

COUNTY OF EL DORADO DEPARTMENT OF TRANSPORTATION

AGREEMENT FOR CONSTRUCTION SERVICES #7039

THIS AGREEMENT made and entered into by and between the **COUNTY OF EL DORADO**, a political subdivision of the State of California, acting through the governing body or board thereof (hereinafter referred to as "County"), and **Kingsborough Atlas Tree Surgery, Inc.**, a corporation duly qualified to conduct business in the State of California, whose principal place of business is 1544 Ludwig Avenue, Santa Rosa, California 95402 (hereinafter referred to as "Contractor");

RECITALS

WHEREAS, on September 29, 2022, Contractor was formally awarded Request for Proposals (RFP) 22-918-068 to perform right-of-way tree removal services as the result of the damage caused by the Caldor Fire for the County's Department of Transportation;

That for and in consideration of the mutual promises, covenants, agreements and conditions herein contained, the parties hereto agree with each other as follows:

1. Contract Documents

The complete Agreement (hereinafter "Agreement") between the parties consists of and is set forth in the Contract Documents. The Contract Documents consist of: (a) this Agreement and any amendments thereto in accordance with the provisions herein; (b) Exhibits to this Agreement; (c) Work Orders and Work Order Amendments issued under this Agreement; (d) State of California, Department of Transportation 2018 Standard Specifications and Standard Plans; (e) an executed Subcontractors Listing Form, if applicable; (f) executed Certificate of Insurance forms; (g) an executed California Form 590; (h) an executed Department of the Treasury Internal Revenue Service Form W-9 or County Payee Data Record Form, whichever is applicable; and (i) all executed Change Orders. All obligations of the parties are contained in the Contract Documents, and by acceptance of this Agreement the parties hereto agree to be bound by the provisions of all of said documents. All of said documents are intended to cooperate so that any work called for in one and not mentioned in the other or vice versa, is to be executed the same as if mentioned in all of them.

In the event of any conflict between or among the terms and conditions of this Agreement and documents referred to and incorporated herein, such conflict shall be resolved by giving precedence in the order of priority identified above, beginning with (a) and ending with (i).

2. The Work

Contractor is engaged in the business of doing the services and tasks required under this Agreement, including those services and tasks that are identified in Exhibit A, marked "Scope of Work," incorporated herein and made by reference a part hereof, or as identified in individual Work Orders to be issued in accordance with this Agreement, and those services and tasks that are reasonably necessary for the completion of the work identified in the Scope of Work. Contractor agrees to furnish, at Contractor's own cost and expense, all personnel, subcontractors, tools, vehicles, equipment, apparatus, facilities, services, materials, and all utility and transportation services that are reasonably necessary for the completion of the Work described below:

CALDOR FIRE RIGHT-OF-WAY TREE REMOVAL SERVICES

The work consists of the removal of hazardous trees identified by the County, traffic control, developing a water supply, providing a Storm Water Pollution Prevention Plan (SWPPP), job site management, identification and preparation of a debris management site as described in Exhibit A and in accordance with Exhibit B, marked "Tree Removal List," incorporated herein and made reference a part hereof, and all other work as called for, and in the manner designated in, and in strict conformance with the Contract Documents adopted by County as prepared by the Contract Administrator or Project Manager. Contractor shall perform the Work in accordance with all of the terms and conditions of the Contract Documents. Contractor is responsible for ensuring that its employees, as well as any subcontractor if applicable, perform the services and tasks required under this Agreement accordingly.

This Agreement also includes Item of Work 8 - Project Contingency Services, as subsequently identified during the course of work under this Agreement by County's Contract Administrator, related to the Scope of Work as identified in Exhibit A. The Project Contingency Services may supplement, expand, or otherwise modify the Scope of Work as identified in Exhibit A, hereto.

Before proceeding with any work concerning Item of Work 8 - Project Contingency Services under this Agreement, the parties shall identify the specific services to be provided for each assignment. The specific services for each Project Contingency Services work assignment shall be determined at a meeting, by email, or telephone conference between Contractor and County's Contract Administrator, or designee, to discuss the needs, applicable standards, required deliverables, specific Contractor staff and any necessary permits on a task-by-task basis, and subcontractors, if applicable. Within an agreed timeframe as determined by County's Contract Administrator, following the meeting or telephone conference, Contractor shall provide County's Contract Administrator with a written scope of work, a schedule including a list of tasks with completion dates, a target completion date for the overall scope of work, and a not-to exceed cost itemization to complete the work (resulting in a Work Order), which shall require written approval, authorization, and written notification to proceed from County's Contract Administrator, prior to commencement of the work. No payment will be made for any Project Contingency Services performed prior to approval.

Contractor shall not commence work until receiving the written Work Order. No payment will be made for any work performed prior to the issuance of the written Work Order. No payment will be made for any work performed prior to approval and full execution of the Work Order or beyond the earlier of the expiration date of the Work Order or expiration of the underlying Agreement, and no payment will be made for amounts in excess of the not-to-exceed amount of the Work Order.

The period of performance for Work Orders shall be in accordance with dates specified in each Work Order. No payment will be made for any work performed before or after the period of performance in the Work Order, unless County's Contract Administrator and Contractor amend the Work Order. No Work Order will be written which exceeds the cumulative total of the not-to-exceed dollar amount of this Agreement. No Work Order will be written which extends beyond the expiration date of this Agreement.

All of the services included in the Scope of Work, or in the individual Work Orders issued pursuant to this Agreement, are the responsibility of Contractor unless specifically described as a task or item of work to be provided by County.

Contractor shall provide County's Contract Administrator with the names and titles of Contractor's representatives that are authorized to bind Contractor by signing Work Orders and Work Order Amendments on Contractor's behalf. Contractor's notification of individuals authorized to execute Work Orders and Work Order Amendments on Contractor's behalf shall be communicated to County in accordance with the provisions of Article 49, Notice to Parties, of this Agreement.

If a submittal is required to be an electronic file, Contractor shall produce the file using Microsoft (MS) Office 365 applications (specifically, MS Word, MS PowerPoint, and MS Excel). Signed reports shall be submitted in Adobe portable document format (PDF). Electronic Auto computer-aided design (CAD) 2010 or AutoCAD Civil 3D 2010 format shall be used for submittal of plans or other similar documents as specified by County's Contract Administrator. All deliverables shall be submitted in the language, format and design that are compatible with and completely transferable to County's computer, and that are acceptable to County's Contract Administrator. Newer versions of software may be used and other types of software used for analytical purposes may be authorized if approved in advance of the submittal by County's Contract Administrator. Contractor shall submit all deliverables to County's Contract Administrator in accordance with completion time schedules identified in the individual Work Orders issued pursuant to this Agreement. Failure to submit the required deliverables in the format required may be grounds for termination of the Agreement, as provided in Article 30, Termination by County for Cause, herein.

Ownership of Data: Upon completion or earlier termination of all services under this Agreement, or upon the completion or earlier termination of services provided in accordance with individual Work Orders issued pursuant to this Agreement, ownership and title to all reports, documents, plans, maps, specifications, estimates, compilations, photographs, videos, and any and all other materials or data produced or obtained as part of this Agreement will automatically be vested in County without restriction or limitation on their use, and no further agreement will be necessary to transfer ownership to County. Copies may be made for Contractor's records, but shall not be furnished to others without prior written authorization from County's Contract Administrator. Such deliverables shall be deemed works made for hire and all rights in copyright therein shall be retained by County. Contractor shall furnish County all necessary copies of data, including data stored in electronic format, needed to complete the review and approval process of the services and deliverables provided under this Agreement.

And all other work as called for, and in the manner designated in, and in strict conformance with the Contract Documents adopted by County as prepared by the Contract Administrator or Project Manager, which includes, but is not limited to, the terms Engineer and Architect. Contractor shall perform the Work in accordance with all of the terms and conditions of the Contract Documents and in a safe, professional, skillful, and workmanlike manner. Contractor is responsible for ensuring that its employees, as well as any subcontractor if applicable, perform the services and tasks required under this Agreement accordingly.

3. Location of Work

The work will be located along twenty-two (22) miles of County maintained roads in and around County right-of-way in the Grizzly Flats area of El Dorado County.

4. Contract Price

For services provided herein, including any Project Contingency Services provided by the individual Work Orders issued pursuant to this Agreement, County agrees to pay Contractor upon the satisfactory completion and acceptance of each work assignment in arrears. Payment shall be made within forty-five (45) days following County

receipt and approval of itemized invoices detailing the services rendered. County shall promptly pay Contractor in accordance with Public Contract Code section 20104.50.

The total amount of this Agreement shall not exceed \$1,172,573.60, inclusive of all Work Orders and amended Work Orders, all work of subcontractors, and all costs, taxes, bonds, insurance, and expenses. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Work Orders.

For the purposes of budgeting the Items of Work in Exhibit A, the billing amounts for each Item of Work are identified in Exhibit C, marked "Cost Proposal," incorporated herein and made by reference a part hereof. In the performance of the scope of services to be provided under this Agreement, Contractor may request to reallocate the expenses listed in Exhibit C among the various Items of Work and Project Contingency Services identified therein, subject to County Contract Administrator's prior written approval. In no event shall the total not-to-exceed amount of the Agreement be exceeded.

Itemized invoices shall follow the format specified by County and shall reference this Agreement number and the County-supplied Work Order number on their faces. Copies of documentation attached to invoices shall reflect Contractor's charges for the specific services billed on those invoices. Contractor shall bill County for only one (1) Work Order per invoice. Invoices shall be mailed to County at the following address:

County of El Dorado
Department of Transportation
2441 Headington Road
Placerville, California 95667
Attn: Ashley Johnson

or to such other location as County directs.

