OFFICE OF COUNTY COUNSEL
INTER-DEPARTMENT MEMORANDUM

TO: Kevin Gilliland
FROM: Mike Ciccozzi, Deputy County Counsel 
DATE: March 3, 2008
RE: New Point Group contract amendment, #026-A-07/08-BOS

Kevin,

As requested I have reviewed the New Point Group contract amendment and I have the following suggestions:

1. The amendment indicates that it is to increase the compensation by \$15,000. It then goes on to state the "not to exceed" amount of \$88,320. However, the original contract had a "not to exceed" amount of \$72,320. I suggest changing the "not to exceed" amount of the amendment to \$87,320 to bring the math into line.
2. Exhibit 1-A attached to the amendment sets forth the additional scope of work under the agreement. However at several points in Exhibit A-1, the word "we" is used to describe the party who is to perform a function. The use of the word "we" is ambiguous as it may refer to either the County or the Contractor. I have marked up the exhibit to reflect my best estimate of who is being referred to by "we". Some I have not changed as the party being referred to is not clear from the context. Please make the appropriate changes so as to clarify the party with the responsibility for those functions.

I have approved the amendment as to form and suggest that the above changes be made prior to submitting the amendment to the Board for approval. If you have any questions please feel free to call. Mike.

SCOPE OF WORK

First Amendment

Additional NewPoint Group Task to Evaluate County Franchise Agreement Extension Options

In this additional task, NewPoint Group will conduct an assessment of the following four (4) options available to the County related to franchise agreement extensions:

1. Franchise Extension with Additional Free Services - a new franchise agreement could require the Contractor to provide certain new services at no cost to the County or ratepayer (i.e., as a non-allowable cost). New services could include new residential and commercial recycling programs, free collection services at County facilities, or potentially a new Resource Recovery Facility or Material Recovery Facility
2. Franchise Extension with Option for County to Purchase Contractor Facilities – a new franchise agreement could provide the County with the right, or option, to purchase the facility when the franchise agreement terminates, or the Contractor sells the business. The County also could assign this right, or option, to a Joint Powers Authority (JPA), if desired
3. No Franchise Extension and Use Competitive Bidding Process - the County could put the franchise out to competitive bid. This process would occur approximately two (2) years prior to expiration of the current franchise agreement. A two-year timeframe is required because the bid process requires that much lead time before the County can award a contract and a new hauler can begin operations
4. No Franchise Extension and County Provides Refuse Collection Services – in this option the County would not extend the franchise and would instead perform its own refuse collection operations.

In a letter report, NewPoint Group will clearly describe the County intent for each of these four (4) options. NewPoint Group will develop “pros” and “cons,” of these four (4) options for County consideration and use in negotiations with its franchised haulers. NewPoint Group will prepare a comparison table of the “pros” and “cons” of each option so the County can clearly see differences between the options. NewPoint Group will show how these four (4) options compare in terms of:

- Process requirements
- Ratepayer impacts
- Quality of service impacts
- Service level impacts
- System cost impacts.

NewPoint Group expects most of the comparisons between these options will be more descriptive and qualitative, rather than quantitative. NewPoint Group will use relative differences between the options (e.g., high, medium, low, or large, moderate, small). To the degree possible, NewPoint Group will try to estimate high-level, “order of magnitude,” cost and rate impacts to the County for these various options.

**Additional NewPoint Group Task to Evaluate
County Franchise Agreement Extension Options (continued)**

NewPoint Group also will provide the County with some sample terms and conditions recently used by other jurisdictions in their negotiations of franchise extensions. Examples of these terms and conditions include:

- Caps on future interim year rate changes
- Caps on tipping fees (allowed with profit)
- Customer service enhancements (web site, newsletter, online billing)
- Franchise fee increases
- Franchise reassignment fees
- New on-call pickup services
- New diversion enhancement programs
- Performance penalties/incentives
- Rate freezes.

Where possible, NewPoint Group will discuss with each of the franchise haulers their initial ideas, for franchise extension terms, so NewPoint Group can identify those potentially preferred terms and conditions. NewPoint Group will identify how these various terms and conditions benefit the County, ratepayer, and/or hauler.

Deliverable: Letter Report Comparing Four (4) Franchise Extension Options
