As history teaches us, if the people have little or no knowledge of the basics of government and their rights, those who wield governmental power inevitably wield it excessively. After all, a citizenry can only hold its government accountable if it knows when the government oversteps its bounds.

CA PUBLIC RECORDS ACT REQUEST

On August 24, 2017 the EDC Planning Commission held a public hearing to review the conditions and non-compliance of the Villa Florentina Special Use Permit, owned and operated by Adam Anderson, the Business Representative and 2017 chairman of the River Management Advisory Committee (RMAC). It was clearly established that Mr. Anderson did not reside onsite, or anywhere near the American River for that matter, thereby he failed to meet the requirements of his SUP and thus disqualifying him to serve as the Business Representative to RMAC. However the Planning Commission never publicly addressed the obvious consequences for lack of Anderson's compliance with his Villa Florentina SUP, or qualifications to serve on the River Management Advisory Committee as required by the River Management Plan (RMP).

Special Use Permits are a major component of the RMP, especially as they pertain to restrictions required of all business establishments located within the Quiet Zone of the S. Fork American River. Comments made by Roger Trout during the March 23rd Planning Commission hearing regarding the Villa Florentina SUP raised several red flags, particularly Mr. Trout's evident reluctance to respond to numerous requests for the written "3-strikes" SUP policy. A policy that doesn't exist cannot be enforced. Consequently Mr. Anderson still appears to be in business and serving as representative to RMAC as evident by the January 8, 2018 RMAC meeting agenda posted to Legistar.

Pursuant to my rights under the California Public Records Act (Government Code Section 6250 et seq.), I ask to be emailed substantiating documentation that the County of El Dorado took action to revoke the Villa Florentina SUP, and remove Adam Anderson as Business Representative to RMAC. Additionally I request to be emailed substantiating records of all noise complaints filed in 2017 against Villa Florentina.

If you determine that some but not all of the information is exempt from disclosure and that you intend to withhold it, I ask that you provide a signed notification citing the specific legal authorities upon whom you rely. To avoid unnecessary costs of duplication, electronic copies are acceptable and may be emailed directly to melody.lane@reagan.com. It is requested that your determination be made within **10 days** as stipulated within the California Public Records Act, **Government Code 6253(c)**. Should you have any questions, do not hesitate to contact me immediately.

Thank you for your compliance and timely response.

CA PUBLIC RECORDS ACT REQUEST

The law provides only minimum standards for ethical conduct. Because of the breadth of federal anticorruption law, public officials are warned to avoid any temptation to walk closely to the line that divides legal from illegal conduct under state law. Even though a course of action may be lawful under state law, it may not be lawful under federal law. The law also states that public officials cannot retaliate against those who whistle-blow.

American River Resort SUP #S91-06R states specifically:

#15. Campground activity noise levels during daytime hour (7:00 a.m. to 7:00 p.m.) are to be limited to a maximum of 60 dBA at the subject property's exterior property lines. **Campground noise levels during evening hours (7:00 p.m. to 10:00 p.m.) are to be limited to a maximum of 55 dBA at the subject property's exterior property lines.** Campground noise levels during night hours (10:00 p.m. to 7:00 a.m.) are to be limited to a maximum of 50 dBA at the subject property's exterior property lines. *All users of the campground facilities shall be advised of the above noise restrictions and signs shall be posted throughout the site warning users of said restrictions. Management shall strictly enforce these noise restrictions.*

#16. No amplified music, singing, radios, stereos, or other noise sources will be allowed on the site which exceed the required General Plan noise allowances. Quiet hours for the site shall be from 10:00 p.m. to 7:00 a.m. No amplified music, singing, radios, stereos, or other excessive noise shall be allowed during the quiet hours. *These quiet hours and noise restrictions shall be posted in highly visible locations throughout the resort and shall be provided to all guests and site users checking into the resort. Management shall strictly enforce these noise restrictions.*