In the event that Contractor fails to deliver, in the format specified, the deliverables required by this Agreement or in the individual Work Orders issued pursuant to this Agreement, County at its sole option may delay the payment for the period of time of the delay, cease all payments until such time as the required deliverables are received, or proceed as set forth below in Article 30, Termination by County for Cause, herein.

5. Protection of Facilities

- A. Contractor shall exercise care to prevent damage to the existing building, grounds, and property while performing the Work. Any damage caused as a result of Contractor's operations shall be repaired back to its original condition by Contractor at no additional cost to County.
- B. Contractor shall provide for continuous County occupancy and operation of the facility for the duration of the project.
- C. Contractor shall provide for public use and shall limit access to the facility as directed by County's Contract Administrator.
- D. Contractor shall provide for work by other contractors and County.
- E. Contractor shall coordinate the use of the premises, including the storage of materials, tools, and equipment with County's Contract Administrator.

6. Safety

Contractor shall maintain safe conditions at the jobsite for the duration of the Work for the public, County staff, and all persons performing the Work. Contractor shall comply fully with all laws, orders, citations, rules,

regulations, standards, and statutes with respect to occupational health and safety, the handling and storage of hazardous materials, accident prevention, safety equipment and practices. Contractor shall be solely responsible for providing a safe place to work for its employees and for employees of its subcontractors and suppliers or material and equipment, for adequacy of and required use of all safety equipment, and for full compliance with aforesaid laws, orders, citations, rules, regulations, standards, and statutes.

Other safety measures shall include, but not be limited to the following:

- A. Providing safe accessibility to all building entrances, keeping all sidewalks, active doors, corridors or other walkways, driveways, or any emergency vehicle access clear for the duration of the project.
- B. Keeping flammable rags, if applicable, in a sealed container and removing them from the site at the end of each work day.

7. Time of Completion

Time is of the essence. The Work under this Agreement shall be completed **within ONE HUNDRED EIGHTY (180) Calendar Days** from the date specified in the official Notice to Proceed with the Work, unless an extension of time or suspension of Work is authorized by County in writing in accordance with a Contract Change Order or Work Order Amendment. The term of the Agreement shall expire **ninety (90) Calendar Days** after the Work completion date specified in the official Notice to Proceed with the Work.

It is agreed by the parties to this Agreement that in case all the Work called for under this Agreement in all parts and requirements is not finished or completed within the number of calendar days as set forth above, damage will be sustained by County, and that it is and will be impracticable and extremely difficult to ascertain and determine the actual damage which County will sustain in the event of and by reason of the delay; and it is therefore agreed that Contractor will pay to County the sum of **ONE HUNDRED DOLLARS (\$100.00)** per calendar day, as liquidated damages and not as a penalty, for each and every calendar days delay in finishing the work in excess of the number of calendar days prescribed herein; and Contractor agrees to pay the liquidated damages herein provided for, and further agrees that County may deduct the amount thereof from any moneys due or that may become due Contractor under this Agreement.

8. Performance Bond

As a part of the execution of this Agreement, Contractor shall furnish a bond of a surety company authorized to do business in the State of California, conditioned upon the faithful performance of all covenants and stipulations under this Agreement. The amount of this bond shall be **ONE MILLION SIXTY-FIVE THOUSAND NINE HUNDRED SEVENTY-SIX DOLLARS (\$1,065,976)** and shall be executed upon the form provided by County. Prior to beginning any Project Contingency Services work, Contractor shall re-bond for an additional amount as determined by County for anticipated work. At no time shall the sum of the completed work and the outstanding Work Orders exceed the amount of the Performance Bond.

9. Payment Bond

As a part of the execution of this Agreement, Contractor shall furnish a bond of a surety company authorized to do business in the State of California, conditioned upon the payment in full of all claims for labor and materials in accordance with the provisions of the law of the State of California. The amount of this bond shall be **ONE MILLION SIXTY-FIVE THOUSAND NINE HUNDRED SEVENTY-SIX DOLLARS (\$1,065,976)** and shall be executed upon the form provided by County. Prior to beginning any Project Contingency Services work, Contractor shall re-bond for an additional amount as determined by County for anticipated work. At no time shall the sum of the completed work and the outstanding Work Orders exceed the amount of the Payment Bond.

10. Notification of Surety Company

The surety company shall familiarize itself with all of the conditions and provisions of this Agreement, and shall waive the right of special notification of any change or modifications of this Agreement or extension of time, or of decreased or increased work, or of the cancellation of this Agreement, or of any other act or acts by County or its authorized agents, under the terms of this Agreement; and failure to so notify the aforesaid surety company of changes shall in no way relieve the surety company of its obligation under this Agreement.

11. Payment of Prevailing Wages

Contractor shall pay and require payment of wages according to a scale of prevailing wage rates determined by California law, which scale is on file at County's Department of Transportation's principal office and shall comply with all applicable wage requirements, as set forth in Labor Code Sections 1770 et seq., 1773.2, 1775, 1776, 1810 and 1813. In accordance with the provisions of Labor Code Section 1810, eight (8) hours of labor shall constitute a legal day's work upon all work done hereunder, and Contractor and any subcontractor employed under this Agreement shall also conform to and be bound by the provisions of Labor Code Sections 1810 through 1815.

12. Apprentices

Attention is directed to Sections 1777.5, 1777.6, and 1777.7 of the California Labor Code and Title 8, California Code of Regulations Section 200 et seq. To ensure compliance and complete understanding of the law regarding apprentices, and specifically the required ratio thereunder, each Contractor or subcontractor should, where some question exists, contact the Division of Apprenticeship Standards, 455 Golden Gate Avenue, San Francisco, CA 94102, or one of its branch offices prior to commencement of work on the public works contract. Responsibility for compliance with this section lies with Contractor.

It is County policy to encourage the employment and training of apprentices on public works contracts as may be permitted under local apprenticeship standards.

13. Certified Payroll

As required under the provisions of Labor Code Section 1776, Contractor and any subcontractors shall keep accurate payroll records as follows:

- A. The payroll records shall show the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or subcontractors in connection with this Project.
- B. A certified copy of all payroll records enumerated above shall be available for inspection at all reasonable hours at the principal office of Contractor as follows:
 - 1. Make available or furnish to the employee or his or her authorized representative on request.
 - 2. Make available for inspection or furnished upon request to a representative of County, the State Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the State Department of Industrial Relations.
 - 3. Make available upon request by the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either County, the State Division of Labor Standards Enforcement, or the State Division of Apprenticeship Standards. The requesting party shall, prior to being provided the records, reimburse the costs of preparation by Contractor, subcontractor, and the entity through which the request was made. The public shall not be given access to the records at the principal office of Contractor.

4. All contractors and subcontractors must furnish electronic certified payroll records directly to the Department of Industrial Relations.

14. Registration of Contractors

No contractor or subcontractor may bid on any public works project, be listed in a bid proposal for any public works project, or engage in the performance of any contract for public work unless registered with the Department of Industrial Relations pursuant to Labor Code sections 1725.5 and 1771.1.

Contractor shall post job site notices as prescribed by Title 8 of California Code of Regulations Section 16451.

15. Records Examination and Audit Requirements

Contractor and its subcontractors, if any are authorized hereunder, shall maintain all books, documents, papers, accounting records, and other evidence pertaining to the performance of this Agreement, including but not limited to, the costs of administering the various aspects of this Agreement. For purposes of compliance with Government Code Section 8546.7 and other applicable provisions of federal law, all of the above-referenced parties shall make such materials available at their respective offices at all reasonable times during this Agreement period and for four (4) years from the date that final payment by County and all other pending matters are closed.

Access to Records. The following access to records requirements apply to this Agreement:

1. The Contractor agrees to provide the Governor's Office of Emergency Services (CAL OES), the State Auditor, the County, the Federal Emergency Management Agency (FEMA) Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purpose of making audits, examinations, excerpts, and transcriptions.
2. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
3. The Contractor agrees to provide the FEMA Administrator or any of their authorized representatives access to construction or other work sites pertaining to the work being completed under this Agreement.
4. In compliance with the Disaster Recovery Act of 2018, County and Contractor acknowledge and agree that no language in this Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

16. Payment of all Federal, State, or Local Taxes

Any federal, state, or local tax payable on the articles furnished by Contractor under this Agreement shall be included in the Contract Price and paid by Contractor.

17. Compliance with all Applicable Laws

Contractor shall conform to and abide by all Federal, State, and local building, labor and safety laws, ordinances, rules, and regulations. All Work and materials shall be in full accordance with the latest rules and regulations of the State Fire Marshal, safety orders of the Division of Industrial Safety, California Electrical Code, California Building Code, California Plumbing Code, and any and all other applicable laws and regulations. Nothing in the Contract Documents, including but not limited to the plans and specifications, is to be construed to permit work not conforming to these codes, laws, and regulations.

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

18. Nondiscrimination

- A. County may require Contractor's services on projects involving funding from various state and/or federal agencies, and as a consequence, Contractor shall comply with all applicable nondiscrimination statutes and regulations during the performance of this Agreement including but not limited to the following: Contractor and its employees and representatives shall not unlawfully discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, physical handicap, mental disability, medical condition, genetic information, military or veteran status, marital status, age, gender, gender identity, gender expression, sexual orientation, or sex; Contractor shall, unless exempt, comply with the applicable provisions of the Fair Employment and Housing Act (Government Code, sections 12900 et seq.) and applicable regulations promulgated thereunder (California Code of Regulations, Title 2, sections 11000 et seq.); the applicable regulations of the Fair Employment and Housing Commission implementing Government Code, section 12990, set forth in Subchapter 5 Chapter 5 of Division 4.1 of Title 2 of the California Code of Regulations incorporated into this Agreement by reference and made a part hereof as if set forth in full; and Title VI of the Civil Rights Act of 1964, as amended. Contractor and its employees and representatives shall give written notice of their obligations under this clause as required by law.
- B. Where applicable, Contractor shall include these nondiscrimination and compliance provisions in any of its agreements that affect or are related to the services performed herein.
- C. Contractor's signature shall provide any certifications necessary under the federal laws, the laws of the State of California, including but not limited to Government Code section 12990 and Title 2, California Code of Regulations, section 11102.

