Norma -

I am writing to request that the Board Supervisors reappoint me to the Tahoe Resource Conservation District Board of Directors for another term. As you the organization has grown quickly in the last few years, and with two members of the Board stepping down this year, I feel it is important to maintain consistent direction from the Board over the next few years. I assume you need to add this item to a regular Board of Supervisors meeting for their approval. If you need more information, please let me know.

Thank you in advance for your consideration,

Bob Anderson
