tracking method for all STRMU contractors for this jurisdiction. CONTRACTOR shall use this method consistently for all of its participants. This method rounds each month to four weeks, allowing for up to 21 weeks in the benefits period. Rental and mortgage costs generally cover a calendar month period consisting of slightly more than four full weeks. This method allows for 5 months and one week of assistance as the limit, regardless of the number of days in those months. Example: A rental period of Jun 1 through June 30 is rounded down to 4 weeks. If payment was made for 75% of a month's rent it would be tracked as 3 weeks; 50% of a month's rent would be tracked as 2 weeks, and 25% of a month's rent would be tracked as 1 week.

Monthly utility service periods generally do not coincide with rent or mortgage periods, rather they likely span parts of 2 calendar months. When assisting only the utility costs, the monthly assistance period is rounded down to 4 weeks of STRMU support. Example: A utility period of May 7 through June 6 is rounded down to 4 weeks. If payment was made for 75% of a utility bill it would be tracked as 3 weeks; 50% of a utility bill would be tracked as 2 weeks, and 25% of a utility bill would be tracked as 1 week.

If both a housing bill and utility bill are paid to address the household's STRMU need, but the dates of service do not coincide, the benefit period would be calculated as follows: Count this overall assistance as one month (4 weeks) if at least 14 days of the utility period coincide with the rent/mortgage period. In situations where less than 14 days coincide, the remaining portion of the utility period will be attributed to the next month for tracking purposes. Example #1: A rental period of May 1-31 is rounded down to 4 weeks. The utility period of May 7 through June 6 results in 25 days coinciding with the rental period; therefore, a total of 4 weeks is counted in May for the payment of both rent and utilities. Example #2: If the utility bill had coincided with the May rental period for less than 14 days (e.g., May 20-June 19, equaling 12 days rounded up to 2 weeks in May), part of this assistance (19 days) would be attributed to June, as 3 additional weeks of assistance added to the 4 weeks attributed to May for rent assistance.

VII. HUD HOPWA STRMU OBJECTIVE AND OUTCOME

CONTRACTOR shall provide short-term rent, mortgage and utility payment assistance with these objectives and outcomes.

- A. Objective = Decent and affordable housing

TITLE 24--HOUSING AND URBAN DEVELOPMENT

SECRETARY FOR COMMUNITY PLANNING AND DEVELOPMENT, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

PART 574—HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

Subpart B — Formula Entitlements

574.100 Eligible applicants

574.110 Overview of formula allocations.

574.120 Responsibility of applicant to serve EMSA.

574.130 Formula allocations.

Reallocations of grant amounts.

Subpart B — Formula Entitlements

Sec. 574. 100 Eligible applicants.

(a) Eligible States and qualifying cities, as defined in Sec. 574.3, qualify for formula allocations under HOPWA.

(b) HUD will notify eligible States and qualifying cities of their formula eligibility and allocation amounts and EMSA service areas annually.

[57 FR 61740, Dec. 28, 1992, as amended at 59 FR 17199, Apr. 11, 1994; 60 FR 1917, Jan. 5, 1995]

Sec. 574. 110 Overview of formula allocations.

The formula grants are awarded upon submission and approval of a consolidated plan, pursuant to 24 CFR part 91, that covers the assistance to be provided under this part. Certain states and cities that are the most populous unit of general local government in eligible metropolitan statistical areas will receive

formula allocations based on their State or metropolitan population and proportionate number of cases of persons with AIDS. They will receive funds under this part (providing they comply with 24 CFR part 91) for eligible activities that address the housing needs of persons with AIDS or related diseases and their families (see Sec. 574.130(b)).
[61 FR 7963, Feb. 29, 1996]

Sec. 574.120 Responsibility of applicant to serve EMSA.

