To whom it may concern, My family and I think that the proposed Reverie Retreat will be a valuable asset to our community. We are the closest neighbor to the proposed project and have worked with the Owners on many issues like fire hazard removal and have found them to be both helpful and gracious. The owners of the property have been extremely considerate of us and our other neighbors, they have stepped up on notable occasions for the safety and security of our neighborhood and are valued members of our community.

We believe they will be just as considerate and helpful to us and the other neighbors with this project.

Sincerely, Guy Nixon
