R E C I T A L S

WHEREAS, Consultant has been engaged by County to assist its Planning and Building Department with land use planning services for community design standards and commercial and multi-family residential design standards, pursuant to Agreement for Services #5912, dated February 1, 2022, and First Amendment to Agreement for Services #5912, dated January 7, 2025, incorporated herein and made by reference a part hereof (hereinafter referred to as "Agreement");

WHEREAS, although work began on the design standards under this Agreement in February 2022, state legislation enacted in late 2022, including Assembly Bill 2011 and Senate Bill 6, required some work to be redone to address the changes in state law;

WHEREAS, as a result of the above changes to state law, qualifying multifamily housing projects are now allowed on all commercial-zoned parcels. Further, under the provisions of the new legislation, qualifying housing projects must be allowed as a ministerial ("by-right") use with no local design oversight unless a local agency has adopted objective design standards applying to such projects;

WHEREAS, on July 23, 2024, in response to the above changes to state law and the desire to increase County design oversight of new commercial, multifamily and mixed-use development projects while permanent standards are being developed for each Community Region and Rural Center, the County Board of Supervisors (Board) directed staff to develop Countywide interim objective design standards for new commercial, mixed use, and multifamily residential projects for adoption in December 2024;

WHEREAS, on July 23, 2024, in line with the Board's first directive, the Board also directed staff to process a contract revision for an amended scope of work that will, in phases, build on and customize the County's adopted Countywide interim design standards into new permanent design standards for the County's Community Regions and potentially Rural Centers upon adoption of the interim design standards;

WHEREAS, the Board adopted Countywide interim design standards on December 3, 2024, consisting of Interim Objective Design Standards (IODS) for state streamlined ministerial projects and Interim Design Standards and Guidelines (IDSG) for non-

streamlined ministerial projects, which will remain in effect until permanent design standards are developed for each Community Region and Rural Center;

WHEREAS, the County desires to develop permanent design standards for Community Regions and potentially Rural Centers in the manner directed by the Board, as described above, by this Amendment 2;

WHEREAS, based on Board direction and learnings from the process of developing the interim design standards, revisions to the previous scope of work and cost estimate (Exhibits A and C) are required to realign anticipated work with the direction given by the Board, including the addition of new or revised tasks and additional required processing time and costs associated with the new or revised tasks;

WHEREAS, the parties hereto desire to amend the Agreement to update the scope of work, amending **ARTICLE I, Scope of Work**, and adding **Exhibit A-1, Amended Scope of Work**;

WHEREAS, the parties hereto desire to amend the Agreement to extend the expiration date of August 1, 2025 for three (3) additional years, amending **ARTICLE II, Term**;

WHEREAS, the parties hereto desire to amend the Agreement to increase the not-to-exceed compensation amount of the Agreement by \$400,630.84, amending **ARTICLE III, Compensation for Services**, and replacing **Exhibit C, Cost Estimate** with **Exhibit C-1, Amended Cost Estimate**;

Consultant agrees to furnish, at Consultant's own cost and expense, all personnel, subconsultants, equipment, tools, materials, and services necessary to perform the services and tasks required under this Agreement, including those services and tasks that are identified in individual Work Orders issued pursuant to this

Agreement, Exhibit A, Exhibit A-1, and those services and tasks that are reasonably necessary for the completion of the work identified in the Scope of Work. Consultant shall complete those services and tasks in accordance with Exhibit C-1, marked "Amended Cost Estimate," incorporated herein and made by reference a part hereof.

The receipt of this fully executed Agreement is Consultant's Notice to Proceed with the work specified herein. No payment will be made for any work performed prior to the effective date of the Agreement.

In addition to the specific services identified in Exhibit A and Exhibit A-1, this Agreement may also include Project Contingency. Project Contingency services shall include work which is related to this project, and arising from the current scope of work, but which was not apparently needed at the execution of this agreement. Such Project Contingency may supplement, expand, or otherwise modify the Scope of Work or may include, but not be limited to, tasks that are deemed critical by County's Contract Administrator. Before proceeding with any work under Project Contingency, the parties will identify the specific services to be provided for each assignment in individual Work Orders as determined at a meeting, by email, or telephone conference between County and Consultant. Consultant shall provide a written quote to County's Contract Administrator. Upon receipt and approval of each quote, County's Contract Administrator will issue a separate written Work Order to Consultant with a description of the services to be performed, any required deliverables, including reports or other documents to be supplied in connection with the work assignment, a specific date by which the work shall be completed, and a not-to-exceed cost to complete the work. Consultant shall not commence work until receiving the written Work Order.

All deliverables shall be submitted in the language, format and design that are compatible with and completely transferable to County's computer, and that are acceptable to County Contract Administrator. Newer versions of software may be used and other types of software used for analytical purposes may be authorized if approved in advance of the submittal by County's Contract Administrator. Consultant shall submit all deliverables to County's Contract Administrator in accordance with completion time schedules identified in the individual Work Orders issued pursuant to this Agreement.