The EMSA's applicant shall serve eligible persons who live anywhere within the EMSA, except that housing assistance shall be provided only in localities within the EMSA that have a consolidated plan prepared, submitted, and approved in accordance with 24 CFR part 91 that covers the assistance to be provided under this part. In allocating grant amounts among eligible activities, the EMSA's applicant shall address needs of eligible persons who reside within the metropolitan statistical area, including those not within the jurisdiction of the applicant.
[60 FR 1917, Jan. 5, 1995]

Sec. 574.130 Formula allocations.

(a) *Data sources.* HUD will allocate funds based on the number of cases of acquired immunodeficiency syndrome reported to and confirmed by the Director of the Centers for Disease Control, and on population data provided by the U.S. Census. The number of cases of acquired immunodeficiency syndrome used for this purpose shall be the number reported as of March 31 of the fiscal year immediately preceding the fiscal year for which the amounts are appropriated and allocated.

(b) *Distribution of appropriated funds for entitlement awards.*

(1) Seventy-five percent of the funds allocated under the formula is distributed to qualifying cities and eligible States, as described in Sec. 574.100, based on each metropolitan statistical area's or State's proportionate share of the cumulative number of AIDS cases in all eligible metropolitan statistical areas and eligible States.

(2) The remaining twenty-five percent is allocated among qualifying cities, but not States, where the per capita incidence of AIDS for the year, April 1 through March 31, preceding the fiscal year of the appropriation is higher than the average for all metropolitan statistical areas with more than 500,000 population. Each qualifying city's allocation reflects its EMSA's proportionate share of the high incidence factor among EMSA's with higher than average per capita incidence of AIDS. The high incidence factor is computed by multiplying the population of the metropolitan statistical area by the difference between its twelve-month-per-capita-incidence rate and the average rate for all metropolitan statistical areas with more than 500,000 population. The EMSA's proportionate share is determined by dividing its high incidence factor by the sum of the high incidence factors for all EMSA's with higher than average per capita incidence of AIDS.

(c) *Minimum grant.* No grant awarded under paragraph (b) of this section shall be less than \$200,000. Therefore, if the calculations under paragraph (b) of this section would result in any eligible metropolitan statistical area or eligible State receiving less than \$200,000, the amount allocated to that entity is increased to \$200,000 and allocations to entities in excess of \$200,000 are proportionately reduced by the amount of the increase.

Sec. 574.190 Reallocation of grant amounts.

If an eligible State or qualifying city does not submit a consolidated plan in a timely fashion, in accordance with 24 CFR part 91, that provides for use of its allocation of funding under this part, the funds allocated to that jurisdiction will be added to the funds available for formula allocations to other jurisdictions in the current fiscal year. Any formula funds that become available as a result of deobligations or the imposition of sanctions as provided for in Sec. 574.540 will be added to the funds available for formula allocations in the next fiscal year.

[57 FR 61740, Dec. 28, 1992, as amended at 60 FR 1918, Jan. 5, 1995]

(1) Special projects of national significance; and

(2) Other projects submitted by States and localities that do not qualify for formula grants.

(b) Any competitively awarded funds that become available as a result of deobligations or the imposition of sanctions, as provided in Sec. 574.540, will be added to the funds available for competitive grants in the next fiscal year.

(c) The competitive grants are awarded based on applications, as described in subpart C of this part, submitted in response to a Notice of Funding Availability published in the Federal Register. All States and units of general local government and nonprofit organizations are eligible to apply for competitive grants to fund projects of national significance. Only those States and units of general local government that do not qualify for formula allocations are eligible to apply for competitive grants to fund other projects.

(d) If HUD makes a procedural error in a funding competition that, when corrected, would warrant funding of an otherwise eligible application, HUD will select that application for potential funding when sufficient funds become available.

[57 FR 61740, Dec. 28, 1992, as amended at 61 FR 7963, Feb. 29, 1996]

(b) Only those States and units of general local government that do not qualify for formula grants, as described in Sec. 574.100; may apply for grants for other projects as described in Sec. 574.200(a)(2).

