Re: Placerville Nursery Solar Energy and Greenhouse project.

Mr. Boom:

After meetings with your Planner Sue Rodman and some members of our Board, we understand the following:

1. The United States Forest Service (USFS) is placing the subject project on hold;
2. You will be accomplishing the energy conservation and upgrades; and
3. You will be looking at a portion of the property on the Northwesterly area of your parcel as an alternative and preferred site pending archeological review of that area.

Please notify this Board if you restart this project. We look forward to coordinating such work with you to best serve our mutual constituencies.

Respectfully,

John R. Knight, Chairman
Board of Supervisors
County of El Dorado
