**Purpose:** Briefly describe how the funds will be used to serve veterans in El Dorado County (e.g., To provide essential services and support to veterans in need, including housing assistance, transportation, meals, and wellness programs.)

The requested funding will be used to provide 7,162 nutritious, home-delivered meals to 125 home-bound El Dorado County veterans aged sixty and older. Each veteran – whether temporarily or permanently home-bound – will receive seven meals per week for a period of two months. Dedicated and caring volunteers will deliver these meals Monday through Friday, offering not only a nutritious meal but also regular wellness check-ins that provide peace of mind for both the veterans and their families. At a cost of \$11.17 per meal, this program represents a significant investment in senior health and independence. The funds requested will help the County offset the rising costs of operating the Senior Nutrition program, ensuring that nutritious meals and essential social contact remain accessible to vulnerable older veterans. This support promotes overall wellness and enables older veterans to continue living independently and with dignity in their own homes.