(c) Except for grants for projects of national significance, nonprofit organizations are not eligible to apply directly to HUD for a grant but may receive funding as a project sponsor under contract with a grantee.

Sec. 574. 240 Application requirements.

Applications must comply with the provisions of the Department's Notice of Funding Availability (NOFA) for the fiscal year published in the Federal Register in accordance with 24 CFR part 12. The rating criteria, including the point value for each, are described in the NOFA, including criteria determined by the Secretary.

[61 FR 7963, Feb. 29, 1996]

Sec. 574. 260 Amendments.

(a) After an application has been selected for funding, any change that will significantly alter the scope, location, service area, or objectives of an activity or the number of eligible persons served must be justified to HUD and approved by HUD. Whenever any other amendment to the application is made, the grantee must provide a copy to HUD.

(b) Each amendment request must contain a description of the revised proposed use of funds. Funds may not be expended for the revised proposed use of funds until:

(1) HUD accepts the revised proposed use; and

(2) For amendments to acquire, rehabilitate, convert, lease, repair or construct properties to provide housing, an environmental review of the revised proposed use of funds has been completed in accordance with Sec. 574.510.

than 7 percent of the amounts received for administrative costs.

(11) For competitive grants only, any other activity proposed by the applicant and approved by HUD.

(C) Limitations of assistance to primarily religious organizations—

(1) Provision of assistance. (i) Assistance may be provided under this part by a grantee to a project sponsor that is a primarily religious organization if the primarily religious organization agrees to provide all eligible activities under this program in a manner that is free from religious influences and in accordance with the following principles:

(A) It will not discriminate against any employee or applicant for employment on the basis of religion and will not limit employment or give preference in employment to persons on the basis of religion.

(B) It will not discriminate against any person applying for any of the eligible activities under this part on the basis of religion and will not limit such housing or other eligible activities or give preference to persons on the basis of religion.

(C) It will provide no religious instruction or counseling, conduct no religious services or worship, engage in no religious proselytizing, and exert no other religious influence in the provision of eligible activities under this part.

Assistance may be provided to a project sponsor that is a primarily religious organization to rehabilitate or convert a structure owned by the organization, only as described in paragraph (c)(2) of this section.

(2) Rehabilitation or conversion of structures owned by primarily religious organizations. Grant amounts may be used to rehabilitate or convert a structure that is owned by a primarily religious organization, only if:

(i) The structure (or portion thereof) that is to be rehabilitated or converted with HUD assistance has been leased to an existing or newly established wholly secular organization (which may be established by the religious organization under the provisions of paragraph (c)(3) of this section).

(ii) The HUD assistance is provided to the secular organization (and not the religious organization) to make the improvements.

(iii) The leased structure will be used exclusively for secular purposes available to all persons regardless of religion.

(iv) The lease payments paid to the primarily religious organization do not exceed the fair market rent for the structure before the rehabilitation or conversion was done.

(v) The portion of the cost of any improvements that benefit any unleased portion of the structure will be allocated to, and paid for by, the religious organization.

(vi) The primarily religious organization agrees that if the secular organization does not retain the use of the leased premises for wholly secular purposes for the useful life of the improvements, the primarily religious organization will pay an amount equal to the residual value of the improvements to the original grantee from which the amounts used to rehabilitate or convert the building were derived. While the original grantee is expected to use this amount for eligible HOPWA activities, there is no requirement that funds received after the close of the grant period be used in accordance with the requirements of this part.

(3) Assistance to a wholly secular private nonprofit organization established by a primarily religious organization. (i) A primarily religious organization may establish a wholly secular private nonprofit organization to serve as a project sponsor. The secular organization may be eligible to receive all forms of assistance available under this part.

(ii) The secular organization must agree to provide eligible activities under this part in a manner that is free from religious influences and in accordance with the principles set forth in paragraph (c)(1)(i) of this section.

