Goal 2: The conditions in which low-income people live are improved.

NPI 2.3: Community Engagement

Problem Statement: (If additional space is needed, please attach a separate sheet.)

Under current economic conditions, the request and eligibility for services has increased. Volunteers are needed to continue to provide core services and meet increased demand. Volunteers are used in a wide variety of County services provided to members of the community as well as serving on advisory councils and commissions. In addition, the Community Action Agency (CAC) of El Dorado County is governed by a Council composed of 15 appointed members who are drawn from businesses, the local neighborhoods, EDC Board of Supervisor's appointees and representatives from low-income populations. The composition of this Council is intended to ensure that its activities reflect local conditions and perspectives.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

- A) The CAC will continue to seek participation in the Council to represent the needs of the low income and vulnerable populations in the community.
- B) The Agency will continue to build and enhance opportunities for civic engagement and community involvement. An example of one of the Agency's successful volunteer programs is our Senior Nutrition Program with volunteer drivers, dining room assistants, and clerical staff.

Goal 3: Low-income people own a stake in their community.

NPI 3.1: Community Enhancement through Maximum Feasible Participation

Problem Statement: (If additional space is needed, please attach a separate sheet.)

The needs of low income individuals are not always apparent to others around them. In addition, unique segments (such as young families and seniors) of the low income individuals may have different needs and priorities.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

In order to address as many needs of the low-income population as possible, the Community Action Council (CAC) shall seek membership that crosses the different population segments and identified needs. The CAC convenes monthly to ensure that identified needs are addressed and new challenges are identified. Other advisory committees such as the IHSS Advisory Committee and the Commission on Aging also work to address the needs of the unique population that they serve.

Goal 3: Low-income people own a stake in their community.

NPI 3.2: Community Empowerment through Maximum Feasible Participation

Problem Statement: (If additional space is needed, please attach a separate sheet.)

A need exists to ensure participation of low income individuals on advisory councils that enable them to provide input to decision making and policy setting boards relative to community action issues. A need exists to provide assistance to low income individuals who have an idea and the ability to initiate a small business but lack capital and knowledge to implement the idea. The difficulty by first time home buyers in saving funds for a down payment prevents many low income individuals from purchasing a home even with the current reduced home prices.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

A) Convene monthly meetings of the Community Action Council to ensure that the needs of the low income segment are addressed. Also convene meetings of the Commission on Aging and IHSS Advisory Board to include the needs of these unique populations.

Goal 4: Partnerships among supporters and providers of services to low-income people are achieved.

NPI 4.1: Expanding Opportunities through Community-Wide Partnerships

Problem Statement: (If additional space is needed, please attach a separate sheet.)

Reduced resources necessitate creating and maintaining strong relationships and partnerships with community based organizations to identify and evaluate existing programs to prevent unneeded duplications and maximum availability of services. Collaboratives are also needed to encourage participation by the community in available services to achieve positive results and close gaps in services. Interagency referrals can be more informative, accurate, and productive in a collaborative environment.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

The Agency will continue to maintain a strong viable administrative unit and to partner, network, support collaborate with an array of public and private entities that work towards the expansion of resources and services to leverage resources and to work towards a full continuum of care low income and vulnerable people.

Goal 5: Agencies increase their capacity to achieve results.

NPI 5.1: Agency Development

Problem Statement: (If additional space is needed, please attach a separate sheet.)

Best Practices and new and innovative methods of addressing challenges and meeting the needs of a changing society require staff to be trained on a regular basis.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

The Agency will provide staff trainings on various topics throughout the year. This will promote increased efficiencies by staff and also ensure compliance with various programs and regulations.

Goal 6: Low-income people, especially vulnerable populations, achieve their potential by strengthening family and other supportive environments.

NPI 6.1: Independent Living

Problem Statement: (If additional space is needed, please attach a separate sheet.)