19. FEMA Provisions

- A. Equal Employment Opportunity
During the performance of this contract, the Contractor agrees as follows:
 - 1. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
 - 2. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
 - 3. The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

4. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
5. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
6. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
7. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
8. The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

County further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if County so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

County agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

County further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for

violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, County agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to County under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

B. Compliance with the Davis-Bacon Act

1. All transactions regarding this Agreement shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The Contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.
2. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.
3. Additionally, Contractors are required to pay wages not less than once a week.

C. Compliance with the Copeland "Anti-Kickback" Act

1. Contractor. The Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
2. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
3. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

D. Compliance With the Contract Work Hours and Safety Standards Act

1. *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
2. *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (1) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of

the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

3. *Withholding for unpaid wages and liquidated damages.* The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
4. *Subcontracts.* The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.

E. Clean Air Act

1. Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
2. Contractor agrees to report each violation to County and understands and agrees that County will, in turn, report each violation as required to assure notification to FEMA, and the appropriate Environmental Protection Agency (EPA) Regional Office.
3. Contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

F. Federal Water Pollution Control Act

1. Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
2. Contractor agrees to report each violation to County and understands and agrees that County will, in turn, report each violation as required to assure notification to FEMA, and the appropriate EPA Regional Office.
3. Contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

G. Debarment and Suspension Certification

1. Contractor's signature affixed herein shall constitute a certification under penalty of perjury under the laws of the State of California that Contractor or any person associated therewith in the capacity of owner, partner, director, officer, or manager:
 - i. Is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency;
 - ii. Has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years;
 - iii. Does not have a proposed debarment pending; and

- iv. Has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years.
2. Any exceptions to this certification must be disclosed to County. Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Contractor's responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.
3. This Agreement is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, Contractor is required to verify that none of the Contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
4. Contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
5. This certification is a material representation of fact relied upon by County. If it is later determined that the Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
6. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

H. Prohibition of Expending County, State, or Federal Funds For Lobbying

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the County who in turn will forward the certification(s) to the awarding agency.

I. Procurement of Recovered Materials

1. In the performance of this Agreement, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—
 - i. Competitively within a timeframe providing for compliance with the Agreement performance schedule;
 - ii. Meeting Agreement performance requirements; or
 - iii. At a reasonable price.
2. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.

3. Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

J. Department of Homeland Security (DHS) Seal, Logo, and Flags

The Contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

K. Compliance with Federal Law, Regulations, and Executive Orders

This is an acknowledgment that the County may receive FEMA financial assistance, or federal assistance or grants, state funds, and local agency or other grant funds for all or a portion of the funding for the services to be provided herein. As a requirement of County’s use of federal, state, or local agency grant funds, County is required to comply with certain contracting requirements and to extend those requirements to all third party contracts. Contractor shall comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives as well as all applicable provisions of state and local agency regulations, policies, procedures, and directives.

Failure of Contractor to comply with any federal, state, or local agency provision may be the basis for withholding payments for charges made by Contractor and for such other remedies as may be appropriate including termination of this Agreement. Contractor shall further comply with any flow-down or third-party contracting provisions which may be required under the federal, state, or local agency regulations and which may apply to Contractor’s subcontracts, if any, associated with this Agreement.

20. Reporting Accidents

Contractor shall prepare and submit (within 24 hours of such incidents) reports of accidents at the site and anywhere else the work is in progress in which bodily injury is sustained or property loss in excess of Five Hundred Dollars (\$500.00) occurs.

21. Workers’ Compensation

Contractor shall comply with Labor Code Sections 3700 et seq., requiring it to obtain Workers’ Compensation Insurance, and sign a certificate of knowledge thereof.

CERTIFICATE OF KNOWLEDGE - LABOR CODE SECTION 3700

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of that Code, and I will comply with such provisions before commencing the performance of the work of this Agreement.

Signed: _____ Dated: _____

22. Emissions Reduction

Contractor shall comply with emission reduction regulations mandated by the California Air Resources Board, and sign the certification of knowledge below. Contractor shall require all subcontractors to comply with such regulations and provide County a Certificate of Reported Compliance for each subcontractor, as required by emissions reduction regulations mandated by the California Air Resources Board.

CERTIFICATE OF KNOWLEDGE – EMISSIONS REDUCTION REGULATIONS

I am aware of the emissions reduction regulations being mandated by the California Air Resources Board. I will comply with such regulations before commencing the performance of the work and maintain compliance throughout the duration of this Contract.

Signed: _____ Date _____

23. Deviation from Plans and Specifications

No deviation shall be made from the plans and/or the specifications, if any, without the prior written approval of County.

24. Unity of Plans and Specifications

The plans and specifications, if any, are one document, and any work shown or mentioned, in one and not in the other, or vice versa, shall be furnished or performed as though mentioned or shown in both.

25. Relocation of Utilities

As required by Section 4215 of the California Government Code, County will assume responsibility for the removal, relocation, and protection of main or trunk-line utility facilities existing on the construction site, if such facilities are not shown in the plans and specifications, and County shall compensate Contractor for the costs of locating and repairing damage to such facilities not due to the failure of Contractor to exercise reasonable care.

Nothing herein shall be deemed to require County to indicate the presence of existing service laterals or appurtenances whenever the presence of such utilities on the site of the construction project can be inferred from the presence of other visible facilities, such as buildings, meter and junction boxes, on or adjacent to the site of the construction.

If Contractor, while performing the Work under this Agreement, discovers utility facilities not identified in the Contract Documents, including the plans or specifications, Contractor shall immediately notify the Contract Administrator or Project Manager. County shall not be liable for Contractor's performance of unauthorized work.

26. Notice of Discovery of Hazardous Waste or Unusual Conditions

A. Contractor shall promptly, and before the following conditions are disturbed, notify County in writing, in the event Contractor encounters, after excavating to a depth of greater than four (4) feet, any of the following:

1. Material that Contractor believes may be hazardous waste, as defined in section 25117 of the Health and Safety Code, which is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law; or
2. Subsurface or latent physical conditions at the site differing materially from those indicated in the Contract Documents; or
3. Unknown physical conditions at the site of any unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the Work provided for in this Agreement.

B. County shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, or cause a decrease or increase in Contractor's cost of, or time required for

performance of any part of the Work, an adjustment, excluding loss of anticipated profits, will be made and this Agreement will be modified by a Change Order or by an amendment to the Work Order. County will notify Contractor of County's determination as to whether or not an adjustment of this Agreement is warranted.

- C. In the event a dispute arises between County and Contractor as to whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in Contractor's cost of, or time required for, performance of any part of the Work, Contractor shall not be excused from any scheduled completion date provided for by this Agreement, but shall proceed with all Work to be performed under this Agreement. Contractor shall retain any and all rights provided either by contract or by law which pertain to the resolution of disputes and protests between Contractor and County.

27. Subcontracting

The provisions of Sections 4100-4114, inclusive, of the Public Contract Code regarding subcontracting shall apply to this Agreement, and Contractor represents that it will comply with all provisions therein.

28. Additional Work

County reserves the right to make such alterations, deviations, additions to, or deletions from the plans and specifications, including the right to increase or decrease the quantity of any item or portion of work or to delete any items or portion of work, as may be deemed by the Contract Administrator or Project Manager to be necessary or advisable, and to require such additional work to be required for the proper completion of the whole Work contemplated.

Any such changes will be set forth in a written Contract Change Order (Change Order) or Work Order Amendment issued pursuant to this Agreement which will specify the additional work, adjustment of performance time, if any, and basis for additional compensation, if any. Any Change Order or Work Order Amendment shall not become effective until approved by the Director of Transportation, or where required, by the Board of Supervisors.

29. Termination by County for Convenience

County reserves the right to terminate this Agreement at any time, in whole or in part, for convenience upon thirty (30) calendar days written Notice of Termination. County shall issue Contractor a written notice specifying that this Agreement is to be terminated.

Upon receipt of said written notice, Contractor shall stop all work under this Agreement except: (1) work specifically directed to be completed prior to termination, (2) work the Inspector deems necessary to secure the Project for termination, (3) removal of equipment and plant from the site of the Work, (4) action that is necessary to protect materials from damage, (5) disposal of materials not yet used in the Work as directed by County, and (6) clean up of the site.

If this Agreement is terminated for County's convenience as provided herein, all finished or unfinished work and materials previously paid for shall, at the option of County, become its property. Contractor shall be paid an amount which reflects costs incurred for satisfactory work provided to the date of notification of termination. In addition, Contractor shall be paid the reasonable cost, as solely judged by County, and without profit, for all work performed to secure the Project for termination.

30. Termination by County for Cause

County may, without prejudice to any other right or remedy and after giving Contractor and its Surety a minimum of ten (10) days from delivery of a written termination notice, terminate the services of Contractor if any of the following events occur:

- A. Contractor is adjudged as bankrupt or insolvent.
- B. Contractor makes a general assignment for the benefit of its creditors or if a trustee or receiver is appointed for Contractor or for any of its property.
- C. Contractor files a petition to take advantage of any debtor's act, or to reorganize under the bankruptcy or applicable laws.
- D. Contractor on more than one occasion fails to supply sufficient skilled workmen or suitable material or equipment.
- E. Contractor on more than one occasion fails to make prompt payments to subcontractors for labor, materials, or equipment.
- F. Contractor disregards the authority of County's representative, or the Engineer, if one is appointed.
- G. Contractor violates Article 40.
- H. Contractor otherwise violates any material provision of the Contract Documents.