(iii) The secular organization may enter into a contract with the religious organization to operate the housing assistance, supportive services and other eligible activities for the project. In such a case, the religious organization must agree in the contract to carry out its contractual responsibilities in a manner free from religious influences and in accordance with the principles set forth in paragraph (c)(1)(i) of this section.

(iv) The rehabilitation or conversion of structures are subject to the requirements of paragraph (c)(2) of this section.

[57 FR 61740, Dec. 28, 1992, as amended at 59 FR 17200, Apr. 11, 1994]

Supportive services are described in Sec. 574.300(b)(7). For any individual with acquired immunodeficiency syndrome or a related disease who requires more intensive care than can be provided in housing assisted under this subpart, the grantee shall provide for locating a care provider who can appropriately care for the individual and for referring the individual to the care provider.

(2) *Payments*. The grantee shall ensure that grant funds will not be used to make payments for health services for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to that item or service:

(i) Under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(ii) By an entity that provides health services on a prepaid basis.

(b) *Housing quality standards*. All housing assisted under Sec. 574.300(b) (3), (4), (5), and (8) must meet the applicable housing quality standards outlined below.

(1) *State and local requirements*. Each recipient of assistance under this part must provide safe and sanitary housing that is in compliance with all applicable State and local housing codes, licensing requirements, and any other requirements in the jurisdiction in which the housing is located regarding the condition of the structure and the operation of the housing.

(2) *Habitability standards*. Except for such variations as are proposed by the locality and approved by HUD, recipients must meet the following requirements:

(i) *Structure and materials*. The structures must be structurally sound so as not to pose any threat to the health and safety of the occupants and so as to protect the residents from hazards.

(ii) *Access*. The housing must be accessible and capable of being utilized without unauthorized use of other private properties. Structures must provide alternate means of egress in case of fire.

(iii) *Space and security*. Each resident must be afforded adequate space and security for themselves and their belongings. An acceptable place to sleep must be provided for each resident.

(iv) *Interior air quality*. Every room or space must be provided with natural or mechanical ventilation. Structures must be free of pollutants in the air at levels that threaten the health of residents.

(v) *Water supply*. The water supply must be free from contamination at levels that threaten the health of individuals.

(vi) *Thermal environment*. The housing must have adequate heating and/or cooling facilities in proper operating condition.

(vii) *Illumination and electricity*. The housing must have adequate natural or artificial illumination to permit normal indoor activities and to support the health and safety of residents. Sufficient electrical sources must be provided to permit use of essential electrical appliance while assuring safety from fire.

(viii) *Food preparation and refuse disposal*. All food preparation areas must contain suitable space and equipment to store, prepare, and serve food in a sanitary manner.

(ix) *Sanitary condition*. The housing and any equipment must be maintained in sanitary condition.

(c) *Minimum use period for structures*.

(1) Any building or structure assisted with amounts under this part must be maintained as a facility to provide housing or assistance for individuals with acquired immunodeficiency syndrome or related diseases:

(i) For a period of not less than 10 years, in the case of assistance provided under an activity eligible under Sec. 574.300(b) (3) and (4) involving new construction, substantial rehabilitation or acquisition of a building or structure; or

(ii) For a period of not less than 3 years in the cases involving non-substantial rehabilitation or repair of a building or structure.

(2) *Waiver of minimum use period*. HUD may waive the minimum use period of a building or structure as stipulated in paragraph (c)(1) of this section if the grantee can demonstrate, to the satisfaction of HUD, that:

(i) The assisted structure is no longer needed to provide supported housing or assistance, or the continued operation of the structure for such purposes is no longer feasible; and

(ii) The structure will be used to benefit individuals or families whose incomes do not exceed 80 percent of the median income for the area, as determined by HUD with adjustments for smaller and larger families,

if the Secretary finds that such variations are necessary because of construction costs or unusually high or low family incomes.

