RE: El Dorado Western Railway
Item # 57, 07-29-10 Agenda
Project # 10-0682

Dear Board of Supervisors,

I would like to express my support for the development of the El Dorado Western Railway. The proposed resolution is a community builder for the community of El Dorado. The Railway is part of that area's heritage and culture.

Hangtown Trade School is located just down the street. What a great opportunity it would be to add railroading to the school's technical and trade programs. The working park could be a place of connection for the youth and retired generations. Being close to Highway 50 and on the Historic 49 route I see the rail park as a boost to the area economically and where we can share the history of El Dorado County with others.

I appreciate all of the labor of love that has gone into the railway endeavor and hope that the Board will support this project, thereby keeping this history in tact for all generations to enjoy.

Sincerely,

Sue Taylor
