THIS AGREEMENT, made and entered into by and between the County of El Dorado, a political subdivision of the State of California (hereinafter referred to as "County"), and The Gordian Group, Inc., a Georgia Corporation doing business as The Mellon Group, duly qualified to conduct business in the State of California, whose principal place of business is 140 Bridges Road, Suite E, Mauldin, South Carolina 29662 (hereinafter referred to as "Consultant");

RECITALS

WHEREAS, County has determined that it is necessary to obtain a Consultant to provide services and software to implement a Job Order Contracting (JOC) program;

WHEREAS, Consultant has represented to County that it has the necessary skills and expertise required to perform the services required hereunder ("Services"), and County has determined to rely upon such representations;

WHEREAS, it is the intent of the parties hereto that such services be in conformity with all applicable state and local laws;

WHEREAS, County has determined that the provision of these services provided by Consultant is in the public's best interest, and that these services are more economically and feasibly performed by outside independent Consultants as well as authorized by El Dorado County Charter, Section 210 (b) (6) and/or Government Code 31000;

NOW, THEREFORE, County and Consultant mutually agree as follows:

ARTICLE I

Scope of Services: Consultant shall provide all labor, material, equipment, products and services necessary to set up and implement a Job Order Contracting (JOC) program for County as described below:

- A. JOC System License. Consultant shall provide County with a license to use Consultant's proprietary JOC System as outlined in Article VI, "JOC System License."
- B. Unit Price Book. Consultant shall prepare one or more customized unit price books, known as a Construction Task Catalog[®], containing prices covering material, equipment and labor costs for various units of construction, and adjusting these costs to current market conditions. County will have access to Consultant's pre-existing Construction Cost Database in order to select the construction tasks that will be included in the County's Construction Task Catalog. Only local prevailing wages and local material and equipment costs (obtained directly from local subcontractors and suppliers) to price the Construction Task Catalog shall be used. The use of generic factors to localize prices is not acceptable. Unit prices for demolition shall be provided for each construction task. Every cost to install an item or unit shall be accompanied by a corresponding cost to remove the same item or unit. Tasks may have several modifiers which adjust the price for variations in materials or for quantity discounts.
- C. Technical Specifications. Consultant shall prepare and publish Technical Specifications describing the materials, performance and installation requirements for each of the construction tasks list in the Construction Task Catalog. Where available, County standard specifications shall be incorporated into the Technical Specifications.
- D. Contractual Terms and Conditions and Bid Forms. Consultant shall prepare, in conjunction with County staff, general terms and conditions and bid forms which incorporate JOC language and forms with all appropriate County contract language and forms.
- E. Information Management System. Consultant shall provide County with unlimited access to eGordian[®] JOC information management application ("IMS") for an unlimited number of County and JOC contractor users. The IMS must be capable of providing full project tracking, developing cost proposals, preparing independent County estimates, generating all project documentation, providing project scheduling, budgeting and cost control, tracking LBE participation, and generating customized reports for the County. Consultant must incorporate current County forms and documentation into the IMS.
- F. Procurement Support: Consultant shall provide County with procurement support to market the County JOC Program to potential JOC contractors.

Consultant shall organize and conduct pre-bid meetings with interested bidders and make presentations on behalf of the County, with various business and contracting organizations. Consultant's personnel assigned to perform procurement support must have extensive JOC procurement experience.