(d) *Resident rent payment.* Except for persons in short-term supported housing, each person receiving rental assistance under this program or residing in any rental housing assisted under this program must pay as rent, including utilities, an amount which is the higher of:

(1) 30 percent of the family's monthly adjusted income (adjustment factors include the age of the individual, medical expenses, size of family and child care expenses and are described in detail in 24 CFR 813.102);

(2) 10 percent of the family's monthly gross income; or

(3) If the family is receiving payments for welfare assistance from a public agency and a part of the payments, adjusted in accordance with the family's actual housing costs, is specifically designated by the agency to meet the family's housing costs, the portion of the payments that is designated.

(e) *Termination of assistance--(1) Surviving family members.* With respect to the surviving member or members of a family who were living in a unit assisted under the HOPWA program with the person with AIDS at the time of his or her death, housing assistance and supportive services under the HOPWA program shall continue for a grace period following the death of the person with AIDS. The grantee or project sponsor shall establish a reasonable grace period for continued participation by a surviving family member, but that period may not exceed one year from the death of the family member with AIDS. The grantee or project sponsor shall notify the family of the duration of their grace period and may assist the family with information on other available housing programs and with moving expenses.

(2) *Violation of requirements--(i) Basis.* Assistance to participants who reside in housing programs assisted under this part may be terminated if the participant violates program requirements or conditions of occupancy. Grantees must ensure that supportive services are provided, so that a participant's assistance is terminated only in the most severe cases.

(iii) *Procedure.* In terminating assistance to any program participant for violation of requirements, grantees must provide a formal process that recognizes the rights of individuals receiving assistance to due process of law. This process at minimum, must consist of:

(A) Serving the participant with a written notice containing a clear statement of the reasons for termination;

(B) Permitting the participant to have a review of the decision, in which the participant is given the opportunity to confront opposing witnesses, present written objections, and be represented by their own counsel, before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and

(C) Providing prompt written notification of the final decision to the participant.

Sec. 574. 320 Additional standards for rental assistance.

(a) If grant funds are used to provide rental assistance, the following additional standards apply:

(1) *Maximum subsidy.* The amount of grant funds used to pay monthly assistance for an eligible person may not exceed the difference between:

(i) The lower of the rent standard or reasonable rent for the unit; and

(ii) The resident's rent payment calculated under Sec. 574.310(d).

(2) *Rent standard.* The rent standard shall be established by the grantee and shall be no more than the published section 8 fair market rent (FMR) or the HUD-approved community-wide exception rent for the unit size. However, on a unit by unit basis, the grantee may increase that amount by up to 10 percent for up to 20 percent of the units assisted.

(3) *Rent reasonableness.* The rent charged for a unit must be reasonable in relation to rents currently being charged for comparable units in the private unassisted market and must not be in excess of rents currently being charged by the owner for comparable unassisted units.

(b) With respect to shared housing arrangements, the rent charged for an assisted family or individual shall be in relation to the size of the private space for that assisted family or individual in comparison to other private space in the shared unit, excluding common space. An assisted family or individual may be assigned a pro rata portion based on the ratio derived by dividing the number of bedrooms in their private space by the number of bedrooms in the unit. Participation in shared housing arrangements shall be

voluntary.

Sec. 574.330 Additional standards for short-term supported housing.

Short-term supported housing includes facilities to provide temporary shelter to eligible individuals as well as rent, mortgage, and utilities payments to enable eligible individuals to remain in their own dwellings. If grant funds are used to provide such short-term supported housing assistance, the following additional standards apply:

(a) *Time limits.* (1) A short-term supported housing facility may not provide residence to any individual for more than 60 days during any six month period. Rent, mortgage, and utilities payments to prevent the homelessness of the tenant or mortgagor of a dwelling may not be provided to such an individual for these costs accruing over a period of more than 21 weeks in any 52 week period. These limitations do not apply to rental assistance provided under Sec. 574.300(b)(5).

