**EXHIBIT B**

CONTRACT NO.: K178658-03

Number of Exhibit Pages: 1 through 5 Including Index

**STATEMENT OF WORK**

**INDEX**

The following terms and conditions are contained in this Exhibit.

1. Counties
2. Programs
3. Program Design
4. Performance Expectations

- B. **Business Visitations** – A minimum of 100 business visitations will be conducted during the term of the agreement. Visitations will be made to targeted businesses, providing technical assistance, employee workforce transitional assistance, and referrals to appropriate resources. Innovative strategies for averting layoffs will be discussed with appropriate businesses. Visits will be documented in a central business data base.
- C. **Central Business Data Base** – The Office of Economic Development will utilize and consolidate County Business License data, existing Metro Pulse business data, Buxton – Customer Analytics tool, Sacramento Regional Research Institute industry sector analysis, and other reports to formulate the appropriate mix of outreach strategies, geographic focus, and partnership organizations to enlist when conducting outreach and assessment, training efforts.

Utilizing data gathered during ongoing collaboration between County departments (Transportation, Development Services, Human Services, and Economic Development), the partnership will target outreach efforts in the following key economic centers.

- El Dorado Hills and Bass Lake Grade
- Lake Tahoe and Meyers and Alpine County
- Camino, Apple Hill, and Pollock Pines
- Divide North County (Georgetown, Greenwood, Pilot Hill, Cool, Kelsey, Swansboro, Coloma/Lotus)
- Fair Play South County (Mt. Aukum, Pleasant Valley, Somerset, Grizzly Flats)
- Shingle Springs and Cameron Park
- Placerville - Missouri Flat (Diamond Springs, El Dorado, Pleasant Valley)

Outreach activities shall not be limited to the above listed key economic and geographic areas, and will spread throughout the County via direct and indirect marketing and communication channels as previously mentioned. In other words, we will socialize the materials to connect with local employers and industry sectors in collaboration with the Sierra Economic Development Corporation (SEDCorp).

- D. **Events** – The Office of Economic Development will work with local and regional partners to create community and/or industry specific events that help identify challenges and seek to create alternatives to layoffs and/or business closures in geographically specific areas and/or within industry clusters.

The following industrial sectors have been collectively identified as vulnerable and prioritized for initial outreach:

- Health, Wellness, Medical Services, and Senior Services Community
- Leisure, Recreation, and Hospitality Services
- Accommodation and Food Services
- Professional, Scientific, Technical Services
- Business and Real Estate Services
- Construction and Green Technologies
- Retail and Wholesale Trades

- E. Project Coordination – The Office of Economic Development will organize and coordinate this initiative internally with the Economic Development Coordinator while working with partner organizations to eliminate duplicative efforts and segment outreach activities via geographic and/or industry sectors as deemed appropriate by the group. We will establish regularly scheduled meetings among the partnership, completing all required Workforce Investment Act (WIA) mandated documents.
- F. In-kind Support - The Office of Economic Development and the Department of Human Services, WIA program, will provide office space, computers, telephones, fax machine, materials, and supplies to support the hiring, training, and program staffing of Vital Assets with two Business Services Representatives.

The Sacramento Metropolitan Chamber of Commerce (Metro Chamber) will provide an annual in-kind contribution of at least \$16,546. For each business walk, the Metro Chamber leverages its vast resources of volunteer ambassador business leaders (ambassadors) to assist in fielding the teams of walkers. Conservatively, the value of ambassador time committed to each business walk is approximately \$2,000. Over four business walks, this equates to at least an \$8,000 in-kind contribution.

Additionally, the Metro Chamber annually provides support, at no charge, to the Metro Pulse program's investors, of which El Dorado County is one. This support ensures that the WIA partners and local agencies/organizations can focus their energies on averting layoffs and business closures, while the Metro Chamber manages the administrative duties of the program. User training with the Metro Pulse software platform is included in this support. The value of El Dorado County's share of these services is approximately \$2,273 per year

#### 4. PERFORMANCE EXPECTATIONS

##### *Extracted from RFP – Scope of Service*

Deliverables - The Office of Economic Development, in cooperation with our local and regional partners, agrees to meet the following goals:

- Provide information on WIA Business Services/Rapid Response (RR) activities and Connections-One Stop services to approximately 93 employers via on-site or in-person visits.
- Conduct approximately 227 Business/Labor Market surveys to determine employer hiring and business retention needs.
- Out of the employers mentioned above, layoff aversions strategies will be devised for approximately 33 of those employers.
- Enhance WIA outreach materials/products to the business community.
- Provide RR information to approximately 4,254 employers via community showcases, business networking, mailings, or electronic means.
- Retain or create approximately 424 jobs as a result of services provided. **(reportable only; outcome does not affect contract performance)**

- Provide or maintain online or web-based venues to assist local businesses by connecting them to business services referrals.
- Enhance collaborations between workforce, education, economic development and business/commerce groups.
- Attend periodic RR Layoff Aversions Roundtable meetings to share best practices (dates and times to be established by the Golden Sierra Job Training Agency).
- Provide verbal or written reports to the Golden Sierra Workforce Investment Board, its subcommittees and the Governing Body regarding the award deliverables at regularly scheduled meetings.
