Good afternoon,

I am writing you today concerned about a petition to stop local hemp faming in EDC. As a disabled veteran I must stress the health and wellness benefits of hemp, CBD in particular. It has completely gotten me off of pain medication and back to being a productive member of society. Hemp is most definitely not cannabis and is tested to ensure a very very low thc level (it doesn't get you high which is why I'm now a productive man). Over the past few months EDC has been stressing to shop local and eat local. WELL KEEP THE HEMP FAMING LOCAL ☐. Good wholesome people wanting to help disabled vets like me. Not druggies getting high. Thank you for your time.

Respectful,

Mike