(2) *Waiver of time limitations.* HUD may waive, as it determines appropriate, the limitations of paragraph (a)(1) and will favorably consider a waiver based on the good faith effort of a project sponsor to provide permanent housing under subsection (c).

(b) *Residency limitations--*(1) *Residency.* A short-term supported facility may not provide shelter or housing at any single time for more than 50 families or individuals;

(2) *Waiver of residency limitations.* HUD may waive, as it determines appropriate, the limitations of paragraph (b)(1) of this section.

(c) *Placement.* A short-term supported housing facility assisted under this part must, to the maximum extent practicable, provide each individual living in such housing the opportunity for placement in permanent housing or in a living environment appropriate to his or her health and social needs.

(d) *Assistance to continue independent living.* In addition to the supportive services provided when an individual is relocated to a short-term supported housing facility, supportive services may be provided to individuals when they remain in their residence because the residence is appropriate to the needs of the individual. In the latter case, a rent, mortgage and utilities payments program assisted under this part shall provide, when reasonable, supportive services specifically designed to maintain the individual in such residence.

(e) *Case management services.* A program assisted under this section shall provide each assisted individual with an opportunity, if eligible, to receive case management services from the appropriate social service agencies.

(Paragraph (b) approved by the Office of Management and Budget under control number 2506-0133)

Sec. 574.340 Additional standards for community residences.

(a) A community residence is a multiunit residence designed for eligible persons to provide a lower cost residential alternative to institutional care; to prevent or delay the need for such care; to provide a permanent or transitional residential setting with appropriate services to enhance the quality of life for those who are unable to live independently; and to enable such persons to participate as fully as possible in community life.

(b) If grant funds are used to provide a community residence, except for planning and other expenses preliminary to construction or other physical improvement for a community residence, the grantee must, prior to the expenditure of such funds, obtain and keep on file the following certifications:

(1) *A services agreement.* (i) A certification that the grantee will itself provide services as required by Sec. 574.310(a) to eligible persons assisted by the community residence; or

(ii) A certification that the grantee has entered into a written agreement with a project sponsor or contracted service provider to provide services as required by Sec. 574.310(a) to eligible persons assisted by the community residence;

(2) *The adequacy of funding.* (i) A certification that the grantee has acquired sufficient funding for these services; or

(ii) A certification that the grantee has on file an analysis of the service level needed for each community residence, a statement of which grantee agency, project sponsor, or service provider will provide the needed services, and a statement of how the services will be funded; and

(3) *Capability.* (i) A certification that the grantee is qualified to provide the services; or

Grantees are responsible for ensuring that their respective project sponsors carry out activities in compliance with all applicable requirements.

(b) *Grant agreement.* The grant agreement will provide that the grantee agrees, and will ensure that each project sponsor agrees, to:

(3) Assure the adequate provision of supportive services to the participants in the program; and

In performing its environmental review, HUD may use previously issued environmental reviews prepared by other local, State, or federal agencies for the proposed property. The grantee will cooperate in providing these documents. HUD must, however, conduct the environmental analysis and prepare the environmental review and be responsible for the required environmental findings. An environmental assurance shall be provided by an applicant for formula allocations or competitive awards in accordance with 24 CFR 50.3(i).

Annual reports are required until all grant funds are expended.

[61 FR 5209, Feb. 9, 1996]

Sec. 574. 603 Nondiscrimination and equal opportunity.

Within the population eligible for this program, the nondiscrimination and equal opportunity requirements set forth in 24 CFR part 5 and the following requirements apply:

(a) *Fair housing requirements.* (1) Grantees and project sponsors shall comply with the applicable provisions of the Americans with Disabilities Act (42 U.S.C. 12101-12213) and implementing regulations at 28 CFR part 35 (States and local government grantees) and part 36 (public accommodations and requirements for certain types of short-term housing assistance).

