### MEMORANDUM

DATE: May 9, 2011

TO: El Dorado County Board of Supervisors

FROM: Chief Greg Schwab, Chairman, Board of Directors and Marty Hackett, JPA Executive Director

SUBJECT: EMS Week Recognition

---

In recognition of EMS Appreciation Week, the JPA would like to recognize the following individuals for their continued commitment and dedication.

- Assistant Chief Mike Hardy, El Dorado County Fire, for his leadership on the EPCR Committee.
- Chief Greg Schwab, Georgetown Fire, for his leadership on the 12-Lead project.
- Engineer/ Paramedic Corrine Staves, Garden Valley Fire, for her many years of providing quality EMS training to all departments in EDC.
- Assistant Chief/EMT Mike Currie, Georgetown Fire, for his service to the District since 1986. Chief Currie has held the ranks of Firefighter, Engineer, and Captain before his promotion to Assistant Chief in 1996. He has spent the last thirty years as a first responder who has been to thousands of emergency calls. All of the work he does has been without compensation. He is a shining star example of what volunteer firefighters and first responders do for their communities. Chief Currie spends hundreds of hours each year responding, teaching, and administering for the Georgetown Fire Department. Chief Currie's service is what Georgetown Fire is all about – neighbors helping neighbors.
- Captain Manny DeAquino, El Dorado County Fire, for his twenty one years of service and dedication to the EMS system of El Dorado County and to the El Dorado County Fire Protection District. Captain DeAquino started his career as a Fire Fighter/Paramedic in 1990 with El Dorado County Fire Protection District and immediately began to make a difference. He became a Field Training Officer, who mentored and trained countless other new firefighter/paramedics. He has served on numerous EMS Committees including, Medical Advisory Committee, Fire Fighters for Patient Care and the WAC, (Weidmer Advisory Committee). All of which were precursors to the current JPA and the EMS system as we know it today. He served as El Dorado County Fire's QA coordinator, FTO coordinator and authored El Dorado County Fire's Firefighter/Paramedic Readiness Evaluation Policy.
