List all County boards, commissions or committees to which you are/were appointed. Please include dates of service. City of Santa Clara - Planning Commission - 06/2016 - 01/2018 El Dorado County - CEDAC - 09/2018 - 10/2021 Pioneer Community Energy - Community Programs Advisory Committee - 09/2021 - Present		
Summary of qualifications I have worked in real estate development since 2007 and have an advanced understanding of how these projects are created and managed through the land use planning process. Due to my work experience, I have a unique perspective that allows me to understand the business considerations and the practical application of real estate development projects. I also spent one year working for a city councilmember in San Jose and focused on land use and how to help developers navigate through the building and planning departments. I served on the Planning Commission in Santa Clara which is direct and relevant experience, I am able to provide referrals from other former Planning Commissioners along with the former Director of Planning during my time there. These referrals also appear in my LinkedIn profile if you would like to read them. Finally, I have a lot of relevant education including a Masters in Real Estate Development, a certificate in Construction Project Management, and am nearly done with an intensive certificate land use planning program at UC Davis.		
Affiliations with professional and/or community groups At one time I was involved with the EDH Advisory Planning Committee. Once I was placed on CEDAC I focused my energy there. Once I moved from CEDAC to Pioneer Community Energy, I have focused my energy there.		
Why do you seek appointment? Without knowing who else is applying, I think it is likely one of, if not the most qualified candidate for this position. I want to contribute my nearly two decades of relevant work experience to help create the best possible future for the county I have called home for the past five years.