(b) *Affirmative outreach.* A grantee or project sponsor must adopt procedures to ensure that all persons who qualify for the assistance, regardless of their race, color, religion, sex, age, national origin, familial status, or handicap, know of the availability of the HOPWA program, including facilities and services accessible to persons with a handicap, and maintain evidence of implementation of the procedures.

Redesignated and amended at 61 FR 5209, Feb. 9, 1996; 61 FR 7964, Feb. 29, 1996]

Sec. 574. 605 Applicability of OMB circulars.

The policies, guidelines, and requirements of 24 CFR part 85 (codified pursuant to OMB Circular No. A-102) and OMB Circular No. A-87 apply with respect to the acceptance and use of funds under the program by States and units of general local government, including public agencies, and Circulars Nos. A-110 and A-122 apply with respect to the acceptance and use of funds under the program by private non-profit entities. (Copies of OMB Circulars may be obtained from E.O.P. Publications, room 2200, New Executive Office Building, Washington, DC 20503, telephone (202) 395-7332. (This is not a toll-free number.) There is a limit of two free copies.

Sec. 574. 625 Conflict of interest.

(a) In addition to the conflict of interest requirements in OMB Circular A-102 and 24 CFR 85.36(b)(3), no person who is an employee, agent, consultant, officer, or elected or appointed official of the grantee or

project sponsor and who exercises or has exercised any functions or responsibilities with respect to assisted activities, or who is in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from the activity, or have an interest in any contract, subcontract, or agreement with respect thereto, or the proceeds thereunder, either for himself or herself or for those with whom he or she has family or business ties, during his or her tenure or for one year thereafter.

(b) *Exceptions: Threshold requirements.* Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph (a) of this section when it determines that the exception will serve to further the purposes of the HOPWA program and the effective and efficient administration of the recipient's program or project. An exception may be considered only after the recipient has provided the following:

(1) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and

(2) An opinion of the recipient's attorney that the interest for which the exception is sought would not violate State or local law.

(c) *Factors to be considered for exceptions.* In determining whether to grant a requested exception after the recipient has satisfactorily met the requirements of paragraph (b) of this section, HUD will consider the cumulative effect of the following factors, where applicable:

(1) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;

(2) Whether the person affected is a member of a group or class of eligible persons and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;

(3) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision making process with respect to the specific assisted activity in question;

(4) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (a) of this section;

(5) Whether undue hardship will result either to the recipient or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and

(6) Any other relevant considerations.

Sec. 574. 630 Displacement, relocation and real property acquisition.

(a) *Minimizing displacement.* Consistent with the other goals and objectives of this part, grantees and project sponsors must assure that they have taken all reasonable steps to minimize the displacement of persons (families, individuals, businesses, nonprofit organizations, and farms) as a result of a project assisted under this part.

(b) *Relocation assistance for displaced persons.* A displaced person (defined in paragraph (f) of this section) must be provided relocation assistance at the levels described in, and in accordance with the requirements of, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR part 24.

(c) *Real property acquisition requirements.* The acquisition of real property for a project is subject to the URA and the requirements described in 49 CFR part 24, subpart B.

(d) *Appeals.* A person who disagrees with the grantee's or project sponsor's determination concerning whether the person qualifies as a "displaced person," or the amount of relocation assistance for which the person is eligible, may file a written appeal of that determination with the grantee. A low-income person who is dissatisfied with the grantee's determination on his or her appeal may submit a written request for review of that determination to the HUD Field Office.

(e) *Responsibility of grantee.* (1) Each grantee shall certify (i.e., provide assurance of compliance as required by 49 CFR part 24) that it will comply with the URA, the regulations at 49 CFR part 24, and the requirements of this section, and shall ensure such compliance notwithstanding any third party's contractual obligation to the grantee to comply with these provisions.

(2) The cost of required relocation assistance is an eligible project cost in the same manner and to the same extent as other project costs. Such costs also may be paid for with funds available from other sources.

