Attached please find the digitally signed blue route and approved agreement.

Tania: please note the indemnity provision (Section 14) where the EDSO waives any rights of express or implied indemnity or right of contribution against the City arising out of the lease. This means that the EDSO's ability to recover from the City for third-party claims filed against the EDSO will be limited, even if they share fault for what happened.

Attached are docs for review and approval. Please note that this contract is for a new lease rate that becomes effective on Jan 1, 2023. In order for this to be processed and signed by that date, and to avoid having a retroactive Lease, we are asking for an expedited review of this document.

Thanks for your understanding.