County shall state in that written notice the reason(s) for the default. After that ten (10) day period has elapsed, County may terminate the services of Contractor immediately and take equipment and machinery thereon owned by Contractor and finish the Work by whatever method County may deem expedient. In such case, Contractor shall not be entitled to receive any further payment until the Work is finished.

Without prejudice to other rights or remedies County may have, County may serve Contractor and the Surety on its faithful performance bond with an Inspector's written notice demanding satisfactory compliance with this Agreement if Contractor does any of the following:

- A. Fails to begin delivery of materials and equipment, to commence Work within the time specified, or to maintain the rate of delivery of material.
- B. Fails to execute the Work in the manner and at such locations as specified.
- C. Fails to maintain a work program which will ensure County's interest.
- D. Contractor is not carrying out the intent of this Agreement.

If Contractor or its Surety does not comply with such notice within five (5) days after receiving it, or after starting to comply, fails to continue, County may exclude it from the premises and take possession of all material and equipment, and complete the Work by County's own forces, by letting the unfinished Work to another Contractor, or by a combination of such methods.

Where Contractor's services have been so terminated by County, said termination shall not affect any right of County against Contractor then existing or which may thereafter accrue. Any retention or payment of monies by County due Contractor will not release Contractor from compliance with the Contract Documents.

If the unpaid balance of the Contract Price exceeds the direct and indirect costs of completing the Work, including compensation for additional professional services, such excess shall be paid to Contractor. If the sums under this Agreement are insufficient for completion, Contractor or Surety shall pay to County within five (5) days after the completion, all costs in excess of the Contract Price. In any event, the cost of completing the Work shall be charged against Contractor and its Surety and may be deducted from any money due or becoming due from County.

The provisions of this Article shall be in addition to all other rights and remedies available to County under law.

If after notice of termination, it is determined for any reason that Contractor was not in default, the rights and obligations of the parties shall be the same as if the notice of termination had not been issued. This Agreement shall be equitably adjusted to compensate for such termination.

31. Successors and Assigns

This Agreement shall bind and inure to the heirs, devisees, assignees, and successors in interest of Contractor and to the successors in interest of County in the same manner as if such parties had been expressly named herein.

32. Assignment of Contract

Neither this Agreement, nor any part thereof, or any monies due or to become due hereunder, may be assigned by Contractor without the written approval of County, nor without the consent of the Surety unless the Surety has waived its right to notice of assignment in writing. County may assign this Agreement to a lender, or any third party that assumes the obligations of County hereunder.

33. Amendments

This Agreement may be amended by mutual consent of the parties hereto. Said amendment shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

34. Separate Contracts

County reserves the right to let other contracts in connection with the Work. Contractor shall afford all other such contractors reasonable opportunity for storage of their materials, shall provide that the execution of its work properly connects and coordinates with theirs, and shall cooperate with them to the end of facilitating the Work.

35. Indemnity

To the fullest extent allowed by law, Contractor shall defend, indemnify, and hold County and its officers, directors, and employees harmless against and from any and all claims, suits, losses, damages, and liability for damages, including attorney's fees and other costs of defense brought for or on account of injuries to or death of any person, including but not limited to, workers and the public, or on account of injuries to or death of County employees, or damage to property, or any economic, consequential or special damages which are claimed or which shall in any way arise out of or be connected with Contractor's services, operations or performance hereunder, regardless of the existence or degree of fault or negligence on the part of County, Contractor, subcontractors or employees of any of these, except for the active, or sole negligence of County, its officers, directors, and employees, or where expressly prescribed by statute.

The duty to indemnify and hold harmless County specifically includes the duties to defend set forth in Section 2778 of the Civil Code. The insurance obligations of Contractor are separate, independent obligations under the Contract Documents, and the provisions of this defense and indemnity are not intended to modify nor should they be construed as modifying or in any way limiting the insurance obligations set forth in the Contract Documents.

36. Insurance

GENERAL INSURANCE REQUIREMENTS: Contractor shall provide proof of a policy of insurance satisfactory to County's Risk Management Division and documentation evidencing that Contractor maintains insurance that meets the following requirements:

- A. Full Workers' Compensation and Employers' Liability Insurance covering all employees of Contractor as required by law in the State of California.
- B. Commercial General Liability Insurance of not less than One Million Dollars (\$1,000,000) combined single limit per occurrence for bodily injury and property damage, including but not limited to endorsements for the following coverage: premises, personal injury, operations, products and completed operations, blanket contractual, and independent contractors' liability and a \$2,000,000 aggregate limit. County, including, without limitation, its officers, officials, employees, and volunteers shall be named as an additional insured on ISO form CG 2010 1185, or its equivalent.
- C. Automobile Liability Insurance of not less than One Million Dollars (\$1,000,000) is required in the event motor vehicles are used by Contractor in performance of this Agreement.

- D. In the event Contractor is a licensed professional and is performing professional services under this Agreement, Professional Liability Insurance is required with a limit of liability of not less than One Million Dollars (\$1,000,000).
- E. Explosion, Collapse and Underground coverage is required when the scope of work includes XCU exposures.

PROOF OF INSURANCE REQUIREMENTS:

- F. Contractor shall furnish proof of coverage satisfactory to County's Risk Management Division as evidence that the insurance required herein is being maintained. The insurance will be issued by an insurance company acceptable to County's Risk Management Division, or be provided through partial or total self-insurance likewise acceptable to the Risk Management Division.
- G. The County of El Dorado, its officers, officials, employees, and volunteers shall be included as additional insured, but only insofar as the operations under this Agreement are concerned. This provision shall apply to all general and excess liability insurance policies. Proof that County is named additional insured shall be made by providing the Risk Management Division with a certified copy, or other acceptable evidence, of an endorsement to Contractor's insurance policy naming County as additional insured.
- H. In the event Contractor cannot provide an occurrence policy, Contractor shall provide insurance covering claims made as a result of performance of this Agreement for not less than three (3) years following completion of performance of this Agreement.
- I. Any deductibles or self-insured retentions must be declared to and approved by County. At the option of County, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects County, its officers, officials, employees and volunteers; or Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.
- J. Contractor shall require each of its subcontractors to procure and maintain Commercial General Liability Insurance, Automobile Liability Insurance and Workers' Compensation Insurance of the types and in the amounts specified above, or shall insure the activities of its subcontractors in its own policy in like amounts. Contractor shall also require each of its subcontractors to name Contractor and the County of El Dorado as additional insureds on each subcontractor's general and excess liability insurance policies. Upon request by County Contractor shall furnish proof of coverage satisfactory to County as evidence that the subcontractor insurance required herein is being maintained.

INSURANCE NOTIFICATION REQUIREMENTS:

- K. Contractor agrees that no cancellation or material change in any policy shall become effective except upon thirty (30) days prior written notice to County of El Dorado, Department of Transportation, 2441 Headington Road, Placerville, California 95667.
- L. Contractor agrees that the insurance required herein shall be in effect at all times during the term of this Agreement, inclusive of the guarantee/warranty period specified herein below. In the event said insurance coverage expires at any time or times during the term of this Agreement, Contractor shall immediately provide a new certificate of insurance as evidence of the required insurance coverage. In the event Contractor fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event. New certificates of insurance are subject to the approval of County's Risk Management Division.

ADDITIONAL STANDARDS: Certificates shall meet such additional standards as may be determined by County's Department of Transportation either independently or in consultation with County's Risk Management Division, as essential for protection of County.

COMMENCEMENT OF PERFORMANCE: Contractor shall not commence performance of this Agreement unless and until compliance with each and every requirement of the insurance provisions is achieved.

MATERIAL BREACH: Failure of Contractor to maintain the insurance required herein, or to comply with any of the requirements of the insurance provisions, shall constitute a material breach of the entire Agreement.

REPORTING PROVISIONS: Any failure to comply with the reporting provisions of the policies shall not affect the coverage provided to County, its officers, officials, employees, or volunteers.

PRIMARY COVERAGE: Contractor's insurance coverage shall be primary insurance as respects County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by County, its officers, officials, employees or volunteers shall be in excess of Contractor's insurance and shall not contribute with it.

PREMIUM PAYMENTS: The insurance companies shall have no recourse against County, its officers, officials, employees, and volunteers or any of them for payment of any premiums or assessments under any policy issued by any insurance company.

CONTRACTOR'S OBLIGATIONS: Contractor's indemnity and other obligations shall not be limited by the insurance required herein and shall survive the expiration of this Agreement.

37. Independent Contractor

It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further understood that this Agreement does not create an exclusive relationship between County and Contractor, and Contractor may perform similar work or services for others. However, Contractor shall not enter into any agreement with any other party, or provide any information in any manner to any other party, that would conflict with Contractor's responsibilities or hinder Contractor's performance of services hereunder, unless County's Contract Administrator, in writing, authorizes that agreement or sharing of information.

The parties intend that an independent contractor relationship will be created by this contract. Contractor is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Contractor exclusively assumes responsibility for acts of its employees, agents, affiliates, and subcontractors, if any are authorized herein, as they relate to the services or work to be performed under this Agreement during the course and scope of their employment by Contractor. Those persons will be entirely and exclusively under the direction, supervision, and control of Contractor.

County may designate the tasks to be performed and the results to be accomplished under this Agreement, provide information concerning the work or services, approve or disapprove the final work product and/or services provided, and set deadlines for the completion of the work or services, but County will not control or direct the manner, means, methods, or sequence in which Contractor performs the work or services for accomplishing the results. Contractor understands and agrees that Contractor lacks the authority to bind County or incur any obligations on behalf of County.