(3) The grantee shall maintain records in sufficient detail to demonstrate compliance with these provisions.

(f) *Definition of displaced person.* (1) For purposes of this section, the term "displaced person" means a

person (family, individual, business, nonprofit organization, or farm) that moves from real property, or moves personal property from real property, permanently, as a direct result of acquisition, rehabilitation, or demolition for a project assisted under this part. This includes any permanent, involuntary move for an assisted project including any permanent move for an assisted project, including any permanent move from the real property that is made:

- (i) After notice by the grantee, project sponsor, or property owner to move permanently from the property, if the move occurs on or after the date that the grantee submits to HUD an application for assistance that is later approved and funded;
 - (ii) Before the submission of the application to HUD, if the grantee, project sponsor, or HUD determines that the displacement resulted directly from acquisition, rehabilitation, or demolition for the assisted project; or
 - (iii) By a tenant-occupant of a dwelling unit, if any one of the following three situations occurs:
 - (A) The tenant moves after the "initiation of negotiations" and the move occurs before the tenant has been provided written notice offering him or her the opportunity to lease and occupy a suitable, decent, safe and sanitary dwelling in the same building/complex, under reasonable terms and conditions, upon completion of the project. Such reasonable terms and conditions include a monthly rent and estimated average monthly utility costs that do not exceed the greater of:
 - (1) The tenant's monthly rent before the initiation of negotiations and estimated average utility costs, or
 - (2) 30 percent of gross household income; or
 - (B) The tenant is required to relocate temporarily, does not return to the building/complex and either:
 - (1) The tenant is not offered payment for all reasonable out-of-pocket expenses incurred in connection with the temporary relocation, or
 - (2) Other conditions of the temporary relocation are not reasonable; or
 - (C) The tenant is required to move to another unit in the same building/complex but is not offered reimbursement for all reasonable out-of-pocket expenses incurred in connection with the move, or other conditions of the move are not reasonable.
- (2) Notwithstanding the provisions of paragraph (f)(1) of this section, a person does not qualify as a "displaced person" (and is not eligible for relocation assistance under the URA or this section), if:
- (i) The person has been evicted for serious or repeated violation of the terms and conditions of the lease or occupancy agreement, violation or applicable Federal, State or local law, or other good cause, and HUD determines that the eviction was not undertaken for the purposes of evading the obligation to provide relocation assistance;
 - (ii) The person moved into the property after the submission of the application and, before signing a lease and commencing occupancy, was provided written notice of the project, its possible impact on the person (e.g., the person may be displaced, temporarily relocated, or suffer a rent increase) and the fact that the person would not qualify as a "displaced person" (or for any assistance provided under this section), if the project is approved;
 - (iii) The person is ineligible under 49 CFR 24.2(g)(2); or
 - (iv) HUD determines that the person was not displaced as a direct result of acquisition, rehabilitation, or demolition for the project.
- (3) The grantee or project sponsor may request, at any time, HUD's determination of whether a displacement is or would be covered under this section.
- (g) *Definition of initiation of negotiations.* For purposes of determining the formula for computing the replacement housing assistance to be provided to a residential tenant displaced as a direct result of privately undertaken rehabilitation, demolition, or acquisition of the real property, the term "initiation of negotiations" means the execution of the agreement between the grantee and the project sponsor.

Sec. 574. 635 Lead-based paint.

(a) Treatment of defective paint surfaces must be performed before final inspection and approval of the renovation, rehabilitation or conversion activity under this part; and

(b) Appropriate action must be taken to protect facility occupants from the hazards associated with leadbased

paint abatement procedures.

(2) Less than a year has passed since FEMA notification regarding such hazards; and

(b) The grantee will ensure that flood insurance on the structure is obtained in compliance with section 102(a) of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001 et seq.).

In accordance with the Coastal Barrier Resources Act, 16 U.S.C. 3501, no financial assistance under this part may be made available within the Coastal Barrier Resources System.
