Why do you seek appointment?	I am seeking reappointment to the council because my experiences working with resource families, which includes many grandparents and relatives who are taking care of young children, gives me a unique perspective on the child care and education needs in our community. I also enjoy the opportunity to connect with others who are providing programs and services for families as it informs my ability to help the families I work with.

Additional Information	As a longtime resident, I have a passion for advocating for and supporting families in our community.