Many vulnerable senior and disabled people are unaware of, or are unable to access services and programs that are in place in the community that would stabilize their situation and make it possible for these people to remain safe and comfortable in their own homes. Without services, these people are at risk of negative outcomes or institutionalization.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

The Agency will administer an array of programs, including Multi-Purpose Senior Service Program (MSSP), Senior Nutrition (congregate and home-delivered meals), In-Home Supportive Services (IHSS), Family Caregiver Support (FCSP), Public Guardian and Adult Protective Services. Agency staff will continue to network with providers of community resources and receive and make appropriate referrals to support and improve each individual's situation while attempting to help them achieve or retain their independence to the extent possible.

Goal 6: Low-income people, especially vulnerable populations, achieve their potential by strengthening family and other supportive environments.

NPI 6.2: Emergency Assistance

Problem Statement: (If additional space is needed, please attach a separate sheet.)

The need for adequate nutrition and healthy meals exists among the low income population of all ages. El Dorado County can have severe winter temperatures and low income senior and disabled households frequently encounter energy crisis situations. Many areas of the County are reliant upon propane, wood, or electricity to heat their homes because natural gas is not available.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

A) The Agency will make appropriate referrals to the Upper Room dining hall for hot meals available on a daily basis and also the many churches and food closets that participate in the distribution of food. B) Administer a Low-Income Home Energy Assistance Program enabling eligible households to receive available assistance in reducing their household energy costs through the HEAP application process or through the wood, propane, and oil application process with Energy Assistance payments to vendors. Coordinate with the Salvation Army and energy providers to enable low income households at risk of imminent shut off of their utilities. C) Administer Legal Assistance to seniors who are suspected of Elder Abuse and/or exploitations.

Goal 6: Low-income people, especially vulnerable populations, achieve their potential by strengthening family and other supportive environments.

NPI 6.3: Child and Family Development

Problem Statement: (If additional space is needed, please attach a separate sheet.)

The continuing need for nutrition assistance for families is attributed, in part, to unemployment and limited employment opportunities within the county especially for blue collar workers. Families are often unable to stretch their limited resources to include nutritious subsistence. Families with young children often require assistance to ensure the ability to purchase fresh healthy food.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

A) Administer the Supplemental Food Program for Women, Infants and Children (WIC) providing a revolving caseload of eligible clients with nutrition assessment and education, promoting safe, economical, and healthy use of available foods along with monthly food-specific vouchers to promote good nutrition and reduce the incidence of nutritional at-risk infants, children and pregnant and lactating women conducting outreach and referral efforts and enhancing the client access by maintaining bi-lingual staff and by scheduling evening and weekend client appointments that allow working clients to access services.

Goal 6: Low-income people, especially vulnerable populations, achieve their potential by strengthening family and other supportive environments.

NPI 6.4: Family Supports

Low income and disabled households through El Dorado County frequently encounter barriers that make it difficult to maintain a stable and supportive environment. Limited availability of affordable/subsidized housing combined with severe weather extremes creates a potential for high energy costs and energy loss for those least able to financially stretch their resources to cover these costs. Residents rely on electricity, wood, propane, or oil to meet their heating and cooling needs. The problem exists countywide and is not limited to any primary area.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

E) The Agency administers the Section 8 Housing Voucher Program which enables eligible households to receive rental assistance. G&H) The LIHEAP and Weatherization programs allow eligible households to receive available assistance to reducing their household energy costs through the HEAP and Weatherization application process. The Agency staff will continue to network with providers of community resources to receive and make appropriate referrals to support and improve each individual's situation while attempting to help them achieve or retain their independence to the extent possible.

Goal 6: Low-income people, especially vulnerable populations, achieve their potential by strengthening family and other supportive environments.

NPI 6.5: Service Counts

Problem Statement: (If additional space is needed, please attach a separate sheet.)

Many individuals and families in need of services often are not aware that a program to assist them exists or how to access the program.

Program Activities and Delivery Strategies: (If additional space is needed, please attach a separate sheet.)

The Agency has an Information and Assistance Program that works to provide caregivers, low-income and vulnerable populations the information that they need and referrals to access services and programs that are available to them.
