I plan to attend the Workshop on implementing Measure E, scheduled for August 9 at 9:30. I would like your assurance that you, as our elected officials care enough about our VOTE, to honor it. Measure E was unanimously approved and anything short of your FULL SUPPORT renders my vote for you - NULL and VOID.

You cannot have it both ways. Please STOP fighting the citizens of El Dorado County; stop supporting those who would like to disrupt our community for their own greed. You are either with the Citizens, or the \$\$\$ Chamber of Commerce, who you SHOULD NOT BE SUPPORTING AT ALL.

I'm willing to recall and SUE this county for the disregard, I ask once again. Please HONOR your commitment to the VOTERS.

Dear Supervisors Mikulaco, Frentzen, Veerkamp, Ranalli, and Novasel,

Tomorrow, Tues. Aug. 9,, at a Special Workshop, staff will be presenting information to you and giving recommendations regarding the implementation of Measure E.

You will no doubt be pressured by Measure E's opponents to delay implementation, distort or misinterpret language, or otherwise nullify Measure E. Quite probably you're already being urged in that direction by people with whom you have professional, political, or social relationships. I'm writing to remind you that your duty is to uphold this voter approved mandate, whether you personally agree with it, or whether your friends and acquaintances agree with it or not.

The voters of the County have made it clear, over and over, that they do not want their streets and roads clogged with traffic generated by a rapid buildup of high density residential housing. Measure E is just the latest attempt to get this simple message across.

It's unfortunate that formulating balanced land use policy has become an adversarial process marked by lawsuits and grass roots initiatives. But the reality is that the over 50% of the voters who approved Measure E do not see county government as an honest broker. The perception is that the County values fast money over our lifestyle and landscape.

Please uphold and enforce Measure E as written. You will be doing the right thing, and taking a small step towards establishing some tiny measure of trust in county government among the voters.

Sincerely,
Mary Lou Giles
Cameron Park

Please implement the measure as it was intended and not as those looking to make a quick buck at our expense would have you.

I have voted in every major election since I was old enough to vote. I vote because I was taught that my vote counted. I was taught when a majority of voters prevailed in an election that the measure would become law. I was taught that people DIED so I could enjoy this precious freedom and responsibility. I take these facts seriously.

I voted for measure E and I EXPECT it to be implemented as quickly as possible and EXACTLY as it was intended. It is your responsibility to honor your vow to represent the PEOPLE and the people have spoken. Any changes or compromises in the implementation of Measure E will not be tolerated by the voters. In my view it would be a CRIMINAL offense.
