DJI PHANTOM 4 RTK W/GROUND STATION CASE

MANUFACTURER PART NO:

GPC-DJI-P4-RTK-SUR

<https://goprofessionalcases.com/dji-p4-rtk-sur.html>

Support & Service:

- Aerotas will assemble, update, and QC every piece of equipment so that when you receive the aircraft, you are ready to fly. No need to worry about updating the firmware, creating accounts, installing software, linking radio remotes, or troubleshooting minor issues. Your system is ready to go straight out of the box.
- FAA Registration (Aircraft will be delivered pre-registered with the FAA in compliance with FAA Part 107)
- DJI Enterprise Shield which covers two product replacements for damaged DJI drones within

12,500.00  
x 1  
12,500.00

the one-year coverage period

- DJI Hardware Support & Service (Aerotas will facilitate all interactions with DJI Support)
- Checklists & procedures documentation for the Aerotas Mapping System
- Personal Onboarding
- Prioritized Support
- Phone & Email Support for one-year (evergreen if Yakima County continues to use Aertotas to process drone-collected data)
- Flight Ops/Mission Planning Support

I was very impressed with how quickly Aerotas reached out in person to find

Quick turnaround- even quicker if you pay the extra cost. If problems exist

The personnel at AEROTAS are extremely knowledgeable and helpful.

out more about my project and offer insight into how it needed to be conducted in order to get the best results for my specific clients requirements.

*by Kevin Oneil*

they are easily contacted and help in resolving your issue. They make our job less complicated and they are a great company to be involved with.

*by Rusty Combest*

Their service is without equal. As a business owner I count AEROTAS as one of my go to vendors. They consistently under promise and over deliver. For the purchase ...
