District III	Brian Veerkamp
District IV	Lori Parlin
District V	Brooke Laine

RE: RATIFICATION OF THE 2025 CALIFORNIA FIRE CODE DUE TO LOCAL CLIMATIC, GEOLOGICAL, AND TOPOGRAPHIC CONDITIONS.

Supervisors,

Attached are the 2025 California Fire Code adoption packets for El Dorado County fire districts. These changes to the California Fire Code have been adopted by the Board of Directors for each local fire agency.

To ensure a consistent level of safety for the community and first responders, as well as continuity for the building industry, all 2025 Fire Code adoption ordinances have been aligned, with only minimal differences based on the climatic, geological, and topographic conditions unique to each region (e.g., snow, lakes, etc.) for the following fire districts:

1. Cameron Park Fire Department
2. Diamond Springs-El Dorado Fire Protection District
3. El Dorado County Fire Protection District
4. El Dorado Hills County Water District (El Dorado Hills Fire Department)
5. Lake Valley Fire Protection District

The following fire districts plan to adopt the 2025 California Fire Code; however, due to current operational response needs, adoption is anticipated to be completed in late 2025 or early 2026:

1. Pioneer Fire Protection District:
2. Rescue Fire Protection District
3. Meeks Bay

4. Garden Valley
5. Georgetown
6. Mosquito
7. Fallen Leaf Lake Community Services District Fire Department

We are confident that these resources will provide the Board of Supervisors the information needed to ratify each district ordinance.

Thank you for your attention to this matter,

Dustin Hall
Interim President - El Dorado County Fire Prevention Officers