- G. Training Program. Consultant shall develop and conduct all training programs for County and JOC contractor to ensure the JOC program functions properly. The training programs must include specialized training courses that will involve all parties utilizing and administering the JOC program. The training programs must include extensive training on the use of the JOC IMS. All training shall be "hands on" with functional use and individual performance as the objective. Actual County projects that the County plans to perform through JOC must be included in the training programs.
- H. JOC Program Development. Consultant shall provide development, implementation, and on-going support of the County JOC program, including development of the execution procedures that will be used to operate the County JOC program and participating in informational meetings with representatives from building trade councils, local unions and the construction community during the development of the Construction Task Catalog and proposal documents.
- I. On-Going 24/7 Technical Support. Consultant shall provide ongoing 24/7 technical support, including, but not limited to, assisting the County with JOC program execution, analysis of task order proposals, troubleshooting and continuous system monitoring, updated contract documents, assistance with the procurement of additional JOC contractors, providing County with access to all updates and revisions to the IMS, and providing training for new County staff and JOC contractors. Providing on-going technical support is considered a vital component to ensuring a successful County JOC program.
- J. JOC Solution Level of Service Options. County, at its sole discretion, may choose from the two levels of services available, as described below.

1. JOC Complete Solution®

The JOC Complete Solution includes all of the products and services necessary to implement a successful JOC program described in Article I.A through I.J above and includes Project Managers provided by Consultant to assist with developing Job Orders from project identification to issuance of the Job Order.

A detailed list of the tasks Consultant shall perform to develop Job Orders is as follows:

- **Project Identification** – When a project is identified, a Consultant Project Manager will assist County staff with determining whether the project is appropriate for JOC.
- **Contractor Identification** – In the event there are multiple JOC contractors assigned to the area where the work will be performed, Consultant will assist the County in identifying the appropriate contractor for the project based on the type of work involved and the current workload of the contractor. In addition, Consultant will monitor the performance of each JOC contractor within the JOC program.
- **Joint Scope Meeting** – A Consultant Project Manager will quickly schedule a Joint Scope Meeting at the project site to help the County and the JOC contractor agree on the details of the work that the JOC contractor will perform. The scoping process allows the JOC contractor to inspect the site and ask questions before submitting a Price Proposal.
- **Develop Detailed Scope of Work** – Next Consultant will assist in preparing a Detailed Scope of Work that describes the work the JOC contractor will perform. Consultant will also assist with resolving issues when project plans and actual conditions vary.
- **Request for Price Proposal** – After all parties are in agreement that the Detailed Scope of Work properly reflects the work to be performed, the Consultant Project Manager will send the Detailed Scope of Work and a Request for Proposal to the JOC contractor.
- **Preparation of Price Proposal** – Next, the JOC contractor prepares and submits a Price Proposal by selecting the appropriate tasks from the Construction Task Catalog. Consultant's JOC software will automatically multiply the unit price of the task by the required quantities times the JOC contractor's competitively bid adjustment factor.
- **Price Proposal Review** – Then, a Consultant Project Manager will review the Price Proposal to make sure the JOC contractor has selected the appropriate tasks and quantities and will ask the JOC contractor to make any required changes. Consultant shall also obtain and review any County required information submitted by the JOC contractor such as a construction schedule and list of proposed subcontractors. Then, the Consultant Project Manager will submit the Price Proposal and related documents to the County.
- **Issue Job Order** – Once the County is 100% satisfied with the Price Proposal and related documents, and decides to move forward with the project, the County will be responsible for the issuance of a purchase order to the selected JOC contractor.

2. JOC Complete Solution Plus™

This option provides support from Job Order issuance all the way through to project completion. Consultant's JOC Complete Solution Plus services will provide on-site project and construction management experts, using proven methods, to carry out day-to-day JOC operations and relieve the County's project workload burden. Consultant's JOC Complete Solution Plus option includes all of the products and services that Consultant provides for the JOC Complete Solution described above, plus Consultant's Project Managers will perform the construction management services described below:

Consultant's Construction Management Services include all the tasks necessary to oversee the construction from Job Order issuance to completion of the punch list and project closeout. A detailed list of Consultant's standard construction management services, which Consultant will modify as necessary to meet the needs of the County, is as follows:

