Dear Mr. Turnboo,

I am one of your constituents in District Two. I'm writing to urge you to drop your proposed resolution opposing Proposition 50. The voters of El Dorado County can make up their own minds on this **state** issue. Please confine your actions and pronouncements to local issues. That's what you were elected to do. Weighing in on broader issues is a waste of time and taxpayer dollars.

To the Board of Supervisors

To the Clerk of the Board:

I vehemently oppose the endorsement of a No on Proposition 50 submitted by Supervisor Turnboo. The Board nor should any member use his/her office to influence a State election. A yes on Proposition 50 is important because it:

- **Levels the playing field**: Makes sure next year's mid-term elections are conducted on a level playing field without an unfair advantage for Republicans. President Trump told Texas lawmakers that he needed five more republican congressman so Texas redrew district voting borders to give Trump the five congressmen.
- **Commits to fair redistricting**: Reaffirms California's commitment to independent redistricting and calls on all states to commit to fair and impartial maps.
- **Gives voters the power**: Puts the power in the hands of the People of California to approve emergency congressional district maps.
- **Is fair and proportional**: Prop 50 provides emergency maps only because Republicans moved forward with their power grab.
- **Is temporary**: These maps expire in 2030. The Election Rigging Response Act preserves California's award-winning redistricting reforms and reaffirms the California Redistricting Commission's authority to draw congressional districts after the next census.
- More information at: stopelectionrigging.com

This is why a yes vote on Proposition 50 is important but that is a personal view and I am not suggesting the Board of Supervisors endorse my view any more than they should endorse Supervisor Turnboo!!!

To the members of the El Dorado BOS,

Please DO NOT VOTE TO OPPOSE PROPOSITION 50!!!

Trump is a convicted felon, convicted rapist and an ADJUDICATED INSURRECTIONIST!!

He is trying to rig the 2026 election because he knows along with his corrupt cabinet and the GOP that they are failing miserably to do their job by NOT providing the checks and balances our founding fathers intended!! The only way they can stay in power is by cheating!!

The trump regime is dismantling our government in a way that has Putin and the other dictators in the world celebrating the fall of our democratic republic!!

Trump is attacking US citizens and building a private police force that is absolutely out of control!! His regime is cutting funding for California and threatening our Medicare and Social Security! He has dismantled every agency that the Congress has created through decades to protect every American!

Do not support Turnboo's anti-American resolution! With this resolution he has disgraced himself and has shown that he supports the worst most corrupt presidency in American history!!

Trump said, "Vote for me and you'll never have to vote again!"

Read the writing on the wall!

Stand with the majority of Californian's and vote against this terrible Turnboo resolution!!

Dear Supervisors,

No matter what one's party affiliation, I personally vote as an independent, the sophistry pretending that prop 50 is fair to anyone but the Democratic agenda is disingenuous, and ought to be opposed. As leaders of this county, you are free to voice your personal opinion on this, but I believe supervisor Turnbo is voicing the right one, and he has every right to advocate for it. The Independent Commission established to create transparency and fairness by the people of California will be cynically overthrown for partisan advantage.

Hello,

As a resident of El Dorado Hills and EDC, I am in strong support of Supervisor Turnboo's resolution to show a strong OPPOSITION to PROP 50.

This is obviously a con game by the Democrat party to try and take an even more lopsided balance of power given to the Democrats.

Already, the percentage of registered Republicans in the state of California is a significantly higher percentage than the actual number of Republican representatives in the House. Republicans in the House are not fairly representative of the population.

And our Democratic Governor Gavin Newsom wishes to make that discrepancy even more!

Thank you for taking a stand.

As a resident of District 2, I wanted to express my concern over the proposed Prop 50 resolution being considered by the BOS. This is supposed to be a non-partisan body, and the supervisors' personal political positions should really be set aside as they serve their public function. It is also my understanding that it is illegal to use local government resources and funds to advocate on a partisan issue.

I have lived in Placerville since 1999 and I am writing to request that the Board of Supervisors (BOS) remain nonpartisan and not support Item 41 proposed by Supervisor Turnboo.

Supervisor Turnboo recommending the Board adopt and authorize the Chair to sign Resolution 136-2025 opposing Proposition 50.

(1) This resolution presents a partisan (e.g. Republican) point of view.

(2) As referenced in the Board, Committee & Commission Handbook section referenced below:

The BOS is supposed to represent the entire county, not just one political party.

This resolution discriminates against the many individuals and organizations in El Dorado County that are in favor of Proposition 50.