Failure to submit the required deliverables in the format required shall be grounds for termination of the Agreement, as provided in ARTICLE XIV, Default, Termination, and Cancellation, herein.

No payment will be made for any work performed prior to approval and full execution of the Work Order or beyond the earlier of the expiration date of the

Work Order or expiration of the underlying Agreement, and no payment will be made for amounts in excess of the not-to-exceed amount of the Work Order.

The period of performance for Work Orders shall be in accordance with dates specified in each Work Order. No payment will be made for any work performed before or after the period of performance in the Work Order, unless County's Contract Administrator and Consultant amend the Work Order. No Work Order will be written which exceeds the cumulative total of the not-to-exceed dollar amount of this Agreement. No Work Order will be written which extends beyond the expiration date of this Agreement.

Consultant shall perform the services and tasks required under this Agreement in a safe, professional, skillful, and workmanlike manner. Consultant is responsible for ensuring that its employees, as well as any subconsultant if applicable, perform the services and tasks required under this Agreement accordingly.

All of the services included in the Scope of Work, or in the individual Work Orders issued pursuant to this Agreement, are the responsibility of Consultant unless specifically described as a task or item of work to be provided by County. Consultant shall be responsible for the supervision, administration, and work performed by any subconsultant for services rendered under this Agreement.

II. ARTICLE II, Term, of the Agreement is amended in its entirety to read as follows:

ARTICLE II

Term: This Agreement shall become effective when fully executed by the parties hereto and shall expire on August 1, 2028.

III. ARTICLE III, Compensation for Services, of the Agreement is amended in its entirety to read as follows:

ARTICLE III

Compensation for Services: For services provided herein, including any deliverables that may be identified in the individual Work Orders issued pursuant to this Agreement, County agrees to pay Consultant upon the satisfactory completion and County's acceptance of work, in arrears. Payment shall be made within forty-five (45) days following County's receipt and approval of itemized invoices identifying the services rendered. Any invoices that include subconsultant services shall be accompanied by backup documentation to substantiate Consultant's costs for the services being billed on those invoices.

For the purposes hereof, the billing rates shall be in accordance with Exhibit B, marked "Rate Schedule," incorporated herein and made by reference a part hereof.

The total amount of this Agreement shall not exceed \$707,245.84 as amended, inclusive of all Work Orders and amended Work Orders, all work of subconsultants, costs, taxes, and expenses. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Work Orders.

The hourly rates listed in Exhibit B may be adjusted on an annual basis upon completion of the first twelve (12) consecutive months with thirty (30) days prior written notice from Consultant and prior written approval by County's Contract Administrator. The rate increase shall not exceed three percent (3%) annually. Any rate increases authorized by County's Contract Administrator shall not increase the total not-to-exceed amount of the Agreement. In no event shall the total not-to-exceed amount of the Agreement be exceeded.

Other direct costs, materials, printing, and outside services, including rental of special equipment, special reproductions and blueprinting, overnight delivery, outside data processing, subconsultant services, and computer services, shall be invoiced at Consultant's cost, without markup, for the services rendered. All invoices that include other direct costs, materials, and/or outside services shall be accompanied by backup documentation to substantiate Consultant's costs for the services being billed on those invoices.

Notwithstanding any other provision of this Agreement to the contrary, payments to Consultant for travel, lodging, per diem, and mileage expenses, if applicable, for Consultant's claims for reimbursement shall not exceed the rates to be paid to County employees under the current Board's Travel Policy in effect at the time the expenses are incurred. Any individual travel expense exceeding one hundred dollars (\$100) and any work requiring overnight stay must be approved in advance by the Contract Administrator or designee. Consultant is responsible for canceling hotel rooms before the cancellation period ends and should record the cancellation number in case of disputes. Consultant shall not be reimbursed for "no-show" hotel charges unless there are unavoidable reasons for not cancelling the room and the Contract Administrator or designee has determined that the reasons are valid.

For the purposes of budgeting the Tasks in Exhibit A and Exhibit A-1, the billing amounts for each Task are identified in Exhibit C-1. In the performance of the services to be provided under this Agreement, Consultant may request to reallocate the expenses listed in Exhibit C-1 among the various Scope of Work tasks, Project Management Costs, Other Direct Costs, and Project Contingency Work Costs identified herein, including reallocating such expenses between Consultant and subconsultant(s) identified herein, subject to County's Contract Administrator's prior written approval.

Itemized invoices shall follow the format specified by County and shall reference this Agreement and the County-supplied Work Order number both on their faces and on any enclosures or backup documentation. Consultant shall attach copies

of any progress reports required under the provisions of ARTICLE V, Progress Reports, herein, that relate to the services being billed, as backup documentation to any invoices submitted for payment under the terms of this Agreement. Copies of documentation attached to invoices shall reflect Consultant's charges for the specific services billed on those invoices. Consultant shall bill County for only one (1) Work Order per invoice. Invoices shall be mailed to County at the following address:

County of El Dorado
Planning and Building Department

Except as herein amended, all other parts and sections of Agreement for Services #5912 shall remain unchanged and in full force and effect.
