WHEREAS, on December 4, 2024, Contractor was formally approved for as-needed sludge removal, transportation, and disposal services, as the result of competitive Request for Proposals (RFP) 24-0109;

NOW, THEREFORE, County and Contractor mutually agree as follows:

ARTICLE I

Scope of Work: Contractor is engaged in the business of doing the services and tasks required under this Agreement, including those services and tasks that are identified in Exhibit A, marked "Scope of Work," incorporated herein and made by reference a part hereof, and those services and tasks that are reasonably necessary for the completion of the work identified in the Scope of Work.

Contractor agrees to furnish, at Contractor's own cost and expense, all personnel, equipment, tools, materials, permits, licenses, documents, and services necessary to remove, transport, and dispose of dewatered sewage septic sludge, grit, and screenings from the Union Mine Wastewater Treatment Plant on an as-needed basis as required under this Agreement, including those services and tasks that are identified in Exhibit A, and those services and tasks that are reasonably necessary for the completion of the work identified in the Scope of Work.

Before proceeding with any work under this Agreement, the parties will identify the specific services to be provided for each work assignment at a meeting or telephone conference between Contractor and County's Contract Administrator or designee. Following the meeting or telephone conference, County's Contract Administrator or designee will follow the verbal request with an email to Contractor detailing the services to be provided and Contractor will confirm acceptance of the request with a confirmation email in response. No confirmation email will be written which extends beyond the expiration date of this Agreement.

ARTICLE II

Term: This Agreement shall become effective upon final execution by both parties hereto and shall expire three (3) years thereafter.

ARTICLE III

For the purposes hereof, the billing rates (Haul Rate plus Disposal Charge Per Ton) shall be in accordance with Exhibit B, marked "Rate Schedule", incorporated herein and made by reference a part hereof.

The total amount of this Agreement shall not exceed \$300,000, inclusive of all costs, taxes, and expenses. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through confirmation emails.

All of Contractor's and subcontractor's services and deliverables must adhere to and be in full compliance with ARTICLE I, Scope of Work, and shall be made available to County for review and approval at the appropriate stages specified in the Agreement or upon request by County's Contract Administrator.

Contractor has full responsibility for the accuracy and completeness of the deliverables, reports, and such other documents that may be required for the tasks or items of work assigned. Assistance, cooperation, and oversight by County or other regulatory agencies will not relieve Contractor of their professional responsibility.

ARTICLE VI

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

ARTICLE VII

Contractor to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further understood that this Agreement does not create an exclusive relationship between County and Contractor, and Contractor may perform similar work or services for others. However, Contractor shall not enter into any agreement with any other party or provide any information in any manner to any other party, that would conflict with Contractor's responsibilities or hinder Contractor's performance of services hereunder, unless County's Contract Administrator, in writing, authorizes that agreement or sharing of information.

This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE X

Assignment and Delegation: Contractor is engaged by County for its unique qualifications and skills as well as those of its personnel. Contractor shall not subcontract, delegate, or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE XI

Independent Contractor: The parties intend that an independent Contractor relationship will be created by this contract. Contractor is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Contractor exclusively assumes responsibility for acts of its employees, agents, affiliates, and subcontractors, if any are authorized herein, as they relate to the services or work to be performed under this Agreement during the course and scope of their employment by Contractor. Those persons will be entirely and exclusively under the direction, supervision, and control of Contractor.

County may designate the tasks to be performed and the results to be accomplished under this Agreement, provide information concerning the work or services, approve or disapprove the final work product and/or services provided, and set deadlines for the completion of the work or services, but County will not control or direct the manner, means, methods, or sequence in which Contractor performs the work or services for accomplishing the results. Contractor understands and agrees that Contractor lacks the authority to bind County or incur any obligations on behalf of County.

Contractor, including any subcontractor or employees of Contractor, shall not receive, nor be eligible for, any benefits County provides for its employees, including, at a minimum, vacation pay, paid holidays, life insurance, health insurance, social security, disability insurance, pension, or 457 plans. Contractor acknowledges that it has no authority to bind the County or incur any obligations on behalf of the County with regard to any matter and shall not make any agreements or representations on the County's behalf.

ARTICLE XII

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products, or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XIII

Audit by California State Auditor: Contractor acknowledges that if total compensation under this Agreement is greater than \$10,000.00, this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to Government Code section 8546.7. In order to facilitate these potential examinations and audits, Contractor shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the Agreement, all books, records, and documentation necessary to demonstrate performance under the Agreement.

ARTICLE XIV

A. 1. Termination by Default: If either party becomes aware of an event of default, that party shall give written notice of said default to the party in default (notice) that shall state the following:

- a. The alleged default and the applicable Agreement provision, and
- b. That the party in default has ten (10) days upon receiving the notice to cure the default (Time to Cure).

If the party in default does not cure the default within ten (10) days of the Time to Cure, then such party shall be in default and the party giving notice may terminate the Agreement by issuing a Notice of Termination. The party giving notice may extend the Time to Cure at their discretion. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

2. If County terminates this Agreement, in whole or in part, for default:

- a. County reserves the right to procure the goods or services, or both, similar to those terminated, from other sources and Contractor shall be liable to County for any excess costs for those goods or services. County may deduct from any payment due, or that may thereafter become due to Contractor, the excess costs to procure from an alternate source.
- b. County shall pay Contractor the sum due to Contractor under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Contractor under this Agreement and the balance, if any, shall be paid to Contractor upon demand.