Contractor, including any subcontractor or employees of Contractor, shall not receive, nor be eligible for, any benefits County provides for its employees, including, but not limited to, vacation pay, paid holidays, life insurance, health insurance, social security, disability insurance, pension, or 457 plans. Contractor shall not receive, nor be eligible for, workers' compensation, including medical and indemnity payments. County is not responsible for withholding, and shall not withhold, Federal Income Contribution Act amounts or taxes of any kind from any payments which it owes Contractor. Contractor shall not be subject to the work schedules or vacation periods that apply to County employees.

Contractor shall be solely responsible for paying its employees, and for withholding Federal Income Contribution Act amounts and other taxes, workers' compensation, unemployment compensation, medical insurance, life insurance, or any other benefit that Contractor provides for its employees.

Contractor acknowledges that it has no authority to bind the County or incur any obligations on behalf of the County with regard to any matter, and shall not make any agreements or representations on the County's behalf.

38. Force Majeure:

Neither party will be liable for any delay, failure to perform, or omission under this Agreement that is due to any cause that it is beyond its control, not due to its own negligence, and cannot be overcome by the exercise of due diligence. In that event, the affected party will:

- A. Promptly give written notice to the other of the fact that it is unable to so perform and the cause(s) that is beyond its control.
- B. Once the cause(s) has ceased, provide written notice to the other party and immediately resume its performance under this Agreement.

For purposes of this Article, "cause that is beyond its control" includes labor disturbances, riots, fires, earthquakes, floods, storms, lightning, epidemics, war, disorders, hostilities, expropriation or confiscation of properties, failure of and delays by carriers, interference by civil or military authorities, whether legal or de facto, and whether purporting to act under some constitution, decree, or law, or otherwise, or acts of God.

39. Waiver

No failure on the part of the parties to exercise any rights under this Agreement, and no course of dealing with respect to any right hereunder, shall operate as a waiver of that right, nor shall any single or partial exercise of any right preclude the exercise of any other right. The remedies herein provided are cumulative and are not exclusive of any other remedies provided by law.

40. Conflict of Interest

The parties to this Agreement have read and are aware of the provisions of Government Code Section 1090 et seq. and the Political Reform Act of 1974 (Section 87100 et seq.), relating to conflict of interest of public officers and employees. Individuals who are working for Contractor and performing work for County and who are considered to be consultant within the meaning of Title 2, California Code of Regulations, Section 18700.3, as it now reads or may thereafter be amended, are required to file a statement of economic interest in accordance with County's Conflict of Interest Code. County's Contract Administrator shall at the time this Agreement is executed make an initial determination whether or not the individuals who will provide services or perform work pursuant to this Agreement are consultants within the meaning of the Political Reform Act and County's Conflict of Interest Code. Statements of economic interests are public records subject to disclosure under the California Public Records Act.

Contractor covenants that during the term of this Agreement neither it, or any officer or employee of the Contractor, has or shall acquire any interest, directly or indirectly, in any of the following:

- A. Any other contract connected with, or directly affected by, the services to be performed by this Agreement.
- B. Any other entities connected with, or directly affected by, the services to be performed by this Agreement.
- C. Any officer or employee of County that are involved in this Agreement.

If Contractor becomes aware of a conflict of interest related to this Agreement, Contractor shall promptly notify County of the existence of that conflict, and County may, in its sole discretion, immediately terminate this Agreement by giving written notice of termination specified in Article 30.

41. Licenses

Contractor warrants and represents that it holds a valid California license pursuant to the Contractors' State License Law (Business and Professions Code Sections 7000, et seq.), that its license is in good standing and that it possesses a Licensed Timber Operator Type A License issued by the California Department of Forestry and Fire Protection (CAL FIRE) as required by the type of the Work. Copies of Contractor's current and in effect Timber Operator Type A licenses must be provided with this Agreement.

42. Business License

County's Business License Ordinance provides that it is unlawful for any person to furnish supplies or services, or transact any kind of business in the unincorporated territory of County of El Dorado without possessing a County business license unless exempt under County Ordinance Code Section 5.08.070. Contractor warrants and represents that it shall comply with all of the requirements of County's Business License Ordinance, where applicable, prior to beginning work under this Agreement and at all times during the term of this Agreement.

43. Cleaning Up

Contractor shall not allow the site of the Work to become littered with trash, rubbish, or waste material, but shall maintain the site of Work in a neat and orderly condition throughout the performance of the Work. At the end of each work day, Contractor shall clean up all debris and waste materials generated by the Work and shall properly dispose of all trash, rubbish and waste materials off site at no additional cost to County.

44. Access to the Work

County, and any state or local authorities having jurisdiction over the Project, shall at all times have access to the Work.

45. Acceptance of Work

The Work will be accepted by County in writing in the form of a recorded Notice of Acceptance signed by the Director of Transportation when the whole shall have been completed satisfactorily, as determined by County or its duly authorized representative. Acceptance of the Work shall not constitute an acceptance of latent defects nor relieve Contractor of responsibility for any act or omission which is a violation of this Agreement. County will release retention withheld, if any, thirty-five (35) days after the Notice of Acceptance is recorded.

46. Resolution of Claims

Contractor's attention is invited to Public Contract Code Sections 20104, et seq., for resolution of construction claims, and specifically Section 20104.2. Claims pertaining to this Agreement shall be governed by the provisions of those sections.

Contractor's attention is directed to California Public Contract Code section 9204, which describes procedures for the resolution of claims on public works projects. Among other things, section 9204 requires the claimant to furnish reasonable documentation to support a claim, requires the public entity to respond to the claim within forty-five (45) days of receipt of the claim, and allows for the claimant to demand an informal meet and confer conference for settlement of the issues in dispute. For any portion of a claim that remains in dispute, section 9204 requires submission of the claim to nonbinding mediation. Additionally, section 9204 requires the public entity to make any payment due on an undisputed portion of the claim within sixty (60) days of the public entity's written response and to pay interest at the rate of 7 percent per annum on any amounts not paid in a timely manner. The claims

procedures described herein and in any other Contract Documents are in addition to the procedures required by section 9204 and, in the event of a conflict between those various procedures, the more stringent procedures will control.

47. Environmental and Toxic Warranty

Contractor warrants that its operations concerning the Project are not and will not be in violation of any applicable federal, state, or local environmental statute, law, or regulation dealing with hazardous materials substances or toxic substances.

48. Guarantee

Final Guarantee: Contractor shall guarantee all materials and equipment furnished and work performed for a period of one (1) year. Contractor warrants and guarantees for a period of one (1) year from the date of Acceptance of the Work that the Work is free from all defects due to faulty materials or workmanship and Contractor shall promptly make such corrections as may be necessary, including repairs of any damage to other parts of the Work resulting from such defects at no cost to County. County will give notice of observed defects with reasonable promptness. In the event that Contractor should fail to make such repairs, adjustments, or other work that may be made necessary by such defects, County may do so and charge Contractor the cost thereby incurred.

Extended Guarantees: If a guaranty exceeding one (1) year is provided by the supplier or manufacturer of any equipment or materials used in this Project, then the guarantee for such equipment or materials shall be extended for such term. Contractor expressly agrees to act as co-guarantor of such equipment and materials, and Contractor shall supply County with all warranty and guaranty documents relative to equipment and materials incorporated in the job and guaranteed by its suppliers or manufacturers.

Warranty: Contractor warrants to County that materials and equipment furnished under this Agreement will be of good quality and new, unless otherwise required or permitted by this Agreement, that the Work will be free from defects or flaws and is of the highest quality of workmanship and that the Work will conform with the requirements of this Agreement. Work not conforming to these requirements, including substitutions not properly approved and authorized, shall be considered defective.

If within one (1) year from the date of the Acceptance of the Work or such longer period of time as may be prescribed by law or regulations or by the terms of any applicable special guarantee required by the Contract Documents, any work is found to be defective, Contractor shall promptly, without cost to County and in accordance with County's written instruction, correct such defective work. If work is rejected by County, defective material or work will be removed from site and replaced with non-defective materials or work. If Contractor is unable to promptly and properly correct any defective work, County may at its option have the work corrected by such other means as County deems appropriate and hold Contractor liable for all direct, indirect and consequential costs caused by such defective work. Said warranty shall apply to all work found to be "defective" which is attributable to the quality or quantity of the materials used, the quality of the workmanship or for performance of this Agreement.

49. Notice

Any notice or other correspondence required to be given under this Agreement by either party to the other may be affected by personal delivery in writing or by mail, postage prepaid. Notices personally delivered during normal business hours shall be deemed received on the actual date of delivery; mailed notices shall be deemed received one (1) day after affixed postmark. Notices and correspondence to County shall be in duplicate and shall be delivered to it as follows:

To County:

County of El Dorado
Department of Transportation
2441 Headington Road

Deputy Director

With a copy to:

County of El Dorado
Chief Administrative Office
330 Fair Lane
Placerville, California 95667

Attn.: Michele Weimer
Procurement and Contracts Manager

Notices and correspondence to Contractor shall be delivered when personally delivered to, or if mailed, addressed to Contractor at:

Kingsborough Atlas Tree Surgery, Inc.
1544 Ludwig Avenue
Santa Rosa, California 95402

Attn.: Richard Kingsborough
Chief Executive Officer

Either party may change its address for notices or for its principal place of business by giving written notice pursuant to this Article.

50. Drug-Free Workplace

Contractor shall comply with Government Code section 8355.

51. California Residency (Form 590)

All independent contractors providing services to County must file a State of California Form 590, certifying their California residency or, in the case of a corporation, certifying that they have a permanent place of business in California. Contractor will be required to submit a Form 590 prior to execution of an Agreement or County shall withhold seven (7) percent of each payment made to Contractor during the term of this Agreement. This requirement applies to any Agreement/Contract exceeding \$1,500.00.

52. County Payee Data Record Form

All independent contractors or corporations providing services to County who do not have a Department of the Treasury Internal Revenue Service Form W-9 (Form W-9) on file with County must file a County Payee Data Record Form with County.

