Subject: RE: Please pull Item #1 from 6/17 Consent Calendar - 6/10 Minutes Item #87

The credibility of this response is very difficult to swallow.

I find it hard to believe that the Clerk to the Board wrote this email under his own authority without help from County Counsel. Furthermore sending it out on Sunday evening at 10:09 PM appears to be a desperate attempt to CYA. Am I to presume county staff is being paid overtime to respond to such requests at the expense of taxpayers?

You also neglected to respond to the question regarding delinquent CPRAs relevant to Item #87 of the 6/10 minutes. Did that have anything to do with this Proposition 42 article in the Sacramento Bee? <http://www.sacbee.com/2014/06/15/6479939/with-proposition-42s-passage-californians.html>

Please pull this item from Consent for public discussion as originally requested.

Ms. Lane,

The comments you submitted at the June 10th meeting are indeed attached to the item, however county staff are in the process of bringing this agenda file (14-0141) back to the Board on June 24th rendering the file closed until the agenda for June 24th is ready for publishing later this week. As a result of a limitation of the county's agenda system, prior versions of a given

agenda file are not viewable while a new version is being developed for future Board action. This limitation applies to a given file in its entirety, not just your comments.

Granicus is developing a permanent solution to this limitation and we've attempted to mitigate the problem by placing a note on files that are temporarily unavailable, reading:

El Dorado County staff are developing a new version of this agenda file. If you require immediate access to the previous version(s) of this agenda file, please contact the office of the Clerk of the Board.

Please contact my office if you require any or all prior versions of this file in hard-copy or electronic form.

Jim Mitrisin
Clerk of the Board of Supervisors
County of El Dorado

Please pull Item #1 from the 6/17 Consent Calendar for public discussion relevant to the 6/10 BOS minutes.

1. [14-0807](#) Clerk of the Board recommending the Board approve the Minutes from the closed session meeting of the Board of Supervisors on June 9, 2014, the regular meeting of the Board of Supervisors on June 10, 2014 and the budget workshop of the Board of Supervisors on June 12, 2014.

Is there a reason the materials I'd entered into the public record on 6/10 for **Item #87 - CIP** were not included as an active link 14-0141 like all the others?

87. 14.0141 Community Development Agency, Long Range Planning, recommending the Board receive information and provide direction on the proposed 2014 Capital Improvement Program and Transportation Work Plan. (Cont. 5/20/14, Item 38)

FUNDING: Various Federal, State, Local and ACO Funding Sources (Federal Funds)

Public Comment: M. Lane, F. DuChamp, K. Payne, L. Parin

A motion was made by Supervisor Briggs, seconded by Supervisor Mkulaco, to Approve the following:

- 1) Approve additions and changes to West Slope Road/Bridge CIP projects for inclusion in the 2014 CIP, as described in Attachment 2B.
- 2) Direct staff to pursue Urban RSTP funding for the overlay projects in priority order as shown in Table 1. Upon receipt of grant funding, staff will add the projects to the 2014 CIP.
- 3) Add the El Dorado Trail – Missouri Flat Road Bike/Pedestrian Over/Under crossing to the 2014 CIP, upon receipt of CMAQ grant funding. If CMAQ funds are not received, staff will re-evaluate this project.
- 4) Conceptually approve the use of tribal funds, previously referred to as HOV lane funding, for road repair and maintenance in the amount of \$2,500,000 plus \$500,000 currently budgeted for a total of \$3,000,000 appropriated for each of the next three (3) fiscal years, ending in 2016/2017.
- 5) Direct staff to return on August 5, 2014 with a work plan.

Yes: 4 - Briggs, Sontago, Mkulaco and Veerkamp

Kim Kerr was supposed to get back to me last Tuesday regarding my question about the Mt. Murphy Road Bridge/Coloma Resort CPRAs. Who was responsible for compiling over 1,000 pages of mostly irrelevant materials in regard to this CIP?