8. Members shall not grant any special consideration, treatment, or advantage to any person beyond that which is available to every other person in similar circumstance. No person shall be favored or discriminated against with respect to the business of the board, committee, or commission because of family or social relationships, sex, race, religion, national origin, ancestry, marital status, age, physical disability, mental disability, medical condition, political opinion, or political affiliation. To Clerk of the Board and Supervisors:

I urge you to vote down Supervisor Turnboo's resolution to oppose California Prop 50.

This statewide proposal does not affect governance of El Dorado County. VOTERS should decide the fate of Prop 50, not Supervisor Turnboo and not the BOS.

Personally I am in support of Prop 50. While I would like to see ALL voting district lines in ALL states drawn by independent commissions, that idea was voted down at the national level by Republicans. Since President Trump and state of Texas are trying to unfairly redraw the lines to rig the votes in Texas, WITHOUT any Texas voter buy in, Prop 50 will TEMPORARILY level the playing field at the national level. Then the lines will once again revert to impartial maps in 2030.

Prop 50 lets all voters in California weigh in and have their say.

BOS should not attempt to influence this vote; Resolution 41 should NOT be adopted.

To the El Dorado County Board of Supervisors,

We are writing to urge you not to oppose Proposition 50, the Election Rigging Response Act. This measure is not about partisan politics — it's about protecting the integrity of our democracy and ensuring that California's elections remain fair, transparent, and representative of the will of the people.

Proposition 50:

- Levels the playing field: It guarantees that next year's midterm elections are conducted without an unfair advantage for any political party.
- Commits to fair redistricting: It reaffirms California's proud commitment to independent redistricting and calls on all states to uphold fair, impartial maps.
- Empowers voters: It puts decision-making power in the hands of the People of California, allowing them to approve emergency congressional district maps when circumstances demand it.
- Provides a proportional response: Prop 50 offers emergency maps only because a partisan power grab made them necessary.
- Is temporary: These maps expire in 2030. The Act preserves California's award-winning redistricting process and reinforces the authority of the California Redistricting Commission after the next census.

This isn't politics as usual — it's an emergency for our democracy. Californians deserve elections that reflect fairness and public trust, not manipulation or partisanship.

BOS Rcvd 10/17/25 # 41

We respectfully ask that you support Proposition 50 and stand on the side of fair representation for all Californians.

Dear Supervisors,

I support the Board Chair's proposed action.

During 2021, the state spent a lot of money, and the 2020 California Citizens Redistricting Commission (the Commission) held dozens of public meetings seeking input from Californians regarding redistricting. The Commission's work product was accepted by most Californians and most Californians believed that the Commission attempted to be fair and nonpartisan.

The redistricting maps proposed by Proposition 50 are highly partisan.

El Dorado County Board of Supervisors,

We are writing to strongly encourage your support for Proposition 50, the Election Rigging Response Act. This measure transcends partisan politics; it is fundamentally about safeguarding the integrity of our democracy and ensuring that California's elections remain fair, transparent, and truly representative of the people's will.

California has long been a leader in defending democratic principles, and as Californians, we have a responsibility to uphold and champion these values. As both Americans and Californians, we deserve elections that are grounded in fairness and public trust, free from manipulation by political pressures, including directives from the President or partisan bias. Our democracy should reflect the guiding principle of being "By the People, For the People."

Here are facts about Proposition 50:

- Levels the playing field: It guarantees that next year's midterm elections are conducted without an unfair advantage for any political party.

*Prop 50 provides **emergency maps** ONLY because Texas Republicans moved forward to redraw the boundaries to create five additional Republican-leaning districts aimed to flip five Democratic-held seats to favor Republicans, enhancing their chances in the upcoming 2026 midterm elections.*

- Is temporary: These maps expire in 2030. The Act preserves California's award-winning redistricting process and reinforces the authority of the California Redistricting Commission after the next census.
- Commits to fair redistricting: It reaffirms California's proud commitment to independent redistricting and calls on ALL states to uphold fair, impartial maps.
- Empowers voters: It puts decision-making power in the hands of the People of California, allowing them to approve emergency congressional district maps when circumstances demand it.
- Provides a proportional response: Prop 50 offers emergency maps only because a partisan power grab made them necessary.

BOS Rcvd 10/17/25 # 41

- Prop. 50 ask voters to decide if the section pertaining to the Citizen's Redistricting Commission in the state Constitution should be amended to substitute new Congressional maps through the 2026, 2028 and 2030 elections only.

This isn't politics as usual — it's an emergency for our Democracy.

Thank you for considering this vital legislation.

Dr. and Mrs. Brandt