- c. County may require Contractor to transfer title and deliver to County any completed work under the Agreement.

- B. Bankruptcy: County may terminate this Agreement immediately in the case of bankruptcy, voluntary or involuntary, or insolvency of Contractor.
- C. Ceasing Performance: County may terminate this Agreement immediately in the event Contractor ceases to operate as a business or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. Termination or Cancellation without Cause: Either party may terminate this Agreement, in whole or in part, for convenience upon thirty (30) calendar days' written Notice of Termination. If such termination is effected, County will pay for satisfactory services rendered before the effective date of termination, as set forth in the Notice of Termination provided to Contractor, and for any other services that County agrees, in writing, to be necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the Agreement. Upon receipt of a Notice of Termination, Contractor shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise.

New certificates of insurance are subject to the approval of Risk Management and Contractor agrees that no work or services shall be performed prior to the giving of such approval. In the event Contractor fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event.

H. The certificate of insurance must include the following provisions stating that:

1. The insurer will not cancel the insured's coverage without thirty (30) days prior written notice to County; and

ARTICLE XIX

Force Majeure: Except for payment obligations with respect to services rendered, neither party will be liable for any delay, failure to perform, or omission under this Agreement that is due to any cause that it is beyond its control, not due to its own negligence, and cannot be overcome by the exercise of due diligence. In that event, the affected party will:

1. Promptly give written notice to the other of the fact that it is unable to so perform and the cause(s) that is beyond its control.

Any spillage of Sludge on County's property, roads, or landfills during the removal and transportation shall be managed, contained, removed, and properly disposed of by Contractor at no cost to County.

Contractor shall pay for all expenses incurred from a spill that occurs during the removal, transportation, unloading, and/or disposal of Sludge. This includes, at a minimum, all expenses from managing, containing, clean-up, removal, environmental testing, remediation, and disposal at a licensed site, if necessary, which may occur from a spill. At the request of County's Contract Administrator, Contractor shall prepare and submit a clean-up response plan which shall comply with all OSHA requirements.

Contractor shall be responsible for any leakage from the trailer upon leaving the Union Mine Disposal Site. If leakage is found by Contractor or County staff, containers shall be held in a holding area specified by County until the leakage source is identified and necessary Repairs (work which is routine, recurring, and usual for the preservation of the useful life of the facility) are determined. Repairs must be made on-site within forty-eight (48) hours by Contractor, or the trailer contents shall be transferred to a non-leaking trailer by Contractor. Both trailers shall then be removed from the Union Mine Disposal Site at no additional cost to County.

Sludge removal, transportation, and disposal services shall include the following, at a minimum:

1. Approximately one thousand four hundred (1,400) tons of wastewater treatment plant solids shall be transported annually.
2. Contractor shall be responsible to obtain required permits at approved disposal facilities and be responsible for any specific permit requirements.
3. County will sample wastewater treatment plant solids and provide analytical data to contractor.
4. Services shall be performed during normal hours of operation from 5:30 am to 5:30 pm, Monday through Friday. Hours of operation for holidays are the same as above with the exception of Christmas and New Year's Day, in which no services will be requested by County.
5. For non-urgent or non-immediate services, County's Contract Administrator will request Contractor's services verbally or by email by providing twenty-four (24) hours advanced notice. Contractor shall respond to such request within twenty-four (24) hours of receiving request from County's Contract Administrator.
6. Contractor shall be on-site within two (2) hours of receiving the notification by County's Contract Administrator for urgent or immediate services. Urgent or immediate services shall be defined as services during normal hours of operation.
7. All equipment shall be clean and in good working order.

8. Equipment shall have spill guards and mud flaps, and all dump trailers must be covered.
9. Contractor shall provide necessary equipment to enable staff at the Union Mine Disposal Site to move and weigh each container using County's scale before transporting off-site to ensure the load is not overweight at no cost to County. All containers/trailers must meet all DOT weight requirements.
10. Prior to container(s) being hauled off-site, Contractor shall provide a Non-Hazardous Waste Manifest for each date of service that clearly indicates generator information, customer/billing information, transporter information, disposal site information, description of waste, and any other documentation as directed by County's Contract Administrator. In no event shall Contractor leave the Union Mine Disposal Site without submitting a Non-Hazardous Waste Manifest. Invoices that include the weight tickets from the licensed disposal site shall be mailed to County's Contract Administrator on a routine basis, but not less than one (1) time per month. The weight documented on the weight tickets from the licensed disposal site shall be the actual weight used for invoicing purposes.
11. Sludge shall not be stored off-site at any time.
12. Contractor shall be allowed to store a reasonable amount of tools and equipment at the Union Mine Disposal Site as determined by County's Contract Administrator; however, County assumes no liability for loss or damage of said tools or equipment.

At the request of County's Contract Administrator, or designee, Contractor shall provide additional/alternate waste disposal services such as the removal, transportation, and disposal of green waste, MSW, and recyclable metals, using County supplied roll-off twenty (20) yard containers, or other containers mutually agreed upon by County and Contractor. County staff will load the alternate waste in the approved containers and contact Contractor to schedule the service. Contractor shall provide such services consistent with the Sludge services and schedule as specified above. For any services not included in this Exhibit and determined to be necessary by County during the term of this Agreement, Contractor shall provide County's Contract Administrator with a written quote and/or rates in advance of performing such service, at which time County's Contract Administrator may elect to add such services to this Agreement, upon written acceptance and notification to Contractor.