53. Taxes

Contractor certifies that as of today's date, it is not in default on any unsecured property taxes or other taxes or fees owed by Contractor to County. Contractor agrees that it shall not default on any obligations to County during the term of this Agreement.

54. Venue

The Contract Documents and all provisions thereto shall be governed by the laws of the State of California. Any litigation arising herein shall be brought in the County of El Dorado.

55. Iran Contracting Act Certification

As required by California Public Contract Code Section 2204, for Agreements that are over \$1,000,000, Contractor certifies its status regarding the Iran Contracting Act of 2010 and has duly executed Exhibit D, marked “Iran Contracting Act Certification,” incorporated herein and made by reference a part hereof.

56. Contract Administrator

The County Officer or employee with responsibility for administering this Agreement is Brian Mullins, Deputy Director, Department of Transportation, or successor.

57. Authorized Signatures

The parties to this Agreement warrant and represent that the undersigned individuals executing this Agreement on their respective behalves are fully authorized to do so by law or other appropriate instrument and to bind upon said parties the obligations set forth herein.

58. Electronic Signatures

Each party agrees that the electronic signatures, whether digital or encrypted, of the parties included in this Agreement, are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic Signature means any electronic visual symbol or signature attached to or logically associated with a record and executed and adopted by a party with the intent to sign such record, including facsimile or email electronic signatures, pursuant to the California Uniform Electronic Transactions Act (Civil Code sections 1633.1 to 1633.17) as amended from time to time.

59. Partial Invalidity

If any provision, sentence, or word of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions, sentences, and words will continue in full force and effect without being impaired or invalidated in any way.

60. No Third Party Beneficiaries

Nothing in this Agreement is intended, nor will be deemed, to confer rights or remedies upon any person or legal entity not a party to this Agreement.

The Federal Government is not a party to this Agreement and is not subject to any obligations or liabilities to the non-Federal entity, Contractor, or any other party pertaining to any matter resulting from this Agreement.

61. Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be an original and all of which together shall constitute one and the same instrument.

62. Entire Agreement

This document and the documents referred to herein or exhibits hereto are the entire Agreement between the parties and they incorporate or supersede all prior written or oral agreements or understandings.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the dates indicated below, the latest of which shall be deemed to be the effective date of this Agreement.

Exhibit A

Scope of Work

PROJECT DESCRIPTION

The work, in general, consists of removal of hazardous trees identified by the County, traffic control, developing a water supply, providing a Storm Water Pollution Prevention Plan (SWPPP), job site management, identification and preparation of a debris management site, and shall include the furnishing of all tools, equipment, materials, supplies, incidentals, and manufactured articles for the project, all in conformance with State of California, Department of Transportation 2018 Standard Specification and Standard Plans (<https://dot.ca.gov/programs/design/ccs-standard-plans-and-standard-specifications>) (herein after referred to as Standard Specifications) and the special provisions specified herein.

The removal work is expected to utilize heavy equipment, operated primarily from the roadway prism when possible, and otherwise tracked equipment will work on the roadway shoulders, if needed. Removal operations may vary by contractor and may include the use of a debris management site.

ITEMS OF WORK

1. Mobilization. Mobilization and set up of project site shall conform to Public Contract Code Section 10104 and these special provisions:
 - A. Determination of stockpile sites and construction zone will be considered part of mobilization. The sites for stockpiling materials shall be clean and free of objectionable materials and shall be located outside the street right-of-way. Arrangements for these sites shall be the responsibility of the Contractor. If on private property, a written agreement shall be provided to the County's Contract Administrator prior to commencing operations. The Contractor shall also be responsible for any required permitting, including temporary use permits, if required. In terms of payments, actual stockpiling of materials shall be considered in the various bid items for surface treatments. In this regard, the Contractor shall clean up the stockpile areas prior to acceptance of the work. All spoils and debris of any nature shall be removed, and the entire site shall be left in a clean, workmanlike appearance to the satisfaction of the Contract Administrator.
 - B. Full compensation for scheduling and mobilizing all the various phases of work, including rescheduling and re-mobilizing operations as necessary to provide adequate public notification, as indicated for work sequence and notification in the Standard Specifications.
 - C. Provisions as determined by the County's Contract Administrator, shall be considered as included in the lump sum price paid for the item "Mobilization," and no additional compensation will be allowed, therefore.
2. Traffic Control. Traffic Control shall conform to Sections 7-1.03, "Public Convenience," 7-1.04, "Public Safety," and Section 12, "Temporary Traffic Control," of the Standard Specifications and these special provisions (Nothing in these special provisions shall be construed as relieving the Contractor from his responsibility as provided in said Section 7-1.04, "Public Safety"):
 - A. Section 12-1.04, "Payment" of the Standard Specifications shall not apply. Costs for Flagging shall be included in the item Traffic Control, and no additional payment will be allowed.

- B. Contractor's attention is further directed to Section 12-3.23, "Impact Attenuator Vehicles," of the Standard Specifications.
- C. Contractor shall maintain access for through traffic during operations with traffic control measures as indicated in the above sections of the Standard Specifications, except where it is otherwise specified in these special provisions or determined necessary and approved by the Contract Administrator to intermittently close sections of the roadway to traffic for various safety issues and construction operations. Contractor shall submit to County's Contract Administrator for approval a Traffic Control Plan detailing the necessary signing, delineation, and safety measures required per the applicable provisions of the "Work Area Traffic Control Handbook," the most recently updated California State Traffic Manual of Traffic Controls for Construction and Maintenance Work Zones; the most recently updated California Manual on Uniform Traffic Control Devices for Streets and Highways, and these special provisions. Contractor shall submit the Traffic Control Plans to County's Contract Administrator for approval at the pre-construction conference and whenever changes are proposed. Contractor shall include a schedule of all streets and facilities to be affected along with the Contractor's proposed public notification with proposed times, dates, and lengths of road closures. Contractor shall strictly adhere to the approved Traffic Control Plan and any changes therein. These plans shall be considered as included in the contract lump sum price paid for the item "Traffic Control" and no additional compensation will be allowed, therefore.
- D. In addition to the existing warning and directional signs, Contractor shall furnish the required construction signs, posts, mounting hardware, and erect, within or adjacent to the limits of work, such construction supplemental warning and directional signs necessary or as otherwise ordered by County's Contract Administrator. After installation, Contractor shall maintain the existing signs as necessary until the completion of the Work.
- E. Traffic Control System for Lane Closure
- i. A traffic control system shall consist of closing traffic lanes in accordance with the provisions of Section 12, "Temporary Traffic Control," of the Standard Specifications.
 - ii. Impact Attenuator Vehicles for use closures shall comply with Section 12-3.23, "Impact Attenuator Vehicles." An impact attenuator vehicle must be on the Authorized Material List for highway safety features. The vehicle must comply with Vehicle Code Division 12.
 - iii. Road and lane closures are allowed only during predetermined "working hours," as approved by the Contract Administrator and as necessary to complete work operations such that all lanes shall be re-opened to traffic as specified below when it is determined safe and satisfactory to do so at the conclusion of daily operations, per the approval of the Contract Administrator. Any extended working hours required by Contractor shall be approved by the Contract Administrator. Within the "Contractor Daily Working Hours," specified herein, the Contractor shall place or remove the necessary traffic barricades, move equipment either on or off the job site, perform all resurfacing operations, including necessary rolling, curing, and placing temporary traffic markers prior to opening the roadway to traffic.
- F. Contractor Daily Working Hours
- i. The Contractor shall restrict his work hours on all Project related work from 7 a.m. to 7 p.m. (Pacific Time) daily, Monday through Friday unless otherwise approved by County's

Contract Administrator. The restriction shall include all associated move on, set up, equipment and material delivery, and other project activities not strictly related to the daily progress of the project, unless otherwise requested and approved in writing by County's Contract Administrator. Failure to open the roadway Monday through Friday within the specified working hours shall result in a deduct to Contractor of eight hundred dollars (\$800.00) per hour or portion thereof for every hour the Contractor fails to open the roadway.

- ii. Saturday and Sunday work may be allowed with advance written approval by County. A request to County's Contract Administrator shall be made forty-eight (48) hours in advance. Within the "Contractor Daily Working Hours," specified herein, Contractor shall place or remove the necessary traffic barricades, channelizers, crash cushion modules and move equipment either on or off the job site, perform all surface treatment operations, including necessary rolling, curing, and placing temporary traffic markers prior to opening the roadway to traffic. Failure to open the roadway Saturday and Sunday within the specified working hours shall result in a deduct to the Contractor of eight hundred dollars (\$800.00) per hour or portion thereof for every hour the Contractor fails to open the roadway.
 - iii. Construction operations shall be performed in such a manner that there will be at least one (1) eleven foot (11') wide lane open to public traffic at times of allowable traffic flow. By 7:00 P.M. each workday and when construction operations are suspended, a passageway shall be maintained through the work of sufficient width to provide for a minimum of two (2) eleven foot (11') wide traffic lanes for public traffic. Where determined necessary and approved by County's Contract Administrator to intermittently close sections of the roadway to traffic for short intervals of time for various unanticipated safety issues or approved construction operations, Contractor shall provide adequate warning, as approved by County's Contract Administrator. Long term closure of the roadway would require pre-approved noticing and detour route signing placed in advance of the closure. Typically, long term closure would only be contemplated in the event of an emergency and would require prior approval by the Contract Administrator.
3. Develop Water Supply. Develop Water Supply shall conform to the provisions in Section 14, "Environmental Stewardship," and the second paragraph of Section 18-1.01A, item 1 of the Standard Specifications and these special provisions.
- A. Full compensation for applying water, including the provision of a stand-by water truck on site, when required, will be considered as included in the prices paid for the various contract items requiring water and no separate payment will be made.
 - B. Full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved in developing a sufficient supply of water, including contracts with water districts for the supply of water, and the quantity of water used in performance of the work, including applying water for dust control, will be considered as included in the lump sum price paid for the item "Develop Water Supply" and no additional compensation will be allowed therefore.
4. Water Pollution Control (WPC). This work includes developing and implementing a SWPPP. Water pollution control work shall conform to the provisions in Section 13, "Water Pollution Control," of the Standard Specifications, and these special provisions.