- **Preconstruction** – Conduct a pre-construction meeting with the County representative(s), the JOC contractor and, if applicable, the architect or engineer. Coordinate and share any preconstruction information with the County, the JOC contractor and other appropriate parties. Assist in the coordination of the JOC contractor obtaining the necessary permits.
- **Site Visit** – Monitor the JOC contractor's work in-progress. Manage the JOC contractor's compliance with the approved safety plan. Complete a report for each site visit.
- **Communicate** – Provide weekly construction status reports to the County. Conduct project progress meetings with all JOC contractors and staff on a periodic basis. Coordinate any required technical and code inspections.
- **Supplemental Job Orders** – Analyze and process any changes to the work due to unforeseen conditions or the County requested changes to the scope after the work has begun.
- **Approvals** – Review and approve, or direct necessary revisions to, the JOC contractor's applications for payment. Obtain the County's approval of the work. Final acceptance of the work will be the responsibility of the County. Technical and code inspections will be the responsibility of the appropriate inspection agencies.
- **Project Close-Out** – Enter all Job Order related information into the eGordian information management system. Collect any required as-builts, warranties, etc., from the JOC contractor.

Additional Services: County may, from time to time, request changes in the Services to be performed by Consultant (“Additional Services”). No such change, including any increase or decrease in the compensation amount, which shall be mutually agreed upon by County and Consultant, shall be effective and enforceable until and unless a written amendment to this Agreement has been authorized and executed by the parties and attached hereto and approved as required by law.

ARTICLE II

Term: This Agreement shall become effective upon final execution and shall expire five (5) years from the date thereof.

ARTICLE III

The monthly

payments will be calculated as 5.95% of the amount invoiced to the County by the JOC contractor during the project.

The total amount of this Agreement shall not exceed \$500,000.00 ("Maximum Compensation"), inclusive of all expenses.

Itemized invoices shall follow the format specified by County and shall reference this Agreement number and the Job Order number on their faces. Copies of documentation attached to invoices shall reflect Consultant's charges for the specific services billed on those invoices. Invoices shall be mailed to County at the following address:

County of El Dorado
Chief Administrative Office
Facilities Division
3000 Fairlane Court, Suite One
Placerville, California 95667

or to such other location as County directs.

In the event that Consultant fails to deliver the documents or other deliverables required by the individual Work Orders issued pursuant to this Agreement, County at its sole option may delay the monthly payment for the period of time of the delay, cease all payments until such time as the deliverables are received, or proceed as set forth herein below in Article XI, Default, Termination, and Cancellation.

ARTICLE IV

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

ARTICLE V

Consultant to County: It is understood that the Services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further agreed that in all matters pertaining to this Agreement, Consultant shall act as Consultant only to County and shall not act as Consultant to any other individual or entity affected by this Agreement nor provide information in any manner to any party outside of this Agreement that would conflict with Consultant's responsibilities to County during the term hereof.

ARTICLE VI

JOC System License: Consultant hereby grants to County, and County hereby accepts from Consultant for the term of this Agreement, a non-exclusive right, privilege and license to Consultant's Job Order Contracting System and other related proprietary

materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of operating the County's Job Order Contracting program. The parties hereby agree that Proprietary Information shall include, but is not limited to, eGordian[®] applications and support documentation, Construction Task Catalog[®] (also commonly referred to as a unit price book), training materials and other proprietary materials provided by Consultant. In the event this Agreement expires or terminates as provided herein, this JOC System License shall terminate and County shall return to Consultant all Proprietary Information in County's possession.

County acknowledges that disclosure of Proprietary Information will result in irreparable harm to Consultant for which monetary damages would be an inadequate remedy and agrees that no such disclosure shall be made to anyone without first receiving the written consent of Consultant. County further acknowledges and agrees to respect the copyrights, registrations, trade secrets and other proprietary rights of Consultant in the Proprietary Information during and after the term of this Agreement and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to County, subject to federal and state laws related to public records disclosure.

Upon expiration or termination of this Agreement as provided herein, Consultant shall provide to County all project data generated by County in a form accessible by a standard database program, such as Microsoft[®] Access[®].