#25. The campground shall have a maximum of ninety (90) open campsites, each with a maximum capacity of 4 persons (total capacity 36 persons). The two rafting company group areas shall be designated as group camping areas which each have a maximum capacity of 53 persons (total

capacity 106 persons). If the open campsites are not full, additional campers may be allowed in the group areas not to exceed the maximum campground capacity. The group campsites shall not be located within 100 feet of the western property line and the residential properties in the Coloma Heights Subdivision. *At no time shall the campground capacity exceed a total of **466 persons** on the site.*

River Management Plan - Element 4 – Monitoring and Reporting Programs

4.3 Public Comments/Complaints

4.3.1 Landowners, residents and river users will be provided with standardized comment/complaint forms. These forms will be distributed in annual landowner/resident informational mailings and made available at river-area kiosks. The forms will include checklists for comment/complaint type, occurrence date and time, location and descriptions of follow-up actions(s).

4.3.2 The County Department of General Services will continue to operate a telephone line and voicemail system dedicated to receiving comments and complaints related to river management issues. Reported traffic and trespass issues will be forwarded to the Sheriff's Department for action. The County Department of General Services is tasked with coordinating responses to calls and ensuring responses to all messages left on the dedicated answering machine.

4.3.3 Public comments/complaints will be distributed by the County Department of General Services to the County Planning Department (Planning Department) and Sheriff's Department. This information also will be tabulated in the County Parks data base, spatially recorded in the County GIS, and reported in the post-season report.

4.8 Noise Monitoring – The County will develop and implement a system for conducting noise monitoring and reporting for noise sensitive areas near project area campgrounds and at other sensitive locations along the river, with focus on areas within the Quiet Zone.

4.8.1 Observed or reported violations of Quiet Zone regulations or County noise standards *will be reported to the County Code Enforcement Officer or the Sheriff's Department*, as appropriate, within 2 working days of the occurrence.

4.8.2 More than two noise exceedance citations per year issued to SUP holders may result in a formal hearing considering the noise exceedances and the possible **imposition of fines and other disciplinary measures on violators.**

4.8.3 More than two noise exceedance citations in two consecutive years may result in a formal recommendation for limitation or revocation of an SUP to the County Code Enforcement Officer and Planning Director.

Pursuant to my rights under the California Public Records Act (Government Code Section 6250 et seq.), I ask to obtain the following:

1. Pdf copy of Case File #17-9059.
2. A blank pdf copy of the standard EDSO Citizen Arrest document containing the legal description, citizen responsibilities, and including **form identification number** (typically located at bottom of page.)
3. A pdf copy of the Citizen Arrest form corresponding to CF#17-9059 signed by Melody Lane, the signature(s) of American River Resort owner/manager Arnie Chandola reportedly served with the Citizen Arrest, and signature of responding Deputy Jill Jencks.

4. Completed, signed, and dated pdf copy of the TUP, and the identity of the individual who was responsible for authorizing the TUP for the October 7, 2017 event held at the American River Resort that was out of compliance with SUP #S91-06R, El Dorado County ordinances, and the **River Management Plan – Element 4 – Monitoring and Reporting Programs**.
5. Documentation verifying the headcount at the American River Resort for the event held the evening of October 7, 2017 as required by SUP #S91-06R, and reported to Planning & Development Director, Roger Trout, as required by the **River Management Plan - Element 4.8** above.
6. Documentation in pdf format of all citations, warning letters, and/or correspondence issued by Planning and/or the Sheriff's Office as per **Element 4** above relevant to the American River Resort from 2012 through date of this CPRA. If no documents exist, please so state and provide explanation for deviance from public policy/River Management Plan.

If you determine that some but not all of the information is exempt from disclosure and that you intend to withhold it, I ask that you provide a signed notification citing the specific legal authorities on whom you rely.

To avoid unnecessary costs of duplication, electronic copies are acceptable and may be emailed directly to melody.lane@reagan.com as a pdf file. It is requested that your determination be made within **10 days** as stipulated within the California Public Records Act, **Government Code 6253(c)**. Staff need not disrupt operations to allow immediate access, but a **decision on whether to grant access must be prompt** § 6253(a).

If you have any questions, please do not hesitate to contact me immediately.

Thank you for your prompt compliance and timely response.
