

El Dorado Governmental Affairs Committee
of the Sacramento Builders' Exchange

January 25, 2008

Delivered Via E-mail

El Dorado County Supervisors and Staff:

Founded in 1901 and serving over 1,500 member companies, the Sacramento Builders' Exchange is the oldest and largest construction industry-related trade association in the Greater Sacramento region. The Exchange's membership is a cross section of the commercial, research & development, and industrial construction industry with both union and non-union membership. Our new El Dorado Governmental Affairs Committee is composed of Exchange members who have offices in El Dorado County.

We are encouraged by the effort that the County's staff and the Board have made to "set the table" for future employment generating projects in El Dorado County through the Economic Development Strategies of agenda item #25. These recommendations, if enacted and employed, can directly reduce the time required to get a construction projects underway and put new jobs in the county.

We are in **STRONG SUPPORT** of the Board enacting all of these magnificent recommendations provided by staff. Our only request is that the Board set timelines to ensure swift enactment of the individual items.

If you have any questions call our Governmental Affairs Coordinator Josh Wood at (916) 442-8991.

Sincerely,

Michael Kozlowski, AIA