- A. Contractor shall know and fully comply with applicable provisions of the Manuals, and Federal, State, and local regulations and requirements that govern Contractor's operations and storm water and non-storm water discharges from both the project site and areas of disturbance outside the project limits during construction.
- B. Contractor shall follow the provisions and requirements set forth in the Avoidance and Minimization Measures provided as attached, and provided below:
 - i. SWPPP and erosion control Best Management Practices will be developed and implemented to minimize water related erosion. At a minimum, protective measures will include:
 - a) No discharge of pollutants from vehicle and equipment cleaning into any storm drains or watercourses.
 - b) Vehicle and equipment fueling, and maintenance operations must be at least fifty feet (50') away from aquatic or riparian habitat and not in a location where a spill may drain directly toward aquatic habitat, except at established commercial gas stations or at an established vehicle maintenance facility.
 - c) Crews will always maintain spill containment kits on-site during project operations and/or staging or fueling of equipment.
 - d) Implement dust control, which may include the use of water trucks and non-toxic tackifiers to control dust when rocking temporary access road entrances and exits and covering temporary stockpiles when weather conditions require.
 - e) Graded areas will be protected from erosion using a combination of silt fences, fiber rolls, etc. along toes of slopes or along edges of designated staging areas, and erosion control netting (such as jute or coir) as appropriate on sloped areas.
 - f) Incorporate permanent erosion control measures such as bio-filtration strips and swales to receive storm water discharges from the project work areas to the maximum extent practicable.
 - g) Materials containing possible contaminants, such as fuels, lubricants, oils, or solvents, will be stored offsite or in sealable containers at designated locations per applicable permits and the County's requirements.
 - ii. Erosion control measures will include silt fencing and fiber rolls.
- C. Contractor shall be responsible for penalties assessed or levied on the Contractor or the County as a result of Contractor's failure to comply with the provisions in this section for "Water Pollution Control" including, but not limited to, compliance with the applicable provisions of the Manuals, and Federal, State and Local regulations and requirements as set forth therein.
 - i. Penalties as used in this section shall include fines, penalties and damages, whether proposed, assessed, or levied against the County or the Contractor, including those levied under the Federal Clean Water Act and the State Porter-Cologne Water Quality Control Act, by governmental agencies, or as a result of citizen suits. Penalties shall also include payments made or costs incurred in settlement for alleged violations of the Manuals, or applicable laws, regulations, permits, or requirements. Costs incurred could include sums spent instead of penalties, in mitigation or to remediate or correct violations.
 - ii. Notwithstanding any other remedies authorized by law, the County may retain money due the Contractor under the contract, in an amount determined by the County, up to and including the entire amount of penalties proposed, assessed, or levied as a result of

Contractor's violation of the Manuals, or Federal or State law, regulations, permits, or requirements. Funds may be retained by the County until final disposition has been made as to the Penalties. Contractor shall remain liable for the full amount of penalties until such time as they are finally resolved with the entity seeking the Penalties.

- D. Retention of funds for failure to conform to the provisions in this section for "Water Pollution Control," shall be in addition to the other retention amounts required by the contract. The amounts retained for the Contractor's failure to conform to provisions in this section will be released for payment on the next monthly estimate for partial payment following the date when an approved SWPPP has been implemented and maintained, and when water pollution has been adequately controlled, as determined by County's Contract Administrator.
- E. When the County or a regulatory agency identifies a failure to comply with the Manuals, or other federal, state or local requirements, the County may retain money due the Contractor, subject to the following:
 - i. The County will give the Contractor a thirty (30) day notice of the County's intention to retain funds from partial payments which may become due to the Contractor prior to acceptance of the contract. Retention of funds from payments made after acceptance of the contract may be made without prior notice to the Contractor.
 - ii. No retention of additional amounts out of partial payments will be made if the amount to be retained does not exceed the amount being withheld from partial payments pursuant to Section 9-1.16, "Progress Payments," of the Standard Specifications.
 - iii. If the County has retained funds, and it is subsequently determined that the County is not subject to the entire amount of the costs and liabilities assessed or proposed in connection with the matter for which the retention was made, the County shall be liable for interest on the amount retained for the period of the retention. The interest rate payable shall be six percent (6%) per annum.
- F. During the first estimate period that the Contractor fails to conform to the provisions in this section for "Water Pollution Control," the County may retain an amount equal to twenty-five percent (25%) of the estimated value of the contract work performed.
- G. The Contractor shall notify the County's Contract Administrator immediately upon request from the regulatory agencies to enter, inspect, sample, monitor, or otherwise access the project site or the Contractor's records pertaining to water pollution control work. The Contractor and the County shall provide copies of correspondence, notices of violations, enforcement actions, or proposed fines by regulatory agencies to the requesting regulatory agency.
- H. The County does not pay for water pollution control practices at Contractor-support facilities and non-commercially operated borrow or disposal sites.
- I. Submittals
 - i. WPC submittals shall be included in Water Pollution Control, and comply with Section 13-2.01C, "Submittals" of the Standard Specifications and these special provisions.
 - ii. The contract price paid per lump sum for WPC shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work

involved in WPC, complete, in place, as shown on the plans, as specified in the Standard Specifications and these special provisions and directed by the County's Contract Administrator.

- iii. The County will not pay for implementation of WPC practices in areas outside the right of way not specifically provided for in the drawings, SWPPP, or these special provisions.
 - iv. The County will not pay for WPC practices installed at the Contractor's construction support facilities.
 - v. WPC practices for which there are separate contract items of work will be measured and paid for as those contract items of work.
5. Job Site Management. Job Site Management shall comply with Section 13, "Water Pollution Control," and Section 14, "Environmental Stewardship" of the Standard Specifications. Attention is directed to "Water Pollution Control" of these special provisions for reference to terms, documents, and manuals utilized in preparing Water Pollution Control.

The contract lump sum price paid for Job Site Management shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals for doing all the work involved in performing waste management and hazardous materials pollution control practices and doing all the work involved in responsibly overseeing the construction site management as specified in the Standard Specifications, these special provisions, and as directed by the County's Contract Administrator, including payment of any permitting fees applicable to the Contractor, as specified in the Standard Specifications and these special provisions, the Central Valley Region Office of the California Regional Water Quality Control Board, and as directed by the Contract Administrator.

6. Hazardous Tree Removal.

- A. Hazardous tree removals shall be done within the County Right of Way as designated by the Hazardous Tree Removal Schedule and as directed by the County's Contract Administrator.
- B. All work shall be done under the direction of a Licensed Timber Operator (LTO) Type "A" as licensed by the California Department of Forestry and Fire Protection (CAL FIRE). All work shall be done to the complete satisfaction of the County and in accordance with all municipal, county, state, federal and local laws, ordinances and regulations applicable to said work. Permits and licenses of any nature, necessary for any and all work, shall be secured and paid for by the Contractor. All work is to be performed in accordance with approved and scientific tree removal practices.
- C. The Contractor will, at all times, in the performance of this contract, exercise due care and caution for the safety and welfare of the workmen employed on the job, bystanders and property. Prior to felling trees, the Contractor shall notify the County as to any hazard tree that has any part of the tree within ten feet (10') of an overhead electric line. The County will coordinate with Pacific Gas and Electric (PG&E) to determine who will fell the tree and will direct the Contractor accordingly. Trees which hang up in standing timber will be released immediately. Contractor must minimize damage to residual trees. The County may require the Contractor to mulch-leave trees that have been significantly damaged by Contractor (broken top, multiple equipment scars, equipment scarring in excess of twelve inches by six inches [12" x 6"] on the trunk, or an area encompassing more than two-thirds of the trunk circumference). Additional removal due to damage by the Contractor will be at the Contractor's expense. The Contractor will take all reasonable care to avoid

damage to the roots, bole, and crown of trees to be reserved from cutting. Any tree damaged by the Contractor beyond recovery (will die within one [1] year due to damage) will be removed at the Contractor's expense or otherwise treated by the Contractor as approved by the County's Contract Administrator.

- D. The Contractor is advised that the work is in a Wildland Fire Area and during the summer months the fire hazard is EXTREME. Fire safe conduct by the Contractor and Contractor's employees is to be observed at all times. Each vehicle must have a properly serviced fire extinguisher and a minimum of one (1) fire tool per cutting crew member and five (5) gallons of water. All vehicles and motorized equipment must utilize effective manufacturer-certified spark arresters and muffler systems.

If at any time during the progress of this contract it may be necessary to shut down operations due to Emergency Operations by the County in response to a wildland fire, the delay will be considered a right of way delay and the Contractor will be compensated for the delay in conformance with the provisions in Section 8-1.07C, "Payment Adjustments," of the Standard Specifications.

