She is a Board member of Trails Now, a community group formed to advocate, develop and maintain the El Dorado Trail in El Dorado County California. She is an equestrian docent for the Deer Creek Preserve in Sacramento County and a volunteer for the El Dorado National Forest. She is also a member of the California and Nevada Divisions of the National Pony Express Association and participates in the reride from Sacramento to St Joseph, Missouri each year. 10. Other Remarks:
The intersection of trails with other transportation corridors, and good trail access points are matters of particular interest to me. For transportation use, a trail needs to provide good connections with adjoining neighborhoods. For recreational use appropriate vehicle access and parking is important, especially for equestrians with horse trailers. In all cases, we need safe ways to cross intersecting roads.