Consultant agrees to grant a license to each contractor that is awarded a JOC contract by County, provided the JOC contractor agrees to pay Consultant's contractor license fee in effect when County awards the contract, and provided County includes licensing language in the JOC contract similar in form to this JOC System License.

In the event of a conflict in terms and conditions between this JOC System License and any other terms and conditions of this Agreement or any purchase order or similar purchasing document issued by County, this JOC System License shall take precedence.

ARTICLE VII

Confidentiality: Consultant shall maintain the confidentiality and privileged nature of all records, including billing records, together with any knowledge therein acquired, in accordance with all applicable state and federal laws and regulations, as they may now exist or may hereafter be amended or changed. Consultant, and all Consultant's staff, employees, and representatives, shall not use or disclose, directly or indirectly at any time, any said confidential information, other than to County's Chief Administrative Office, Facilities Division for the purpose of, and in the performance of, this Agreement. This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE VIII

Assignment and Delegation: Consultant is engaged by County for its unique qualifications and skills as well as those of its personnel. Consultant shall not subcontract, delegate or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE IX

Independent Consultant/Liability: Consultant is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Consultant exclusively assumes responsibility for acts of its employees, associates, and subconsultants, if any are authorized herein, as they relate to services to be provided under this Agreement during the course and scope of their employment.

Consultant shall be responsible for performing the work under this Agreement in a safe, professional, skillful, and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Consultant or its employees.

ARTICLE X

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder. In the event of such cancellation, County will pay Consultant for the services rendered and accepted by the County prior to termination. Compensation will be in the amount specified for that item of service or expense as set forth in Article III.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this

paragraph in the sole discretion of County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XI

Audit by California State Auditor: Consultant acknowledges that if total compensation under this agreement is greater than \$10,000.00, this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to California Government Code §8546.7. In order to facilitate these potential examinations and audits, Consultant shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the contract, all books, records and documentation necessary to demonstrate performance under the Agreement.

ARTICLE XII

Default, Termination, and Cancellation:

- A. **Default:** Upon the occurrence of any default of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (Time to Cure), then such party shall be in default. The Time to Cure may be extended at the discretion of the party giving notice. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the Time to Cure has expired.

- B. **Bankruptcy:** This Agreement, at the option of County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Consultant.
- C. **Ceasing Performance:** County may terminate this Agreement in the event Consultant ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. **Termination or Cancellation without Cause:** County may terminate this Agreement in whole or in part upon seven (7) calendar days' written notice by County for any reason. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates, as set forth in the

Notice of Termination provided to Consultant, and for such other services which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the contract. Upon receipt of a Notice of Termination, Consultant shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means. In the event of termination or cancellation, County will pay Consultant for the services rendered and accepted by the County prior to the termination or cancellation. Compensation will be in the amount specified for that item of service or expense as set forth in Article III

ARTICLE XIII

Said notice shall become part of this Agreement upon acknowledgment in writing by the County Contract Administrator,

ARTICLE XV

Indemnity: To the fullest extent allowed by law, Consultant shall defend, indemnify, and hold County harmless against and from any and all claims, suits, losses, damages, and liability for damages of every name, kind and description, including attorney's fees and costs incurred, brought for, or on account of, injuries to or death of any person, including but not limited to workers, Licensee employees, and the public, or damage to property, or any economic losses, which are claimed to or in any way arise out of, directly or indirectly, or are connected with: (1) any negligent (whether passive or active) act, error or omission; or willful misconduct of Consultant, its subcontractor(s) agents or employee(s) or any of these; or (2) any breach of any statutory, regulatory, contractual or legal duty of any kind related, directly or indirectly, to the services, responsibilities or duties required of Consultant by this Agreement. In the event said insurance coverage expires at any time or times during the term of this contract, Consultant shall immediately provide a new certificate of insurance as evidence of the required insurance coverage. In the event Consultant fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this contract upon the occurrence of such event.