- E. All issues and concerns of adjacent property owners and others shall be referred to the County's Contract Administrator. Chips or debris must not be propelled onto the neighboring lands. No woody material is to be left on or piled up against boundary fences. Work may need to be completed by Contractor by hand near property boundaries in order to meet this standard. Roads, trails, and other improvements, including but not limited to gates, fences or signs damaged by Contractor will be repaired to a like or better condition as that found prior to the start of work. Repairs may include repairing or replacing drainage control features. Significant damage to existing roads, trails or other improvements, caused by Contractor, must be repaired by Contractor at Contractor's expense within ten (10) working days of notification by the County.
- F. Stumps will be cut flush to the ground surface and shall not exceed a height of four inches (4") measured at the high side of the stump. No excavation or grinding below the original surface grade is allowed. No exposed root balls should be created by this project; however, any exposed root balls created during this project will be tipped back into an upright position or grinded by the Contractor. Each tree shall be felled and loaded for removal as appropriate for its disposal method. Material may be chipped and left on site as site conditions allow. Although specific sites for wood chip broadcasting have not been identified, sites would include areas where the County has available Right-of-Way and the County's Contract Administrator not deem it a threat to sensitive habitat or species. The trees to be removed are within the County Right-of-way but many may not have available Right-of-Way opposite the road.
- G. Wood chips broadcasted on site must not be placed thicker than four inches (4") in any location. Wood chips must be placed on grades in a way that will allow for the migration of materials, or greater than twenty percent (20%) plus or minus two percent (+/- 2%). Wood chips must also not be placed in or next to drainage ditches or swales. The Contractor shall show a preference for the use of mechanical equipment to load and reasonably compact debris into trucks and trailers.
- H. The Contractor shall develop a tree removal plan to include in staff briefing. The tree removal plan shall include hazard tree felling and removal, hauling and disposal of trees and stumps to final disposal site(s) designated by the Contractor and approved by the County. Disposal Sites shall have the proper permits to operate under Local, State, and Federal which may include, but are not limited to, California Department of Resources Recycling and Recovery (CalRecycle), Use, environmental, Water Board and permits.

- I. The contract price paid per tree for Hazardous Tree Removal includes full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved in the removal of the Hazardous Tree, including removal of materials, cleanup and disposal of tree and debris, depressions and other ground disturbance, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the County's Contract Administrator.
7. Debris Management Site. Debris Management Site shall comply with Section 13, "Water Pollution Control," and Section 14, "Environmental Stewardship" of the Standard Specifications. Attention is directed to "Water Pollution Control" of these special provisions for reference to terms, documents, and manuals utilized in preparing Water Pollution Control.
 - A. A Debris Management Site shall be identified by the Contractor and submitted to the County for approval by County, State, and Federal representatives. Arrangements for these sites shall be the responsibility of the Contractor. The Contractor shall also be responsible for any required permitting, including temporary use or environmental permits.
 - B. A Debris Management Site layout and ingress and egress plan shall be submitted and approved by the County's Contract Administrator for any site used by the Contractor. Any site shall have a Land Lease Agreement which shall be inclusive of all the time the Contractor will be present at the site, beginning with baseline environmental study and ending once the property owner takes back ownership. The agreement shall include a baseline environmental evaluation of the site before the occupation by the Contractor and an environmental evaluation before returning the property to the owner.
 - C. The contract lump sum price paid for Debris Management Site shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals for doing all the work involved in performing waste management and hazardous materials pollution control practices and doing all the work involved in responsibly overseeing the construction site management as specified in the Standard Specifications, these special provisions, and as directed by the Contract Administrator, including payment of any permitting fees applicable to the Contractor, as specified in the Standard Specifications and these special provisions, the Central Valley Region Office of the California Regional Water Quality Control Board, and as directed by the County's Contract Administrator.
 8. Project Contingency Services. This item of work provides for unanticipated services or costs necessary to successfully complete the Project. Contractor shall not undertake any services under this Item of Work without the express written approval of County.

ADDITIONAL CONSIDERATIONS

- A. Air Pollution Control. Air pollution control shall comply with the provisions in Section 14, "Environmental Stewardship," of the Standard Specifications and these special provisions.

Material to be disposed of shall not be burned unless the Contractor has obtained a permit to burn combustible material resulting from clearing and grubbing operations from an air pollution control officer of the local or regional authority. A copy of the permit shall be filed with the County's Contract Administrator before beginning any burning. All such burning shall be conducted in strict conformance with the provisions stipulated in said permit and at such times and in such manner as to prevent the fire from spreading to areas adjoining the right of way.

- B. Holidays. The designated legal County holidays, upon which general prevailing hourly wage rate for holiday work shall be paid, shall be the following:

Holiday	Day Observed
New Year's Day	January 1st
Birthday of Martin Luther King, Jr.	3rd Monday in January
President's Day	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th
Labor Day	1st Monday in September
Veterans Day	November 11th
Thanksgiving Day	4th Thursday in November
Day after Thanksgiving Day	Day after Thanksgiving Day
Christmas Day	December 25th

When a designated legal holiday falls on a Saturday, the preceding Friday shall be designated as the legal holiday. When a designated legal holiday falls on a Sunday, the following Monday shall be designated the legal holiday.

- C. Notifications. The Contractor's attention is directed to the fact that no sustained interruption in the use of public transportation or emergency services can be accommodated. Public transportation companies and emergency services shall be notified in writing, and include a schedule of affected areas and times, a minimum of ten (10) business days prior to the start of work.

D. Schools and Businesses.

- i. No sustained interruption in access to adjacent schools, businesses, or use of the roadway critical for student drop off access can be accommodated. A minimum of ten (10) business days prior to commencing work in the vicinity of adjacent schools or businesses operations, the Contractor shall contact the various school superintendent and principal offices, school bus transportation managers, and business owners, provide them written notification of the intended schedule. In all cases, the Contractor shall verify that each entity has been individually notified.
- ii. The Contractor shall leave all traffic lanes open to traffic until starting the work during the predetermined and pre-noticed work hours. The Contractor shall coordinate the work so that all lanes shall be re-opened to traffic at the conclusion of daily operations by the specified time each workday.
- iii. Full compensation for conforming to the requirements of this provision shall be considered as included in prices paid for the various contract items and no additional compensation will be allowed.

- E. Cooperation. Attention is directed to Section 5-1.36, "Property and Facility Preservation," of the Standard Specifications and these special provisions:

- i. Should construction be under way by other forces or by other contractors within or adjacent to the limits of the work specified or should work of any other nature be under way by other forces within or adjacent to those limits, the Contractor shall cooperate with all the

other contractors or other forces to the end that any delay or hindrance to their work will be avoided. The right is reserved to perform other or additional work at or near the site (including material sources) at any time, by the use of other forces. The Contractor shall permit such forces passage through the work to transport materials and equipment to the site of their operations.

- ii. In the event that two (2) or more Contractors are employed on related or adjacent work, or obtain materials from the same material source, each shall conduct their operations in such a manner as not to cause any unnecessary delay or hindrance to the other.
- iii. The Contractor shall be responsible to the other for all damage to work to persons or property caused to the other by their operations, and for loss caused the other due to unnecessary delays or failure to finish the work within the time specified for completion.
- iv. The Contractor shall comply with the requirements of “Cooperation”, which shall be considered as included in the prices paid for the various contract items of work and no additional compensation will be allowed.

F. Materials. The Contractor shall furnish all materials as described in the items of work or as otherwise required to complete the work under this contract. Attention is directed to Section 6, “Control of Materials,” of the Standard Specifications and these special provisions:

- i. Weighing and Measuring Devices - The Contractor and/or suppliers shall bear the expense of all service fees for testing and approving of commercial and non-commercial weighing, measuring, and metering devices. The cost of the equipment, labor, and materials furnished by the Contractor to assist in the testing of the weighing, measuring or metering devices will be considered as included in the contract prices paid for the various items of work requiring said weighing, measuring, or metering and no separate payment will be made, therefore.
- ii. Surface Mining and Reclamation Act –
 - a) Attention is directed to the Surface Mining and Reclamation Act of 1975, commencing in Public Resources Code, Mining and Geology, Section 2710, which establishes regulations pertinent to surface mining operations.
 - b) Material from the mining operations furnished for this project shall only come from permitted sites in compliance with the Surface Mining Reclamation Act of 1975.
 - c) The requirements of this section shall apply to all materials furnished for the project, except for acquisition of materials in conformance with Section 4-1.04, “Use of Materials Found on the Job Site,” of the Standard Specifications.
- iii. Pre-qualified and Tested Signing and Delineation Materials - The California Department of Transportation maintains a list of Pre-qualified and Tested Signing and Delineation materials. All signing and delineation materials shall comply with the California Department of Transportation pre-qualified and tested signing and delineation materials list found at:

http://www.dot.ca.gov/hq/esc/approved_products_list/

Select the “Signing Delineation Materials” link from the web page above to obtain the list of approved products.

The manufacturer of products on the list of Pre-qualified and Tested Signing and Delineation materials shall furnish the County's Contract Administrator a Certificate of Compliance in conformance with the provisions in Section 6-3.05E, "Certificates of Compliance," of the Standard Specifications for each type of traffic product supplied.

Exhibit D

IRAN CONTRACTING ACT CERTIFICATION

(Public Contract Code section 2200 *et seq.*)

As required by California Public Contract Code section 2204, you certify subject to penalty for perjury that the option checked below relating to your status in regard to the Iran Contracting Act of 2010 (Public Contract Code section 2200 *et seq.*) is true and correct:

- Y You are not:
 - (i) identified on the current list of persons and entities engaging in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code Section 2203; or
 - (ii) a financial institution that extends, for 45 days or more, credit in the amount of \$20,000,000 or more to any other person or entity identified on the current list of persons and entities engaging in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code section 2203, if that person or entity uses or will use the credit to provide goods or services in the energy sector in Iran.

- Y The Authority has exempted you from the requirements of the Iran Contracting Act of 2010 after making a public finding that, absent the exemption, the Authority will be unable to obtain the goods and/or services to be provided pursuant to the contract.

- Y The amount of the contract payable to the you for the work does not exceed \$1,000,000.

Signed _____

Titled Chief Executive Officer

Firm Kingsborough Atlas Tree Surgery, Inc.

Date _____

Note: In accordance with Public Contract Code section 2205, false certification of this form shall be reported to the California Attorney General and may result in civil penalties equal to the greater of \$250,000 or twice the contract amount, termination of the contract and/or ineligibility to bid on public contracts for three years.
